## Superintendent's Message

Janet Sifferman, Superintendent

Some true "winter weather" made the start of 2014 interesting, but hopefully spring is around the corner. The district is in full swing, planning for the 2014/2015 school year. There are a couple of important dates and activities that are happening soon.

Kindergarten Round-up for the 2014/2015 school year is scheduled for March 4 and 5 from 5:30 to 8:00 p.m. at the Hartland Educational Support Services Center. Please refer to the announcement in this issue for further details. Scheduling for Hartland High School students begins this month and you may contact Hartland Middle School (for incoming freshman) or Hartland High School if you have specific questions regarding this process.

I also wanted to remind everyone of changes to the regular school election laws. Residents of Hartland Schools now elect Board of Education members during the even-year November general election. However the district will continue to run its annual 18-mill Non-Homestead Millage election in May to ensure the district continues to receive its full distribution of state aid for the coming year. More information will be forthcoming on this ballot proposal over the next couple of months. As always, Hartland Consolidated Schools is extremely fortunate to have fantastic support from our parents and the community. Thank you!

## Person of the Month

Christopher Anderson

I have been teaching in Hartland for the past 15 years. My road to Hartland began at Central Michigan University and I did my graduate work at Wayne State University. Prior to going to CMU, I served four years in the US Navy. It was in the Navy where my education first began. During those four years I survived two tours in the Persian Gulf, deadly hurricanes, visiting third world countries, and the 1989 San Francisco earthquake. Those experiences really got me to think about what I wanted to do with my life and how I felt it would be important to choose a career that involved working with children, and hopefully making a difference in some of their lives.

I have been married to my wife, Michele, for 22 years. I still tell her today that marrying her was the smartest thing I ever did. We have two wonderful children. My oldest daughter Sherry, 13, is an excellent student, a member of National Junior Honor Society, and plays the coronet in band. She is also involved in competition dance and plays the piano. Cece is 10 years old. She is also great student and loves to spend time at the dance studio and takes piano lessons. I am very proud of both of them!

## Person of the Month

*continued from page 1*

My Hartland teaching career started at Round Elementary School where I taught for three years. I have spent the past 12 years at Farms Intermediate School. I have been involved with Community Education for almost as long as I have taught in Hartland. I have taught summer programs and after-school programs. Subjects and activities include many different math programs, flag football, basketball, and after-school Stock Market Clubs. My involvement in after-school Stock Market Clubs led to my role as a Stock Market Game Coordinator for the Securities Industry Financial Markets Association (SIFMA). Through online workshops I register, teach, and support over five hundred teachers each year in Michigan, Iowa and West Virginia.

I have lots of memorable moments, but one of my favorites takes me back to my first year of teaching. About four or five weeks into the school year, I was giving one of those inspirational talks to my third graders. Their eyes were all glued on me and they were focused on every word. These kids were getting it, I thought to myself! Jack, who sat in the front row, raised his hand with such purpose. He obviously wanted to share with us how inspired he was or maybe he had a great life experience to add to my important life lesson. Eager to hear what he had to say, I called on him. All eyes turned toward Jack. With such command he said, "Mr. Anderson, can we please get back to the math lesson?"

I am still in Hartland for many reasons. Most importantly, it is because of the wonderful students at Farms. Each morning when all of the 6th graders walk through the hallways and go to their homerooms, I try to greet as many of them as I can. I continue that spirit when I walk into my classroom. It is guaranteed that at the end of the day at least a half-dozen or so will make me laugh. My students make it easy for me to want to come to school each and every day.

Hartland is a great place to teach. It begins with the community, which I think is a special place. They support our schools, which is evident with each and every bond that is passed to support our district. We have some awesome parents who answer the bell every time I need something for the classroom. I have met some great families in Hartland and I appreciate having the opportunity to be their children's teacher.

## Principal's Corner

**Ben Mainka, Hartland High School Principal**

It is hard to believe that we are already into our second semester already! Wow, does time fly. I wanted to make sure that everyone is aware that on February 4 at 6:30 p.m. in the HHS Auditorium, we will be hosting the Second Annual State of the School Address. The class officers and I will present on a variety of topics and updating parents and community members about our school progress and plans. In addition, there will be a time to ask questions and participate with me in the forum. Last year, this was a very-well attended event and we hope to see parents, students, and community members participate again this year.

Also, on February 15, HHS will hold their annual Winterfest Dance here. We encourage parents to talk with their students about making good decisions around the dance time. This includes what they do before the dance, how they act during the dance, and what they do after the dance. We want this to be a safe and positive dance for everyone involved.

Lastly, on Friday, February 21 and Monday, February 24, we will be having our Mid-Winter break and there will be no school for students. I hope all of you have a great rest of your winter and if you ever have any questions or comments, please call me at 810.626.2200. Thank you!

**Retirement:** Hartland High School would like to wish Sharon Howard a wonderful retirement. Sharon has worked at the high school for over ten years. Thank you Sharon for all of your assistance at the high school especially in the media center.

**Candy Cane Challenge:** The much anticipated Candy Cane Challenge that was canceled due to a snow day will be rescheduled. Students please listen to future announcements regarding this activity.

**MME and ACT:** All 11th grade students will be participating in the spring MME/ACT. Students will register for the test on February 18 during school hours. The test will be held on March 4-6. This test is a requirement for graduation. It is also an opportunity for students to take an ACT test at no charge to them. Please visit the school website at the end of the month for the schedule on testing days.

## Holiday Hallway Decorating

During the last week of school before winter break, the high school participated in Holiday Spirit Week. Monday students dressed in holiday pajamas, Tuesday was Ugly Holiday Sweater day, Wednesday was Winter Accessory Day and Thursday was Green, Red and White day. Each hallway in the building also participated in a hallway-decorating contest. Congratulations to the 3rd floor north classrooms for winning the competition.

## Round Elementary News

Dave Minsker, Principal

# 810.626.2800

With Round Elementary running full speed into the second half of the school year, we revisit the holiday season. Thank you to the Round School staff and family for donating time and money to help families less fortunate over the holiday season. The entire Hartland District always does a nice job helping our community and Round School certainly did our part. Round Elementary School makes a great effort to show our young people the importance of giving, not only during the holidays, but as a way of life. Needless to say, the holiday season was a special time at Round this year.

Highlighted pictures features a holiday event and reading incentive for our 4th grade students. The 4th grade classes participated in building graham cracker houses to celebrate the holidays. Holiday songs could be heard throughout the building as students worked on building the candy house of their dreams! Also, both Mr. Kromer's and Mrs. Spencer's classes participated in a reading competition. The winning students were able to put a pie in the face of the other 4th grade teacher! Reading is a primary focus at Round and fun events like this makes it fun for our students. Round Elementary School would like to wish everyone a successful and safe 2014!!

The staff and students at LEGACY HS celebrated much academic success and other various accomplishments at the recent Honors Assembly. Organized by Ms. Schaefer and all of the teachers, students were presented with certificates for high achievement in several areas; including, grade point average, attendance, sports participation, green school participation, leadership team, etc.

We are very proud of the positive progress our students make each day at LEGACY HS. The staff is amazing and second to none in terms of support and care for their students. LEGACY HS and HVA are both amazing schools within the Hartland Consolidated School District.

## News from Hartland Township

### GETTING TO KNOW THE TOWNSHIP: JOE COLAIANNE

When Township Trustee Joe Colaianne first moved to Hartland in 1998 with his wife Mary Kay and their two sons, the landscape of the Township was much different -- but one thing has not changed.

“The best and most distinctive quality of the Hartland community is the people – a community value that has only grown in the 16 years that my family has lived here,” says Colaianne.

Colaianne decided to run for the Township Board because he believed that, as an attorney with extensive experience in local government and municipal law, he could assist the community and its residents strategically manage the extraordinary growth that was happening.

“Our schools and community are the best in Livingston County, which attracts growth and development,” says Colaianne. “The challenge is to continue managing this growth and development with the values of our community at the forefront.”

### UNDERSTANDING YOUR ASSESSMENT: A QUICK GUIDE TO ASSESSING TERMS

**True Cash Value (aka Market Value)** – The value of the property as determined by the assessor.

**Assessed Value** - 50 percent of the True Cash Value/ Market Value.

**State Equalized Value** - The final value calculated by multiplying the Assessed Value by the equalization factor, if warranted. This is typically the same as the Assessed Value.

**Capped Value** - The prior year's Taxable Value minus any losses (demolition of a structure, etc.) multiplied by the Consumer Price Index (CPI) for the current year, plus any additions (new construction, etc.).

**Taxable Value** - The value on which property taxes will be computed. This will be the Assessed Value or Capped Value, whichever is less.

### When is the Right Time to Place a Loved One Suffering from Alzheimer's Disease in a Nursing Facility

There is no right or wrong answer to this question. However, there are times when it would be more appropriate to explore nursing home placement for your loved one who has Alzheimer's disease.

We know of a case where both the husband and wife suffered from Alzheimer's disease. They lived out of state, and their children were scattered around the country so none of them could assist with their parents' care. During the early stages, they lived together in an assisted living facility, the wife's disease progressing more quickly than the husband's. As the wife's Alzheimer's progressed, she started wandering out of the facility and through the streets of town. The children got calls at all hours of the day and night, and felt

helpless as they were hundreds of miles away. Eventually the children had to make the difficult decision to place their mother in a skilled nursing facility. It was a hard decision, and even more difficult for the father as he remained in the assisted living facility. Often a spouse, as a caregiver for their partner, is able to hide the reality that he or she has Alzheimer's disease.

If you fear that your loved one may have Alzheimer's disease, you need to remember that detection, treatment, and stimulation are vital tools to prolonging your loved one's memory. Isolation and depression are common effects of someone who has symptoms of Alzheimer's disease. Some of the easiest and most important things you can do to help a loved one with this disease involve stimulating your loved one's memory.

This could include having them join a senior center to participate in their daily activities, moving them to an elderly apartment complex that provides daily activities, engage them in puzzles and other mind teasers, and reading the newspaper.

The single most important asset for an individual who has been diagnosed with Alzheimer's disease is his or her primary care-giver. This person will provide a broad array of support, based on the amount of care his or her loved one requires.

There are times that we see the personal struggle of the caregivers, and we feel it is time to discuss the possibility of placement in a nursing facility. Now, don't get me wrong, our goal is for each and every individual to be able to remain in his or her home;

however there is a point when it would be more beneficial for the individual suffering from Alzheimer's disease, as well as the caregiver, to make the move into a nursing facility. We understand how difficult it is for children to get the phone calls about their parents and realizing that it was time for a higher level of care to provide a safe environment. As the disease progresses, the caregiver's health becomes a critical concern. What would happen if the care-giver were no longer able to help care for his or her loved one? Would someone else be able to step into the same role and provide the care? Is he or she safe to remain in the home? After careful consideration of these issues, this may be the time it is necessary to consider nursing facility placement for your loved one.

## Homework Battles and Reading Difficulties Resolved— Thanks to Vision Therapy!

"Shelby's entire 1st & 2nd grade was spent struggling to read and she had a terrible time spelling. I spent the entire two years asking if there was something wrong, as a mother I knew there was..."

After receiving her test scores at the end of second grade the proof was in the very low performance scores. Although Shelby could read at grade level because we worked so hard at it, it was very frustrating and unenjoyable for her and her reading scores reflected that.

A friend recommended Hartland Eye Care because of the specialization in vision problems that can contribute to learning difficulties. It turns out that Shelby had an eye movement problem (also known as a tracking problem). Everything about the tracking issue fit Shelby to a "T". She would fight me on doing homework, couldn't spell very well, never wanted anything to do with the computer etc.

After the initial meeting Shelby started the vision therapy. After completing vision therapy, she was retested in January and her reading went from below average to high average. Her spelling has improved dramatically and she loves the computer!"

## Serving the Hartland Community for 20 years...

In addition to providing family vision care, Dr. Doud has been diagnosing and treating vision problems that interfere with reading and learning for more than 11 years. Dr. Doud has treated hundreds of patients from the Hartland and surrounding communities from all over South East Michigan.

"It is very rewarding to see children excel who previously struggled because of underlying vision problems," shares Dr. Doud. Most people don't realize that seeing 20/20 is just one of 17 visual skills required for academic success. All 20/20 means is that you can see the size of letter you are supposed to see from 20 feet. If your child continues to struggle with reading despite all best attempts to help, a vision problem could be at the root of his or her difficulties.

Our Blue and Gold Banquet is slated for February, where we will say goodbye to 13 boys, as they cross over to Boy Scouts. We are looking forward to Spring camping and Summer camping, and a host of other activities. If interested in joining Pack 385, contact Eric Fedewa with any questions (810.225.4805).

## Adult Open Swim at the Pool

As the weather gets colder and we spend less time outside, many adults don't get the activity their bodies need. Adult Open Swim at the Hartland Pool is an inexpensive and enjoyable way to stay active.

On Monday thru Friday from 8:30-10:30am, the pool is limited to adults who swim in the lap pool or walk against the current channel in the 86-degree leisure pool. The walk-in cost is \$3.25 for seniors, and \$3.75 for adults, and the purchase of a card of membership gets the cost lower still.

Moving in the water is easy on your joints, and a soothing soak in the hot tub is a great way to meet your exercise goals and meet other folks. Doctors are increasingly recognizing the many benefits of immersing your body in water.

For those who want more programmed exercise, there are a variety of instructor-led exercise classes available. For more information please call 810.626.2279 or log onto hartlandschools.us and follow the link to the aquatic center.
