Superintendent's Corner

Chuck Hughes, Superintendent

@hartlandschools

With general elections upon us, school funding and legislation may or may not change once voters cast their ballots and the new legislative body begins its work. As part of my job, I must continually ask, what should I be doing as the Superintendent to prepare for the unknown? I must ensure that the Board of Education is current on Federal, State and Local legislation. With this information, the Board of Education provides guidance as to the direction of the district, and sets goals that they feel will put us in the best position to remain a "premier school of choice district."

Some issues that will be decided in the future by our legislators include analyzing the School Finance Research Collaborative, which was developed by two of the nation's leading school funding research groups. This report strongly suggests that Michigan must get serious about reforming school funding if the state has any chance at meeting its Top 10 in 10 goal. The Collaborative has found that Proposal "A" (1993) created an avenue for equalizing funding for all school districts and children with the thought being that regardless of zip code, all children must have the same educational opportunities. While it has been fairly successful (a much smaller group of school districts receives more than the base allocation), the reality is that schools are clearly not a funding priority according to the School Finance Research Collaborative report.

Did you know that Proposal "A" was approved by Michigan voters to fund Public Education? Did you know that this year approximately \$908,000,000 of the School Aid Fund (SAF) will be directed to colleges and universities. If the State of Michigan funded colleges and universities out of the general fund, it would mean that K-12 school districts would be receiving roughly \$611.00 more per pupil this year, or \$3,360,500 available for Hartland's operational budget. Did you know that larger geographical school districts like Hartland spend a disproportion of their budget on transportation, a built in inequity? This year we will spend just about 3.2 million dollars on transportation alone. Together the citizens of Michigan must insist that K-12 education be a priority within our legislative body.

November 2018 Person of the Month: Chuck Davis

Chuck has been in Hartland's maintenance department for 28 years. He graduated from Milford High School in 1977. He attended South West Oakland Vocational Education Center for Electronics and has taken classes at Eastern Michigan University. He holds certifications in pesticides, pool operations and has his school bus CDL. He has also taken classes in HVAC as well as accumulating an abundance of hands-on learning.

Chuck's life at home involves some hobby farming, raising chickens and gardening. He loves boating and going on unplanned excursions to wherever the road takes him. His son went to Hartland, played on the football team and graduated in 2010.

In his own words:

My best memories are watching the kids that I met in elementary school grow up and go from school to school. When they make it through High School, I watch them graduate, and sometimes see a few of them in the community. They always say, "Hi Mr. Chuck. Remember me?" It's a thrill to see them.

I first took this job thinking it was "only temporary" until I get a better job. All that soon changed into a job that I really liked and was able to provide well for my family. Plus, my wife won't let me quit (ha ha).

Hartland Schools was a great place back when I was first hired in 1990, and it still is today. I am proud to be part of the Hartland Family. The staff for the entire district really cares about their work and it shows.

A Culture of Collaboration:

Board of Directors from Hartland Township, Cromaine Library, Hartland Area Chamber of Commerce, and Hartland Consolidated Schools come together to discuss ways to market the Hartland Community.

Friends of Cromaine Pie Sale

I think most of our readers will admit that we have a lot to be thankful for living in this beautiful area, where we have access to a wonderful Senior Center, a very special Music Hall, and of course, our wonderful Library. We all look forward to Thanksgiving Day, a time for us to express our gratitude.

This year, to benefit the Library, the "Friends" are featuring a homemade pie sale just in time for Thanksgiving! Take the pressure off baking Thanksgiving dessert! Plan to buy a homemade pie the Wednesday before Thanksgiving, November 21, on the first floor of Cromaine. They will be available from 9:30 AM until they are gone. If you would like to help the "Friends" by baking a pie for their sale, please notify the library and 810-632-6295 and ask to talk to someone at the circulation desk.

We also have something else to be thankful for and that is our opportunity to VOTE. It is not just our right; it is our true obligation as a US citizen to vote on November 6.

Have a wonderful Thanksgiving, and enjoy your PIE!

Your "Friend,"

Hartland SOUP

Since Hartland SOUP started in August of 2017, the community funded micro-grant dinner has grown tremendously! It started as the dream of a few Cromaine Library employees to support the community, and since then SOUP has become THE community event of Hartland. The first SOUP was attended by 41 people and the winner walked away with \$235 dollars. Fast forward six SOUPs later to October 3, 2018.

There were 90 people in attendance, and thanks to a matching anonymous donor, the Hartland Optimist Club won \$1,060 for their Adopt-A-Family program! The community is making a difference one \$5 bowl of soup, and vote, at a time.

Word of mouth and volunteers are responsible for the success of SOUP and with continued support, SOUP can grow even more! Mark your calendars now for

Hartland SOUP Winterfest edition, Saturday, February 9th at 1:30 PM at All Saints Lutheran Church. Submit a proposal at <http://bit.ly/Proposal-WinterfestSOUP>, or RSVP to attend at <http://bit.ly/WinterfestSOUP>. Keep sharing, keep talking, and keep encouraging entrepreneurs, scouts, community organizations, or anyone interested to become involved. Email SOUP at hartlandsoup@gmail.com with questions or to volunteer!

Winter is coming! Stay connected in the event that we need to cancel school or activities due to inclement weather.

School Bus Safety

Danger Zones Around the School Bus

- The "Danger Zone" is the area surrounding the bus where it's difficult to see children in the bus mirrors.
- 20 feet in front, 10 feet behind and 10 feet on each side of the school bus.

Loading and Unloading Safely:

- STAY on your own side of the road – 10 feet from the roadway, in a single row.
- WAIT until the bus has come to a complete stop, the red overhead lights are activated, and the **driver displays the yellow safety signal.**
- When crossing the road, **check** traffic both ways – then check again and walk 10 feet in front of the bus.
- **NEVER** stop to pick-up anything on the ground.

From the Counseling Office: What you need to file the FAFSA

1. Go to the right website! The Free Application for Financial Student Aid (FAFSA) application can be found at www.fafsa.ed.gov. If you are on a website that tries to charge you, it is a scam. For special circumstances, there is a paper FAFSA that can be printed out and completed; however we do not suggest you file on paper because it takes several weeks to process and is harder to complete.
2. Set up your FSA ID before you file. Students and one parent (for dependent students) will need an FSA ID, which includes a user name and password, in order to file a FAFSA. This is used both to log in and as your electronic signature on the FAFSA. Make sure to keep this information in a secure location or choose something that you will easily remember as you will need it to make any changes on the FAFSA, file the FAFSA in the future, and fill out information to receive loans at www.student-loans.gov. It generally takes 1-3 days for the FSA ID to become fully operational, so it is a good idea to do this process at least a few days before starting the FAFSA. Please note that the FSA ID has replaced the PIN number on all federal websites.

3. There are many things you will either need to know or need in-hand in order to fill out the FAFSA and to create your FSA ID. **This may include:** * social security number (both student and parent[s]); driver's license (if any) or state ID; permanent resident receipt card (if applicable); W-2 forms and other 2016 records of money earned; 2016 income tax return; records of child support paid; records of taxable earning from Federal work study or other need-based work programs; and records of student grant, scholarship and fellowship aid—including AmeriCorps awards that were included in student or parent AGI— along with current stock, bond and other investment records, current business and farm records, and current bank statements.

* Many students will not need all of these documents. What exactly is needed for each individual student depends on income and other factors, but all students will need social security numbers, W-2s, and tax forms.

Homecoming 2018 was a great success! Senior class sponsors Ms. Mandy Mach and Ms. Andrea Kosla led an energetic senior class through spirit week, the football game and Saturday's dance. The week kicked off with a high-scoring Powder Puff football game where the senior ladies beat the juniors 28-21. Friday, the student section, decked out in blue and gold, cheered in the rain during the football game. Homecoming court representatives were: 9th grade: Gabriella Stetkiw and Edward Hanish. 10th grade: Ariel Sophabmisay and Job Gallaher. 11th grade: Abigail Smith and Jack Matthews. And 12th grade: Macy Bonar, Kennedy Duvall, Emily Horst, and Briana Schuman for ladies, and Brett Tome, Danny Parisien, Ryan Arbour, and Patrick Hagerty for gentlemen.

Homecoming queen was Briana Schuman and king was Patrick Hagerty. The dance was a hit with almost 1,400 students dancing the night away to a "Fall time in Michigan" themed dance, complete with apple cider and Spicer's donuts. Go Eagles!

Spanish II and IV teachers Mrs. Amy Szabo and Mrs. Amy Scott took their students on a field trip down to Eastern Market in Detroit to see the beautiful murals painted on the sides of buildings. Although it was a rainy day, students enjoyed walking around and learning the history of the Market area.

Mr. Mike Jahnke welcomed a guest speaker into his forensic science class to talk about a career in toxicology. The class welcomed Geoffrey French, a toxicologist in the Forensics Department of the Michigan State Police. Mr. French talked about some of the science and testing he does in his job as well as how he uses evidence to determine if any chemicals were involved in police-related situations.

What's New at Village?

We have had a BUSY fall at Village Elementary! To start off our school year we enjoyed our annual 'Science Alive' classroom presentation in every classroom, this is a chance for our students to see exotic animals up close and touch them as well – it is a student favorite for us at Village! On September 21st we celebrated all of our 'Summer Readers' (128 Village students took Mrs. Day's summer reading challenge by reading 100 or more times while on summer vacation) – students received a special book mark and were invited to a popsicle party in our courtyard! Sensei Sam (from O'Hana Karate) presented to our students on October 3rd and 4th, launching our year-long "Character Dojo" which follows our district EAGLES program, we learned

about our *Courage Muscle* and our *Discipline Muscle*. The annual 'Hedge Hog Hustle' took place on October 19 and we appreciate all of the money that was raised by our students for our Village PTO, this allows the PTO to support many activities and purchase a variety of teaching/learning materials throughout the school year. On Halloween morning we plan on 'sliming' Mrs. Day. We will have our 'Crazy Sock Day' and bounce house party on November 1st to celebrate our fundraising efforts! A BIG THANK YOU to all of our local business donors and Village families for your continued support of our school and the fantastic programs you provide for our students throughout the year!

Dr. Cone's third grade class enjoyed a visit from Kyle Swithala (a published author) to energize students about Writing Workshop!

Our students enjoyed petting snakes and armadillos during the Science Alive presentations last month!

We celebrated Hartland Spirit Week BIG TIME at Village with different activities each day, these students enjoyed dressing up on Blue & Gold Day on Friday!

Sensei Sam Larioza presents to all of our students in small groups, in our first session we learned that "I always stand up for myself and others!"

Spirit Week and Halloween Party at the Teen Center

Teens showed school spirit by decorating t-shirts, making hair bows and painting their faces for the homecoming game. The Connection visited us and played team building games with the teens. The Connections is a Livingston County Family Center that is free, confidential, and is here to end youth homelessness and build positive relationships between youth and their families.

The Halloween party will be October 31 after school. All teens are invited and the event is free. Teens can wear Halloween costume, play games, music, eat food and candy.

The HERO Teen Center is a free, supervised space for teens to hang out with friends after school. Donations of money or supplies is greatly appreciated.

Hartland Optimist Club Christmas “Adopt-a-Family”

The Hartland Optimist Club will once again sponsor the “Adopt-a-Family” Program for families in our community in need of help during the holiday season. If your group or family is looking for a community service project, or just a great way to celebrate the holiday season, in the true sense of giving why not consider Adopting A Community Family In Need.

HHS and Community Ed will have boxes in their buildings so families can donate non-perishable food items, and paper goods.

As this is a large undertaking, the Optimist Club can always use monetary donations. If you are interested, you can send your donation to the Hartland Optimist Club, P.O. Box 84, Hartland, MI 48353. There are many ways you can help support this project:

- Shop for a family.
- Donate nonperishable food items or paper products.
- Make a donation to Hartland Optimist Club.
- Join the Optimist Club and give your time.

All donations are appreciated; every dollar helps and goes directly to our families. Community support makes this worthwhile project a success!

**If you would like to adopt a family please contact
Meghan at (586) 850-3366 or meghanlabach@gmail.com**

A Big Thank You to the Comly Family!

Thank you Lori and Ian Comly for the donation of your time, talents and materials used in re-stripping the parking lines at the Hartland Music Hall. You two did a beautiful job and it will allow for maximizing the available parking. The Hartland Consolidated Schools Foundation appreciates your donation. It is through donations like yours that allow the Music Hall to still be in operation today.

In honor and memory of their son Chris who connected with the Hartland Music Hall through his Eagle Scout Project in 2007, the Comly's wanted to see that his eagle scout project lives on still today. Chris lives on in their hearts and in the hearts of many others everyday!

Karate is Scary, Hard and Boring

How are we supposed to get parents to put their child in karate with this thinking? This is what I tell every parent, yet we still have so many students. How does that happen? Well, let me back up a little and it may make more sense.

When I started this karate school 16 years ago, I needed to get enough students just to keep the doors open. I thought I had to teach karate and make it FUN. So, we played a lot of games and tried to make everything fun. Well, I learned very quickly from our parents this was not what they really wanted. It clearly was not about being "fun" and something their kids "liked." Fun and like were not what parents demanded from us and even more importantly, not what their children needed. This is when I began to discover we had something powerful in our hands. What did we have? First let me go back even further.

The world of a child and the world of raising a child is much different than when we grew up. There are two things that have contributed to the difficulty of raising children today – technology and parents unknowingly over-protecting their children. To make a long story short, these two things create a completely new and different environment where everything comes so fast and too easy for children. We do want to protect our children and help them live a good life but we do not want them to live an "easy" life. If every child is always told they are the smartest or prettiest, if every child gets a trophy or we step in and handle all of their problems and stresses, they develop into "weak" children.

What do I mean by weak? Well the schools are uncovering a crisis. Children have four areas of development – physical, cognitive, emotional and social. We are doing fairly well in the first two but in the last two our children are falling further and further behind. Physically, because of advances in nutrition and medicine, our children are more advanced than we were. (Except in the area of fitness.) Cognitively they know far more than we did. Our schools are doing a great job. (Just try helping your child with their homework!) But for the last two our children are struggling and falling behind. Emotionally, young children are slow in developing basic self-regulating skills like focusing, listening, following directions and keeping their hands to

themselves. They have difficulty handling frustration and anger. As they get older they cannot handle setbacks or when things get hard. They quit or give up too easily. As they get even older, many are debilitated with anxiety, fear and sometimes anger. What ever happened to work ethic?

I think I don't have to say much about what is happening to our kids socially. Kids struggle to make friends, cannot read social cues and cannot look people in the eye. Remember when teens used to get in trouble at the shopping malls. Do you know where they socialize now? In their bedrooms on their smartphone.

Okay, so now we can get back to the first question. What I learned from our parents is that they wanted help make their children stronger. I don't mean just stronger physically, they desire to make their children stronger emotionally and socially. So, we evolved by listening to our parents and educators in the schools.

Our dojo has naturally developed into a unique and safe place where parents can bring their children to develop into strong thriving young adults. You can only develop strength and courage under four good stresses – **fear, hardship, failure and boredom**. Courage can only be developed in the presence of fear. Hard work, persistence and perseverance can only be developed by doing hard things you want to give up or quit. Boredom develops delayed gratification, creativity and curiosity. Children need these are strong emotional experiences.

There is not enough room here to go into each in detail, but I tell parents that in order to set up your child for success here, you need to be ready for your child to get scared, think this is too hard and get bored. Like working a muscle, they need these four stresses consistently every day to get stronger.

This is why karate is scary, hard and boring.

**For stronger kids,
Sensei**

World Polio Day is October 24th. The Hartland Rotary Club is among millions reaching out to raise awareness, funds and support to end polio – a vaccine preventable disease that still threatens children in parts of the world today.

Since Rotary and its partners launched the Global Polio Eradication Initiative 30 years ago, the incidence of polio has plummeted by more than 99.9 percent, from about 350,000 cases a year to just 22 cases in 2017. To sustain this progress, and protect all children from polio, Rotary has committed to raising US \$50 million per year in support of global polio eradication efforts. The Bill & Melinda Gates Foundation will match Rotary's commitment 2:1. Without full funding and political commitment, this paralyzing disease could return to previously polio-free countries, putting children everywhere at risk. Rotary has contributed more than \$1.8 billion to ending polio since 1985.
