Did You Know That The Following Laws Have Been Adopted by the State of Michigan?

On December 21, 2018, Governor Snyder signed laws to create a state Office of School Safety that requires schools develop emergency operations plans and conduct safety assessments with local law enforcement. Note: Hartland Schools currently has emergency operation plans in place, conducts safety assessments regularly and is part of a School Safety Committee at the county level.

On December 27, 2018, Governor Rick Snyder signed a law making cyber bullying a crime. This means that those individuals who feel that they can bully others using a computer, tablet, smart phone, etc. will face stiffer penalties.

February 2019 Person of the Month: Christine Rutkowski

I have been a teacher in Hartland for 20 years. I teach 8th grade Social Studies at Ore Creek. I have a Bachelor of Science in English and History from Eastern Michigan University and a Master's Degree in Teaching from Marygrove College.

I live in Brighton and have two children. My daughter, Mary, is studying to become a teacher; my son, Jim, works for the Japanese consulate office in Detroit. I chair the school improvement committee, am a member of the Instructional Consultation Intervention Team and am involved in facilitating Classroom Assessment for Student Learning (CASL) work in the building.

My most memorable moments at HCS are when I was Teacher of the Year in 2008–2009. I was extremely humbled by the honor and the support I received from my colleagues. Also, several years ago as part of a project, a group of students in one of my classes created a skit to reenact a Civil War battle. As middle school students, they did not have access to actual Civil War clothing and weaponry but they made do, bounding into the room with broomsticks for muskets and colanders on their heads. It was the most entertaining reenactment I have ever watched.

I continue to have a passion for what I do. I love teaching history, but I also love being able to help my students make connections between the events of the past and what is going on in the world today. While many things have changed over the years, what hasn't changed is the sense of curiosity and creativity our students have. On a daily basis they make me laugh, think and challenge me to be the best teacher I can be.

I work with a building full of talented, committed and passionate people who always try to do what is best for the students. There is a high level of collaboration and support among the staff. If you ask for help with your curriculum, with a particular student, or even with a simple technology issue, by the end of the day you will have five people at your classroom door willing to give you a hand.

The sense of community in Hartland is very strong. We celebrate together during the joyful times, and pull together and offer support during the difficult times. This can be in the simplicity of kind words of encouragement, congratulations, in sympathy, or in large undertakings that provide resources or money for people who are in need. It is all done with sincerity and a true sense of generosity and thankfulness.

Driving Hartland's Future

Whether you're just beginning your career, looking to supplement your income, wanting to build lasting relationships in the community, or just enjoy working with children, becoming a Hartland driver is the perfect opportunity to join our award-winning district.

Mr. Mundt, a 3rd year driver: "Having worked and traveled the world my entire adult life was a wonderful experience I wouldn't trade with anyone. However as a school bus driver, driving 5th and 6th graders, I have a whole new appreciation for life through the eyes of young people. They are so fresh in the morning and the energy they bring with them into the day will keep me young for as long as I drive. The relationships I've made over my adult career will take a backseat to the relationships I have made with my 5th and 6th graders over the past 3 years. These young people are so precious and are the beautiful future of America."

Mr. Ganzak, an 11 year driver: "What I enjoy the most about driving a bus is getting to know the children and their parents over the years, watching each child grow and making relationships with them. My favorite is when I see kids I haven't driven in a few years and they remember me and say, "Mr. G., you were my favorite bus driver ever, or I wish you were still my bus driver." It really means a lot. I also like working a split shift, it allows me to get errands done in the middle of the day. It really is an enjoyable job."

You will receive comprehensive hands-on training at a pace that fits your schedule. You will work with an office staff second to none. They have over 50 combined years of driving, student management and administrative experience. You will also be supported by a team of top-notch mechanics that have access to state-of-the-art equipment. Driving a school bus and managing students is not as challenging as you may think. You choose your own hours that work around your busy schedule; this flexibility allows you to work as much or as little as you choose.

Ms. Brown, a 6 year driver: "I have to say it's one of the most rewarding jobs I've had. I love to greet the students in the morning with a smile, and find out how their day was in the afternoon. This year I drive a bus with a wheelchair lift, and it's been so rewarding to gain a better understanding of these student's needs."

The bond between the drivers is strong because they share the same passion. Their longevity is proof Hartland is an enjoyable and rewarding place to work. Come join our team to brighten a child's day and give back to our community. Our staff is waiting to hear from you. Please call us at 810-626-2175.

High School News

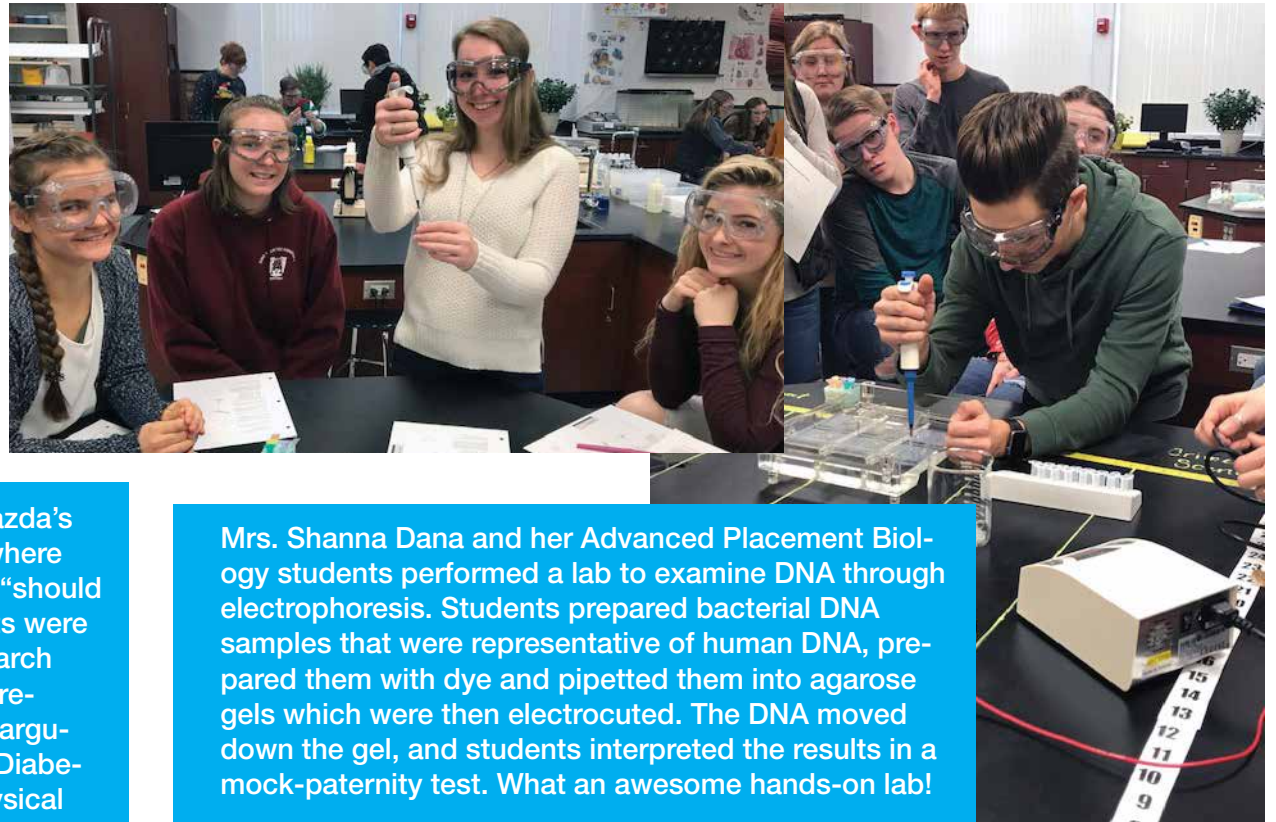

Kate Gregory, Principal

@hartlandhigh

Junior government students in Mrs. Barbara Gazda's classes set up a mock Congressional hearing where students played different roles in the argument "should French fries be sold at Hartland High?" Students were assigned roles, which required them to do research about French fries, potatoes and nutrition requirements. The student-based Congress heard the arguments from Idaho potato farmers, the Juvenile Diabetes Foundation, the Presidential Council on Physical Fitness and the US Department of Agriculture. The activity was great to show students how Congressional hearings happen in the US government!

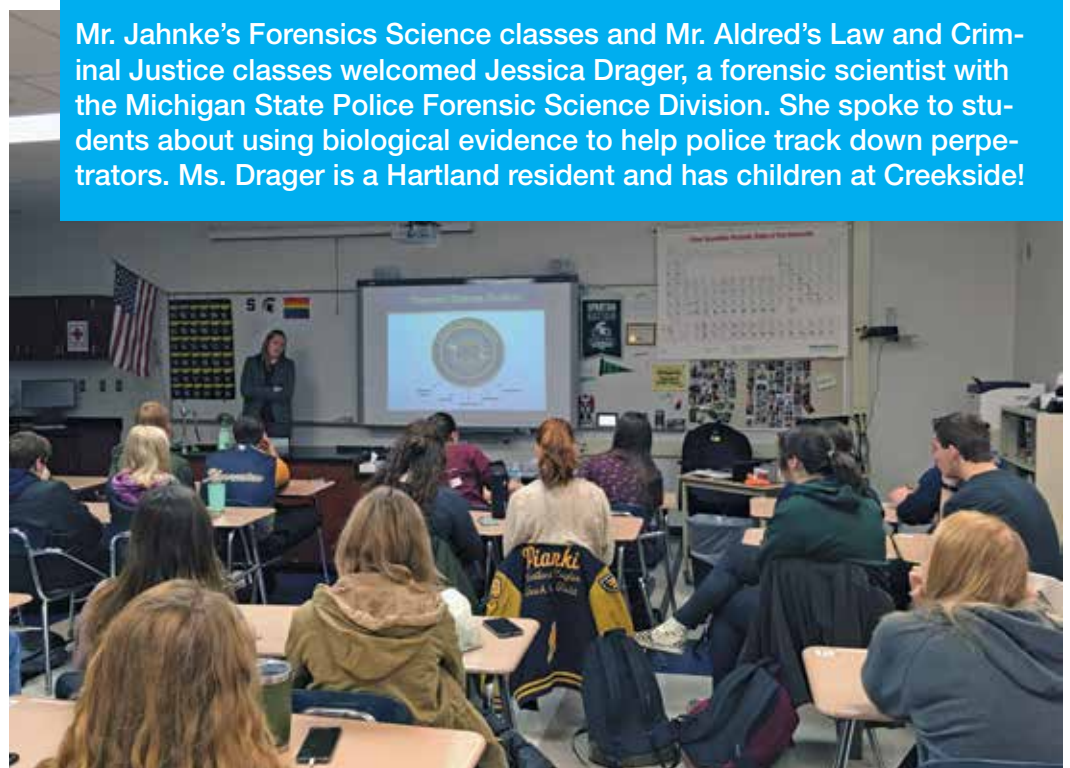

Mrs. Shanna Dana and her Advanced Placement Biology students performed a lab to examine DNA through electrophoresis. Students prepared bacterial DNA samples that were representative of human DNA, prepared them with dye and pipetted them into agarose gels which were then electrocuted. The DNA moved down the gel, and students interpreted the results in a mock-paternity test. What an awesome hands-on lab!

Livingston County Sheriff Deputy Brad Neff discussed the forensic investigation of motor vehicle crashes to Mr. Mike Jahnke's Forensic Science and Mr. Dan Aldred's Law and Criminal Justice classes. Students learned protocols from both a law and forensic science perspective, including listening to true case studies from the field.

Varsity choir teacher, Mrs. Kathi Letovsky, had her students serenade the lunch room before the holiday break. Students sang a beautiful winter-themed song which put everyone in the mood for break!

Mr. Jahnke's Forensics Science classes and Mr. Aldred's Law and Criminal Justice classes welcomed Jessica Drager, a forensic scientist with the Michigan State Police Forensic Science Division. She spoke to students about using biological evidence to help police track down perpetrators. Ms. Drager is a Hartland resident and has children at Creekside!

Memorial Day 2019 Planning

Planning is underway for the best Livingston County parade—the 2019 Hartland Memorial Day Parade! Volunteers are needed—the parade is entirely volunteer-run with parade “marshalling” to make sure everyone is safe and lined up and out of line as quickly as possible. Or help with the many parade float entry applications. Helpers always needed for clean-up in Epley Park and after the parade, too. Rewards are great since this one event can draw 5,000 people showing honor to our military and veterans.

If you're best at thinking, put on your thinking cap and nominate someone you know for 2019 Grand Marshal. This is the person that has provided leadership and community service to the Hartland area over the years. Past Grand Marshals have been teachers, business people, church ushers, veterans, and librarians. Nominate the person you believe has contributed to the community in positive ways by emailing Cliff Schiesel at cschiesel@gmail.com no later than March 25, 2019. The election of Grand Marshal from your nominations will be conducted at the April 1, 2019 meeting of the Hartland Area Community Council.

And, if you haven't started your parade float or entry using this year's theme “Salute Our Heroes” it's time to get started! The Memorial Day Parade is Monday, May 27, 2019!

HERO Teens Volunteer at Winterfest

Winterfest is an outdoor Hartland community event. Winterfest will be on Saturday, February 9th from 12– 6 PM at The Heritage Park. This is a family friendly FREE event for all ages. 2019 is the third year teens from HERO Teen Center have volunteered at the concession stand. The refreshments are free and are donated from local businesses. Thanks to the generosity of these local restaurants and churches for providing the food and drink donations; Tony Saccos, Beauchamp Water Supply, Leo's Coney Island, Hartland Community Chapel, Hartland Pizza Grill & General Store, Venture Church and Mackle's Table and Taps.

This Christmas, the teens received gift cards from local churches, Hartland United Methodist Church and Benchmark Church. The kids were so surprised and grateful that people care about them and want them to enjoy Christmas.

We want your child to struggle here!

Your initial reaction may be "What! Why would I want my child to struggle at anything?" Please hear me out. This may shed some light on the reason we do some of the things we do. You may even have a completely different perspective on raising your child.

As parents we all want to see our child thrive and succeed, don't we? We want them getting all A's, and scoring all the goals. We love to see them as the featured soloist at the recital or the lead in a play. We take joy when they get the Student of the Month award or win a huge trophy. But educators and experts are realizing we are raising a generation of children accustomed to getting everything too quickly and easily.

A generation where "Everyone gets a trophy." Where everyone is the best, the prettiest, the smartest and the fastest. While this may seem to be good for one's self-esteem, you might be surprised to find out it does the exact opposite. The alarming result is children are struggling to handle even the slightest bit of adversity or failure—students and athletes who give up or shut down when not immediately successful and children who quit and say "I can't" even before they try something they feel is hard. The schools are identifying this as student's lack of "emotional" development. While the educational world is using the term "SEL" (Social/Emotional Learning), I like to use a simpler phrase—we need to develop **STRONGER kids!**

But how do you develop a stronger child? Here's the key for you as a parent, strength is built with **RESISTANCE** and **STRESS**. Think of it much like a muscle. If your muscle has to lift weights, it will become stronger. Why? Because the human body has the amazing ability of adaptation. The muscle is stressed, it grows in reaction to the stress. The opposite also holds true. If you don't use it, you lose it. Instead of weights, your brain needs stressors like **FEAR, HARDSHIP, FAILURE** and **BOREDOM** to develop.

- **COURAGE** can only be developed in the presence of fear.
- **HARD WORK** and **DISCIPLINE** need the experience of hardship, or doing things you don't want to do.
- **PERSISTENCE** and **PERSEVERANCE** is cultivated while in the deep emotional feeling of failing.
- **RESOURCEFULNESS** and **CREATIVITY** are produced by boredom.

Here is how we apply these stresses in your child's karate class. We actually do the exact opposite of what they typically see at school, sports and other activities. **WE INTENTIONALLY TRAIN THEM SO THEY STRUGGLE.**

How do we get them to struggle? In most of your child's world they are being taught or instructed with the intent of getting an "A" or being perfect. They are taught to the standard of perfection. But, not in terms of making them stronger. Instead, at our dojo we teach them their karate techniques and katas too fast and with too much material so they cannot possibly perform well on their test. We intentionally teach them with the goal of causing them to struggle. This struggle is the emotional stress they so badly need.

While we know this can initially be hard for you to watch and accept, you can help your child by learning how to reinforce, celebrate and appreciate your child struggles in class or on their next test. Let them know this good stress is making them stronger. Focus on and praise their effort instead of their results. On the ride home just say "Joey, I loved watching you do karate today!"

Know that every time they experience one of these "good" stresses, their "brain muscle" and character are getting stronger!

SNOW DAY POLICY

When school is called off due to inclement weather (snow or cold) there will be no enrichment classes or other building events until at least 4PM. By noon we will have decided if we believe the roads and our facilities (sidewalks, parking lots, driveways, etc) are ready for events to happen safely at 4 PM or after. We will post our decision at noon on the district home page, Community Education home page, our Facebook page, twitter and any other ways that we can communicate. If in doubt, please call Community Education at (810) 626-2150 to see if your class/event is on.

The Hartland Senior Center will **always** be closed when the district is closed due to inclement weather. Stay home and be safe.

The Hartland Childcare Center will always try to remain open if the staff can report and our facility is deemed safe for arrival. The weather forecast is a factor as well. We will email the parents of all registered children if we are open for childcare.

The Aquatic Center will be closed until at least 4 PM. Please check the district website, the Aquatic Center's website or call to listen to the recording at 810.626.2279.

The Community Education office will be staffed whenever possible at 8 AM. Please call 810.626.2150 with any questions.
