Superintendent's Corner

Chuck Hughes, Superintendent

 @hartlandschools

In November, I used this corner to inform you that school funding is a hot issue that would be addressed in the newly elected state executive and legislative branches. I shared that these discussions came about with the release of the *School Finance Research Collaborative* report (<https://www.fundmischools.org/wp-content/uploads/2018/01/School-Finance-Research-Collaborative-Report.pdf>). Recently, a new report from Michigan State University has been released

which supports the idea that our legislators and previous governors have failed to adequately fund the state's public schools. The report is entitled *Michigan School Finance at the Crossroads* (<https://education.msu.edu/ed-policy-phd/pdf/Michigan-School-Finance-at-the-Crossroads-A-Quarter-Center-of-State-Control.pdf>) and declares that the state is running close to dead last in its promise to adequately fund public education.

The report builds on the thought that prior to 2002 schools were being funded at appropriate levels, but in the years after 2002, per-pupil funding dropped by 30% (after adjusting for inflation) and the minimum per pupil funding has not adequately increased since Proposal A was passed in 1993. Proposal A was supposed to alleviate the burden of local communities funding the majority of the cost for public education while creating a system of equitable funding for all students in the state. The fact is, to compensate for inadequate funding, districts are forced to ask the community to support tax proposals for increased special education funding, sinking funds to address minor facility and technology needs and bond proposals to address major facility needs. All of this is done to help relieve the pressures of an underfunded district operating budget.

I am not convinced that our legislators can honestly state that they have been funding schools appropriately, when during the past years schools have seen slight, and at times no increases in the primary per pupil foundation allotment (\$48, \$56, \$0, \$0, **-\$470** (negative), \$0, \$30, \$60, \$120, and \$240 respectively)? Keep in mind that the \$240 in 2018-19 represents less than a 3% increase and has only happened one time in ten years.

Safe Schools Update: In November, our district was awarded a School Safety Grant from the Michigan State Police. The grant includes funding to install video buzzer systems at the main entrances of school buildings in Hartland and the Hartland Pool. These systems will require anyone wishing to enter the school buildings during the normal school day to push the buzzer, look into the camera, explain who they are, and the reason for their visit. If accepted, the person will be let into the building. If at any time our employees feel uncomfortable about buzzing a guest in, the building principal or security team will address the concern. Thank you for helping us to put safety first.

I am a physical education teacher at Lakes Elementary. This is my 22rd year of teaching physical education, 17 years at Round and five years at Lakes. I earned a B.S. in K-12 Physical Education and an M.A. in 6-12 Health Education from Eastern Michigan University. My wife Jen and I will be celebrating 15 years of marriage this year. She has been teaching kindergarten at Village Elementary for the past 20 years. Between teaching kindergarten and being married to me, she deserves a prestigious award! Jen has always been supportive, someone to lean on throughout our marriage and my career and the best mother to our children. And for that, I am truly blessed. We live in Novi and have two awesome

How are public K-12 schools funded in Michigan?

This chart represents the dollars available in the State of Michigan School Aid Fund, which is used to fund public schools on a per-pupil level (2017-18). This chart does not show the amount of money collected at the local level through bond programs, county special education mills, and the non-homestead taxes that the State of Michigan assumes will be collected in full.

Note: You might notice that the Michigan Lottery does not fund public education in its entirety, as many state residents believe. The lottery accounts for about 7% of the School Aid Fund.

Unfortunately, the State of Michigan has been using this fund to support colleges and universities, which this year alone is about \$908,000,000 dollars. This happened because tax changes in 2000 and 2001 put a strain on the state's general fund, so they had to find money elsewhere. A frustration that I occasionally feel is that the State of Michigan will change the allocations to components of this fund, which often results in less dollars flowing into the School Aid Fund. For example, in December of 2018, our legislators agreed to change the income tax formula during lame duck session to draw money away from the School Aid Fund to pay for roads and environmental cleanup.

As your Superintendent, I work hard to ensure that the Hartland Consolidated School District remains a premier school of choice district (new families and school of choice families). I am open to input from you to determine our next steps toward adequately funding the education of our children. One of the next steps will be the presentation of a local bond proposal. I will elaborate on this in the near future.

kids that I could not be more proud of. Our son Griffin is 14 and in 8th grade and our 10 year old daughter Reagan is in the fourth grade. We have a 6-year-old Lab/Russell terrier mix named Wizard!

It is memorable watching students grow up before your eyes. When students move on from elementary school, I often wonder what path they chose in life. So when a former student takes the time to reconnect it is rewarding. I always enjoy catching up with former students! So many memories come from special events we ran as a school. Fundraisers for Cystic Fibrosis, The American Heart Association and Hartland Strong for C.S. Mott and our Living History with local veterans have instilled a sense of empathy, compassion and community into our students. It's such a powerful experience for students to be able to interact and learn from their peers who happen to have different/unique life experiences.

Kindergarten Enrollment 2019-2020

Hartland Consolidated Schools is now accepting kindergarten enrollment packets at the Board of Education office and each elementary school office during office hours. Enrollment packets can also be downloaded from our website at www.hartlandschools.us.

In addition to the enrollment packet, the following documents must be presented when registering:

- Original birth certificate with seal, plus a copy for school records.
- Immunization records with proof of DTP, Polio, MMR, Hepatitis B, Chicken Pox vaccines (or proof of having illness), and vision screening, plus copy of same for school records.
- Proof of residency using one of the following: certificate of occupancy, purchase agreement, builder's permit, rent receipt or agreement, mortgage statement/receipt, voter registration card, utility bill or driver's license.

Children are eligible for enrollment in kindergarten in September 2019 if they will have their fifth (5th) birthday on or before September 1, 2019. A child who turns 5 after September 1st but before December 1, 2019 may enroll if parent/legal guardian signs a waiver and it is supported by the school district.

A full-day Junior Kindergarten program may be offered. A minimum number of students are required for the program to be made available. Parents may need to provide transportation in order to participate. The age requirements for Junior Kindergarten are the same as for the regular Kindergarten program. You may call Scott VanEpps at 810-626-2111 or email him at scottvanepps@hartlandschools.us for more information.

Person of the month continued from cover

Being recognized as HCS Teacher of the year in 2011 was another humbling experience. I am grateful for that honor and respect from my colleagues, but to me it was a team award. No one achieves anything alone in this profession and I am forever thankful to all my colleagues at Round Elementary.

Finally, when it comes to colleagues and memories (sorry it's been 22 years, I can't narrow it down to one), I would be remiss not to mention Deb Spencer, Bonnie Sabo and Karen Pigott as three teachers that have made a huge impact on me during my career. They will always be an integral part of my development as a teacher. Even more so, we pulled some of the BEST pranks on each other over the years. If you ever run into them or me and need a laugh, don't hesitate to ask!

I'm still here in Hartland because the kids, staff and families make my job a great experience. Whether it's administration, central office, maintenance, food service, paraprofessionals, the tech department, latch key etc., everyone has always been willing to make time for the students and help out when called upon. I have an awesome job. I'm happy and enjoy coming to work! I am also here to do my part and fight for education within our state and federal government, as too often decisions are NOT made for the betterment of our schools and children. It can be frustrating at times, but I hope the outcome will be what is best for our students. Hartland Schools has proven we are worthy of calling ourselves family. This district is all about relationships. Our district and community rally together in times of need, celebration, and of course, in supporting and providing a quality education for our students. Hartland is a resilient school district where we ALWAYS find a way to come out on top regardless of the obstacles in our way.

I have learned so much from my students, built many relationships, made lifelong friends and even met my wife here. I don't think I will ever be able to give back what I have received from everyone within our district. I will always be proud to be an educator for Hartland schools. Hartland is where it all started for me and this is also where I want to finish my career.

Transportation Information for the Upcoming School Year

It's time to start thinking about busing for the new school year. For your convenience, forms are now being accepted to ensure room on every bus to accommodate your transportation needs for the first day of school.

All transportation forms (Alternate Destination, Joint Custody, School of Choice, and Legacy forms) will expire at the end of the 18/19 school year. If new forms are not submitted, in-district students will automatically be assigned to the closest bus stop to their home address, and non-resident students will not receive a bus assignment.

The deadline for submitting forms to the Transportation Office to request a bus assignment other than the home address is July 1, 2019. Late transportation requests will not be considered until after the first 2 weeks of school.

The Transportation and Central Office staff will be available throughout the summer months if you should have any questions or need assistance. Post cards with your student's bus information should arrive a week before the first day of school. If you have any questions feel free to call us at 810-626-2175.

Forms are now available on the district web site.

From the Counseling Office: What Is Career Technical Education (CTE)?

Career Technical Education (CTE) provides students with the academic and technical skills, knowledge and training necessary to succeed in future careers and to become lifelong learners. In total, about 12.5 million high school and college students are enrolled in Career Tech Ed classes across the nation. Hartland High School is fortunate to participate in a county-wide consortium that allows our students to access a wide variety of CTE programs. Livingston County CTE programs expose students to the high demand careers of tomorrow and offer our students the opportunity to access both collegiate and apprenticeship programs after high school.

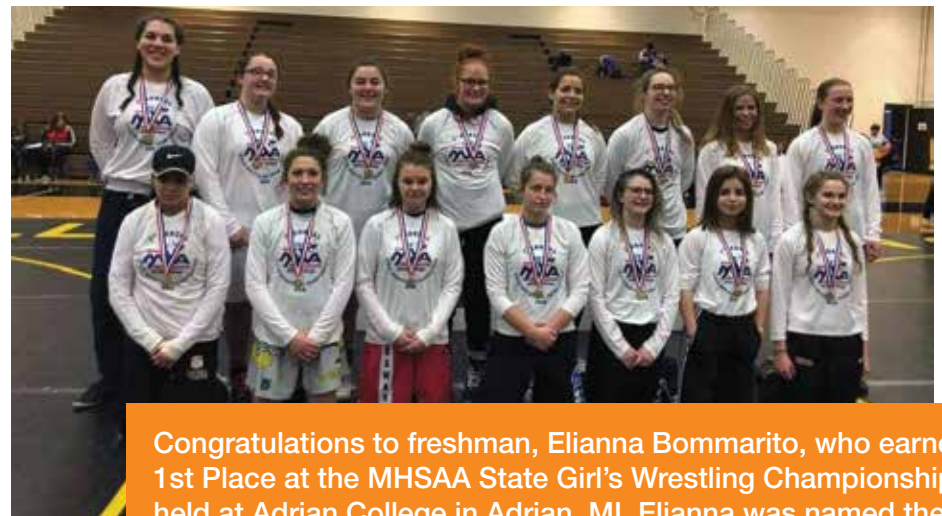

Program offerings include:

- Agriculture Science
- Automotive Technology
- Computer Aided Design
- Computer Networking Security
- Construction Trades
- Cosmetology
- Culinary Arts and Hospitality
- Early Childhood Education
- Emergency Medical Training (EMT)
- Energy Technology
- Engineering and Robotics
- Firefighter Training
- Graphic Communications
- Health Occupations
- Manufacturing Engineering Technology
- Private Pilot Ground School

Extensive program information can be found in the Hartland HS Curriculum Guide and at the county CTE website.

The week of February 4-8th was National School Counselor Week. A huge thank you to the high school team of counselors. Back row: Nicole Schingeck, Erica Empie, Jodi Wilson and Heather Osterhout. Front row: Nicole Lusk and Helen Kenney. We appreciate you and the amazing job you do for our students.

Congratulations to freshman, Elianna Bommarito, who earned 1st Place at the MHSAA State Girl's Wrestling Championship held at Adrian College in Adrian, MI. Elianna was named the Michigan State Championship with a pin in the championship match. This was the first state girl's wrestling tournament in Michigan history. Hartland freshman Alexis Caudill also placed 4th at the state meet in her weight class. Congratulations girls!

Students in Mrs. Anne Hasseld's Introduction to Programming class programmed and designed Micro:Pets based off descriptions of a partner's "perfect pet." Students then used craft supplies to build the pet and programmed a Micro:bit, which is a credit-card sized computer that allowed the pet to perform a task. Some pets had scrolling messages, expressed an emotion based on being moved around and some even played songs!

On LINK Crew Fridays, LINK leaders welcome students into the building with "High-Five Friday!" Student LINK leaders encourage students to have a great Friday. LINK is a student-leadership program that not only works with teams of freshmen to help them transition into high school life, but also spreads positivity throughout the building and community. The LINK program is advised by Mrs. Amy Szabo and Mrs. Amanda Lanigan.

The Women in Technology Club, advised by Mrs. Anne Hasseld, traveled to VES to introduce students to the Micro:Pet technology. Students taught a tech lesson that allowed Village students to program a tiny Micro:bit on Chromebooks. This exposes young students to programming.

Students in Mrs. Letovsky's choir class are practicing for the annual Choir Festival through movement. Mrs. Kathi Letovsky played the piano as students moved around the room expressing the music through movements to feel the music.

February Students of the Month

Lotus Greene, eighth grade Student of the Month.

Nathan Horst, seventh grade Student of the Month.

Each month, a selection committee at Hartland Middle School selects one seventh and one eighth grade student to receive recognition as "Students of the Month." Nominated students must meet one or more of the following criteria in order to be selected.

- The student must show continued success in all subjects.
- The student must exhibit good citizenship.
- The student must make a significant positive contribution to the school and others.
- The student must exhibit a positive attitude toward school, self, and others.

Congratulations to our February Students of the Month Nathan Horst and Lotus Greene.

What happens during early release Friday professional development time?

Teachers report to work for professional development every Friday when students go home 60 minutes early. This is time for teachers to collaborate and participate in training or workshops to improve instruction. This time is in addition to weekly collaboration time by grade level and periodic work through the HCS Curriculum Department. So far this year we have worked many important areas including the following:

- Interventions to close student achievement gaps
- Curriculum alignment – heavy focus this year on new science standards
- Writers workshop
- Formative assessment
- High quality instruction
- Instructional Consultation Teams (ICT)
- Professional learning communities
- School improvement planning
- GRASP goals to ensure student growth
- Using data to adjust instruction
- Content specific to grade levels or departments
- PD specific to music, art, and physical education
- Social emotional learning
- School safety
- Using technology to enhance instruction
- Collaboration with other grade levels
- Best teaching practices for students with autism
- Best teaching practices for students with anxiety
- Restorative practices and classroom circles

HMS students prepare for the Hartland Optimist Oratorical Contest with guidance from HMS teachers Haley Johnston, Jill Bliznik, Stacy Gillis and Jerry Bliznik.

HMS archers celebrate continuing victories at the State Qualifying Meet.

First graders enjoyed a fantastic presentation from Supe’s Exotic Animals in Fenton. They brought in some awesome animals to share with the children. They taught us facts about each animal and discussed their adaptations that help them survive, like camouflage, noise, mimic, or speed. Students had a blast meeting the animals. They were able to meet a parrot, a hissing cockroach, Desi the coati, Franklin the alligator, Diamond the boa constrictor, Keira the red fox, Bob the tortoise, a sea urchin, a toad, OJ the milk snake and a lizard.

We had a great turnout for our January 25th Lakes Family Movie Night! Students enjoyed watching The LEGO Movie and we received so many thoughtful supplies and donations for our Lakes Snack Pantry!

Kindergarten students celebrated the 100th day of school in their classrooms and had some very fancy t-shirts that they created!

The Round Round Up

The Round Dance Party, in February, was a big success! Thank you to all of the Round families that participated and a big thank you to our PTO for making it an amazing night!

March is Reading Month! Author Karen Brege and Illustrator Darrin Brege will provide an assembly for Round students, sharing their work as an author and illustrator team. They will highlight their highly engaging books about monsters and aliens. Round has a number of wonderful activities scheduled during March while we continue to promote reading at home as an integral part of becoming a life-long reader! Don't miss the staff's annual performance at Cromaine Library on March 6th at 6:30 PM.

The Round Rocks Auction and Talent Show on March 21st is a must-attend event. It is sure to entertain your whole family!

We would like to thank our parents for all of their continued support. Our PTO and volunteers have made it possible to purchase rugs, Chromebooks, new shelving and guided reading books. Please consider attending a PTO meeting, volunteering for a PTO event and shadowing a board member. Together Everyone Achieves More (T.E.A.M) and we want you on our TEAM!

3rd grade teachers at Round are using word walls in math to support students' understanding. This picture comes from Mrs. Delvero's class.

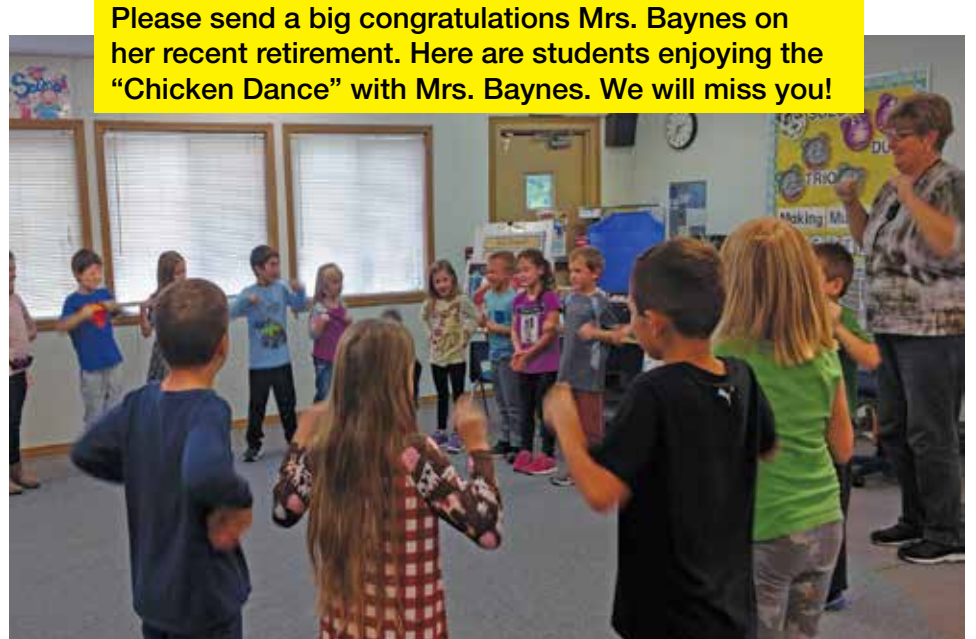

Ms. Kucharski's class was very excited to receive 37 new hardcover picture books from Donor's Choose!

First graders were excited to get back to reading with Mrs. Saunders!

Round students played fidget spinner games to keep moving fun while developing endurance, strength and flexibility.

Please send a big congratulations Mrs. Baynes on her recent retirement. Here are students enjoying the "Chicken Dance" with Mrs. Baynes. We will miss you!

Essential Instructional Practices in Early Literacy

In our preschool classrooms, we have adopted the ten recommended instructional practices as developed by the Early Literacy Task Force. Each month for the next five issues of Community Life we will dive into two of the practices. This effort is not only to demonstrate and explain what we are doing in our classrooms but in

hopes that others (parents, care givers, etc) will glean important tips to share with preschool age children that they interact with. **There is data to support that literacy knowledge and skills developed in the preschool years predict later literacy achievement.** Each of these practices should occur every day and integrated into

opportunities for learning in all areas. *The instructional practices were developed by the Michigan Association of Intermediate School Administrators General Education Leadership Network Early Literacy Task Force (2016). Essential instructional practices in early literacy: Prekindergarten. Lansing, MI: Authors.*

Mrs. Chyo and Mrs. Anderer will highlight the first two instructional practices.

The first one we will examine is the **intentional use of literacy artifacts in dramatic play and throughout the classroom.** One example of this is started early in the year with the children's names on sign in cards. It is a visual form of identification and recognition. They learn the letters identified in their name first and can begin to associate other words and sounds from the knowledge they gained. Another form of literacy in the classroom is in pictures depicting materials in containers and their location on the shelf. First, they match the item to the bin using the picture attached. Next, they match the likelihood of its location by the coordinating picture. This is enhancing the child's literacy engagement in the classroom.

The second component of the GELN is the use of **read aloud with reference to print.** We accomplish this on a daily basis in our classrooms on a variety of levels. One way it is used is running a finger under the word while reading. This allows the child to associate a letter with a sound. In addition, it is imperative to point out specific features of print and letters. This can be achieved with beginning letters of names. An example would be Bubba Bear starts with B. It can be introduced with pictures and sounds. Reading out loud to children increases letter and sound recognition and knowledge of print. This practice is further enhanced with the teaching of page order, the use of subtitles and captions in stories and finally, the direction of reading top to bottom, left to right.

Our preschool classroom settings follow these standards instituting early literacy skills. It is important to us to make it easier for children to learn to read and expand their vocabulary. We look forward to continuing to share this information with you in future editions of Community Life.

Limited spots available. Please call today!

Need awesome child care?

Our licensed Day Care has limited openings. Please stop in or call to see if we have availability for your child. Rates: Infant \$47/day, minimum five (5) days per week, Day Care \$39/day, minimum four (4) days per week.

We also offer care for children who attend the Round, Village and Creekside, Lakes Elementary and Farms Intermediate School. The children who attend the **Lakes or Farms** Schools may enroll at the School Street center, or take advantage of the school-age program at the Lakes Elementary School.

Both center locations are open 6 AM to 6 PM

Both programs offer gym activities, arts and crafts, and outside play. When you are signed up for the Before and After School Care, you also have the option of attending on the "No School" days or Snow days! Our center is almost always open!

Before & After School Child Care Only

Full Time enrollment (5 days a week) is \$10 a session. Part Time enrollment (2-4 days a week) is \$14 a session. The minimum enrollment is 2 sessions a week for a charge of \$28 for the week.

Example- A student needs to attend 5 –AM sessions and 1 –PM session. The charge would be \$50 for the AM and \$14 for the PM session, for a total charge for the week of \$64.

You must notify the office if your child/children will be absent from the Before & After school program. Your regular weekly tuition will be charged unless the Center is closed. If your Before & After School child attends on a No School Day, Snow Day, etc., your tuition for the day will be \$39.

Come visit our center to see all the activity, located at 10235 School street in downtown Hartland. Call the office at 810.626.2780 or email jenturner@hartlandschools.us or amyrollins@hartlandschools.us.

Hartland Home and Garden Club

The March meeting of the Hartland Home and Garden Club will be Wednesday, March 13th at 7 PM at the Hartland Senior Center, 9525 Highland Rd. The speaker will be Lisa Eldred Steinkopf, The Houseplant Guru. She will be speaking on Contained Tropicals in the Heartland. The fee for non-members is \$3. Nominations for the Memorial Day Parade 2019 Grand Marshal

Do you know someone who works behind the scenes tirelessly for the Hartland community? Someone who will not seek recognition for their community contributions but who deserves it? Nominate that person for the Memorial Day Parade 2019 Grand Marshal. This is the person that has provided leadership and community service to the Hartland area over the years. Past Grand Marshals have been teachers, business people, church ushers, veterans and librarians. To make a nomination email Cliff Schiesel at cschiesel@gmail.com no later than March 25, 2019. You can also send your nomination to Hartland Area Community Council, PO Box 113, Hartland, MI 48353. In addition to the person's name and contact information, share the reasons why you believe they deserve this honor. The election of Grand Marshal from your nominations will be conducted at the April 1, 2019 meeting of the Hartland Area Community Council to which all are welcome.

Friends of Cromaine

WOW! It's March and the "Friends" are already feeling spring in the air! Even though the weather in January was not good, our January Bake/Book Sale was a huge success. It takes a tremendous number of helpful volunteers to enjoy working on this type of program and we thank everyone. It is important to explain that all proceeds from this go to help Cromaine in their endeavors. For 2019, our Group has approved a "Wish List" of \$11,000 in support of the library's events and activities for the coming year.

Please note that our Membership consists of approximately 100 people, including our life time members. We have a core group that constantly works at the library volunteering for various chores and developing new ideas.

If you have a love for our library and enjoy working with people, we'd like to welcome you into our group. We don't think you'll be sorry and you would be giving the community a great gift. Please ask for membership information at the circulation desk.

Are You a Toe Dipper?

I wanted to share a portion of an email reply to a parent just starting at our dojo. While their younger daughter started her first class strong, her older teen brother struggled.

I like the progress we made with Bobby last night. Be patient. Here are some suggestions. The key is not to talk "at" him, but instead talk "with" him about these three subjects:

1. Social anxiety and fears are very common in children today and it holds many of them back. It will usually get worse as he gets older. He will have very few, if any, places where he can feel safe and not judged. He needs to take full advantage of the few times and places where he can face his fears. I like teaching kids the saying "*Whenever you back away from your fears, your FEARS get bigger. But, whenever you power through your fear YOU get bigger!*" See if he is ready to make a choice. That is all it is—a choice. Does he fight and beat his fears now or wait? This takes courage.
2. Becoming a perfectionist is also very common. Many children feel the need to be perfect from the start, which rarely happens. So, the safest way to avoid failure is not to try anything hard or to quit before you even start. Help Bobby become much more aware of when he holds back and reinforce that almost everything worthwhile in life takes hard work and will never be easy at the start. I like the saying "*There is not a lack of opportunity. Just a lack of people who take advantage of the opportunities!*"

3. Finally, share this "Toe Dipper" story. Have you ever been to a swimming pool where the water was a little cool? Here is what most people do. They will walk around the pool and think to themselves, "gosh, I bet that water is cold." Then they dip their toe in the water and say, "wow, it is pretty cold." As a matter of fact, every time they dip their toe in the water they swear it feels colder! Then they procrastinate and walk around the pool dipping their toe in from time to time like they might find a warmer spot. They get more and more afraid of the cold water even though they see others having a great time in the pool. If they only realized they should just jump in at the deep end, they'd see that for about 12 seconds they would be initially shocked by the cold but very quickly the body acclimates and the water will feel perfect! Ah, it feels good! The moral of the story is, **DON'T BE A TOE DIPPER**. Like ripping off a bandage, the longer you wait and the slower you do it, the harder and more painful it is. Learn to do everything in life like you are going to dive in head first. Be "all in!" Most people just give everything "half effort." Life is too short and toe dipping is just a habit. For people that dive in head first, it is also becomes a habit. When you toe dip now you will toe dip for the rest of your life. Every time you toe dip you are reinforcing the habit. Ask Bobby, do you want to be a Toe Dipper the rest of your life? If not, it is just a choice and then some hard work. Right now will probably be the easiest time you will ever have to choose and do the opposite!

**Yours for stronger kids,
Sensei**

23rd Hartland Optimist Youth Appreciation Celebration

March 19, 2019

6:30 PM

HESSC Performing Arts Center

At this event, we celebrate young people between the ages of 6 and 19 who were nominated by community members for actions above and beyond what can be expected of them. Examples might include: outstanding community service, special achievement, good judgment and choices, perseverance and overcoming hardships, the support, care and encouragement of others, loyalty or teamwork. Come and witness these amazing accomplishments of our youth.

The Hartland Optimist Club is one of over 2,600 Optimist Clubs throughout the world. Clubs are dedicated to, "Bringing out the Best in Kids." Optimist Clubs serve over six million young people a year through more than 65,000 service projects. To donate to our effort, please go to www.paypal.me/optimists.

SNOW DAY POLICY

When school is called off due to inclement weather (snow or cold) there will be no enrichment classes or other building events until at least 4PM. By noon we will have decided if we believe the roads and our facilities (sidewalks, parking lots, driveways, etc) are ready for events to happen safely at 4 PM or after. We will post our decision at noon on the district home page, Community Education home page, our Facebook page, twitter and any other ways that we can communicate. If in doubt, please call Community Education at (810) 626-2150 to see if your class/event is on.

The Hartland Senior Center will **always** be closed when the district is closed due to inclement weather. Stay home and be safe.

The Hartland Childcare Center will always try to remain open if the staff can report and our facility is deemed safe for arrival. The weather forecast is a factor as well. We will email the parents of all registered children if we are open for childcare.

The Aquatic Center will be closed until at least 4 PM. Please check the district website, the Aquatic Center's website or call to listen to the recording at 810.626.2279.

The Community Education office will be staffed whenever possible at 8 AM. Please call 810.626.2150 with any questions.
