 @hartlandschools

Buses are running, ovens are fired up, teachers are teaching and students are engaged in learning. I want to thank everyone for helping to get the school year off to a great start. To help us throughout the year, I have two traffic related issues that the district needs help with to ensure that everyone is always safe.

Over the past two years the district has been educating people on the need to not park in posted fire lanes. Please be aware that situations occur in which emergency response vehicles need to maneuver around our facilities using the designated fire lanes. The high school sports complex and the Lakes Elementary and Farms Intermediate circle drive are two examples where we still see people parking in the fire lanes. The district appreciates the public's cooperation in not parking where fire lanes exist, including the striped off areas in some of our parking lots. Tickets will be issued to those individuals choosing to ignore this expectation. Thank you for helping us keep our community members, guests and facilities safe.

Hartland High School parents and students who use the back entrance running by Creekside Elementary and through the Village of Hartland, please slow down and help us to ensure that the back entrance is available for arriving and leaving school. Unfortunately, the poor driving choices of a few could result in losing the ability to keep this route open, forcing all traffic to enter and exit on Dunham Road. Thank you for thinking safety first and convenience second.

September 2019 Person of the Month: Stacie Motz

I am an Instructional Data Tech and have been part of the HCS technology team for three years. I received my BA from the University of Michigan-Dearborn, majoring in Political Science. After college, I worked for an architectural firm and then a commercial development company as a property manager and construction coordinator. I received my secondary certification from Wayne State University through the Master of Arts in Teaching program in 2004 and have had various positions in education since.

I am married and have two daughters, Ashley and Magdalen. Ashley is majoring in marketing at Ferris State University and Maggie is going to be a freshman at Fowlerville High School. I have always been very active in the community and giving back is something that I hold very dear. As a family, we are active in 4-H. I also actively support the initiatives of Livingston County Hunger Council, United Way's Women United and 100 Women Who Care—Livingston County. My family holds an annual chili cook-off in memory of my sister-in-law Rosemary and we have supported many local families as well as other local organizations such as LaCasa, Genesis House and Mott's Children's Hospital. We are also in the process of creating a memorial fund scholarship in memory of my brother-in-law. I am beyond proud of the personal initiatives that my children have taken on. My youngest organized and set up a fundraiser at one of our cook-offs to support relief efforts for a family that we know in Puerto Rico whose house was damaged by Hurricane Maria. The money that she raised built them a new roof. My oldest is currently putting together a week of charity events in Big Rapids, which will help support seven different local charities. Seeing them take on these service projects, completely on their own, has been a proud parenting moment.

Every day is a memorable experience in the technology department. One stand-out moment is when the elementary PE teachers reached out to me my first year to work with them on putting together a report card in Illuminate. It has now become an annual tradition to meet, look at growth data and see how we can improve the assessments and forms. It is one of my favorite projects.

I love learning new things and enjoy the challenge of working in the technology department. I feel that we have the best tech team and love problem-solving complex issues with them. I get to work in a district where so many teachers are very passionate about their craft. Having the opportunity to collaborate with them is amazing.

Hartland Schools is truly a premier district and I feel very fortunate to be a part of the Hartland team. I have always felt very welcomed here and love the community and supportive atmosphere. Thank you for letting me be a part of your family.

Welcome Back From Hartland Transportation!

The 2019/2020 school year is underway. We are looking forward to another great year! As always, we strive to make your child's bus ride a positive part of their educational experience. Here are a few important informational points for review:

- Your student must be waiting at the bus stop 5 minutes prior to the scheduled arrival of the bus. Once the alternating lights of the bus are deactivated, the bus driver cannot legally reactivate them and it is then the parent's responsibility to transport their student to school.
- Students and Parents should never try to catch the bus once the lights have been canceled. Please do not go to another bus stop without contacting the Transportation Office; the bus driver must be notified.
- If possible, your house number should be visible from the traveled roadway; mailbox numbers are acceptable but should be large enough and clearly visible on both sides.
- The expected behavior of the student rider is found in the Parent-Student Handbook. We encourage parents to review these responsibilities with their children to ensure their privilege of riding is not lost. The handbook can be found by going to the district website at www.hartlandschools.us, then clicking on Parents & Students and then on Handbooks.
- Students should never cross the road prior to arrival of the bus.
- Livingston County Road Commission has informed us that the work on the Crouse Road Bridge has had some unforeseen delays and is now slated to open on September 7th. While this closure will increase the amount of traffic on Hartland Road from Clyde Road down to M59, we have been making arrangements to minimize the potential delays to our routes. The buses will make every effort to arrive at each stop as listed on your post card or in parent portal, however they may be a little late. Please remember that it is only temporary and traffic conditions are outside of our control. We appreciate your understanding and patience as we navigate this closure.

If you have any questions or concerns we would be happy to talk with you. Please contact the Transportation Office at 810-626-2175.

From the Guidance Office: Are You Ready for College Applications?

Seniors are encouraged to begin looking into the application process for the college, universities and post-secondary programs as school begins! Most colleges have their applications available online on August 1st. In order to apply for admission seniors must:

1. Complete the online college application and follow all steps outlined by the specific application.
2. Request that Hartland HS send your official transcript by creating a www.parchment.com account and completing an online transcript request. Students who are well organized and planning ahead can make transcript requests in August. However, seniors should note that the HS Counseling Office will not begin processing transcript requests until the second week of school.
3. Submit all necessary payment.
4. Monitor your application on through your account on the college website to make sure that all parts of your electronic application were received and downloaded in a timely manner.
5. Let your counselor know when you are accepted.

Once you have completed all of applications, seniors are able to move on to complete their financial aid applications (FAFSA) in October, which is much earlier than in past years. This earlier filing deadline will allow families to use their 2018 tax documents to apply for financial aid, rather than waiting until January for their 2019 tax documents.

Finally, seniors can begin the process of researching scholarship opportunities. There are numerous online search engines for scholarships that can be particularly helpful. In addition, the counseling office will email you a monthly newsletter filled with scholarship opportunities. Seniors who have used their summer wisely and have completed their applications early in the fall are far less stressed and have more time to devote to searching for scholarship dollars!

The Hartland High Band and Drum line attended band camp in August. The approximately 270 student members of the Eagles band spent one week away at band camp to learn comradery, marching formations and to increase their attention to detail under the direction of Brad Liably. We all look forward to hearing our amazing Hartland Band and Drum Line during football season!

To get ready for the football season, the varsity football team kicked off their season with a midnight practice! Players practiced on the lit football field to kick off the season with a lot of energy and hard work. Good luck this season!

Hartland High Schools' LINK Crew Members, along with advisors Amy Szabo, Amanda Lanigan and Natalie Russell, welcomed the incoming freshmen class for LINK orientation. Groups of ten freshmen are paired up with two upperclassmen for five hours of activities, building tours and tips on how to maximize the amount of fun and learning in four years of high school. LINK Crew members are trained to help ease the transition of 9th graders into high school. They meet with the same group of freshmen once every six weeks.

HMS Attendance Policy

Attendance is a crucial factor in determining student academic success. Please remember:

- Students late to school must be signed in at the office by a parent or legal guardian in order for the tardy to be considered excused.
- Unexcused tardies will result in disciplinary action.
- Students with excessive tardies (excused or unexcused) may be referred to the Livingston County Attendance Officer.

Thank you for helping your child to do his or her best by getting to school on time.

The office and teaching staff were excited to meet HMS families at registration and help them get off to a great start to the year.

Mr. Bliznik's Great Road Racers (GRR!) club (4th grade and up) had a great summer running as they prepared for the start of the fall cross country season.

Hartland Consolidated School's Support Person of the Year, Chuck Davis, works hard to keep our school in tip-top shape!

"E.A.G.L.E.S. Take Flight"—Social emotional learning is an area that each school in Hartland works on developing with our students every year. Social emotional learning involves helping teach students how to understand and manage emotions, set and achieve positive goals, feel and show empathy for others, establish and maintain positive relationships and make responsible decisions. We are looking forward again to working with Sensei Sam Larioza on our E.A.G.L.E.S. Take Flight Program! Principal Howerton will be sending out updates throughout the year on our work in this area. This work falls under the umbrella of our PBIS (Positive Behavioral Interventions & Supports) and E.A.G.L.E.S. concept (see below) which focuses on teaching positive behavior so students can be successful in school and life.

E.A.G.L.E.S. (Through Reason, Respect, and Responsibility)

E=Empathy—The ability to understand and share the feelings of another.

A=Achievement—A thing done successfully, typically by effort, courage, or skill.

G=Grit—Perseverance and passion for a long term goal.

L=Link—A relationship between two things or situations, especially where one thing affects the other.

E=Empower—Make someone stronger and more confident, especially in controlling their life and claiming their rights.

S=Serve—To be worthy of reliance or trust. To help persons and be favorable, opportune or convenient.

LOC Student Run Credit Union starts Year 3—Lakes' student-run credit unions are managed by 4th grade students with the supervision of an LOC employee. Student employees gain hands-on experience on how to run a branch and they perform duties of the various positions available at a financial institution. They are also taught real-life work skills.

Not only does this program teach valuable skills to students working the credit union, but it also gives students real-life lessons in savings and finance. All students, staff and parents at Lakes are eligible to open an LOC account through the student-run credit union.

Lakes Student Run Credit Union is open Thursday mornings from 10–10:30 AM starting in late September and operates under the direction of Stephanie Cole, Youth & Community Development Coordinator at LOC. More details on the Lakes website at <http://lakes.hartlandschools.us/>

If your child has a fever or vomiting, staying home from school is necessary until they are fever/vomiting free for 24 hours. Your child will benefit from early detection and action in order to get healthy and return to school promptly. I will continue to send attendance letters to parents when their child misses 5, 10 and 15 days of school. I will contact you for excessive tardies or early pick-ups as well. We hope to reduce the number of chronically absent students in order to improve student achievement and social-emotional skills.

Tips for Improving School Attendance:

- Try to schedule doctor and dentist appointments at the beginning or end of the day so that your child only misses an hour or a ½ day of school. Appointments can also be scheduled on days off as well.
- Monitor your child's attendance through Parent Connect to keep track of absences. Absences can add up quickly and parents are often unaware of how many times their student has been absent.
- Students are tardy until 9:20 AM. If your child arrives after 9:20 AM they will be marked ½ day absent. At the end of the day, students picked up before 3:20 PM are also marked ½ day absent.
- We know there are a wide variety of reasons students are absent from school, from health concerns to transportation challenges. There are many people in our building prepared to help you if you or your student are facing challenges getting to school. Please reach out to Mrs. Hottum whenever a need/challenge arises. We appreciate your efforts and concern.

Round is a wonderful place to learn and grow!

What's New at Village?

We are so excited to begin another school year here at Village Elementary. It feels like just yesterday that we were saying farewell to our students for the summer. We hope that our Village community had a chance to rest, relax and **READ** over break as we prepare for another tremendous year of learning.

Teachers “officially” returned to their classrooms on August 19, but many were working tirelessly in their learning spaces before then to prepare to expand the minds of our Village learners.

Village welcomed a new principal this year, Mrs. Angelina Kreger. Mrs. Kreger was previously a Dean of Students in Lakeview Public Schools and has enjoyed her time getting to know the students, staff and the community.

As the school year continues, please note that our communication to parents is going digital. Staff members have various ways of sharing information with families, so please stay connected. We know that Village will have many activities to keep you busy this year, and we don't want you to miss out. If you ever have any questions, please contact our main office and they will happily provide you with assistance.

Finally, fall is a wonderful time to reflect on change. The changing colors prompt us to wonder how we can continually adapt, while maintaining our strong roots. Village changes every day, and that change is prompted by our students, community and talented staff. As a staff, we are truly embracing the spirit of change and adaptability while remembering to honor our past and our roots. We hope that this is evident in the conversations that your students have with you at home and by your daily interactions with Village Elementary.

We welcome all of our newcomers to Village. We are all looking forward to this new beginning, and wish you a wonderful school year!

Welcome to our new teachers!

We are excited to welcome some new faces to our staff. Our Village family additions include, Ms. Kantola (JK), Mrs. Clarey (2nd grade) and Mrs. Wood, who will now be teaching with our 1st grade team. The staff of Village is extremely dedicated and caring, and truly lives up to our building theme of “building a BETTER Village, together.”

In the Alumni Spotlight: Michelle Cobb

Michelle Cobb is a 1990 Hartland High School graduate, who went on to Michigan State University after high school where she completed her Bachelors Degree in Psychology and her MBA. Michelle was nominated by her father, Bill Cobb.

Michelle is currently the president of a national recruiting firm, but since college she has also spent time as a college professor and Dean of Academic Affairs. She has always enjoyed helping people, whether in the college classroom or in assisting someone at the start of his/her career or during a career change. Michelle is driven by supporting people in need.

The special thing that Michelle does for the community is to work with people in transition between jobs and former military veterans, who are re-entering the workforce after serving our country. Whether she is assisting one of her clients to find a candidate with a specific skill set, aiding military veterans with career coaching, resume writing and overall "personal marketing," Michelle is very active in her community to support all levels of job seekers.

Congratulations Michelle!

Do you know a Hartland graduate that is worthy of the spotlight? Send nominations to editor Heather Calabrese at communitylife@hartlandschools.us and we will select one person to spotlight in each issue of Community Life.

What Happened To Strong Work Ethic?

Parents with young children need to read this, too!

An all too common scenario: "In junior high and now in high school John just does not care. He acts like he does not even want to be in school. He's barely getting by with C's, D's and an occasional F. It is always "some else's fault"—the teacher, his classmates, the dog ate my homework. When asked "What are you going to do after high school?" he barks back "Don't worry about it!" We can't get him to do anything around the house. When encouraged to get a part-time job, he passes up good offers as paying too little or it is work that is 'beneath' him. When he does get a job he quits within a week because he does not like the people there."

Dear Fellow Parent,

I am Sam Larioza, father of two wonderful kids and the owner of Ohana Karate. After working with hundreds of local children the most common question preteen and teen parents ask me is "How do I teach my child to work hard?"

Let me begin with a story. My daughter was fortunate enough to get a full athletic/academic scholarship to college. She had two sisters on her volleyball team that grew up on a dairy farm in Michigan. They were two of the hardest working people I have ever met and made everything look easy. Both were top students, always had a great attitude and always hustled ever second on the court. When asked why they would both smile and say "After waking up at 5 o'clock every morning on the farm, both college and volleyball are easy!" While many of their fellow students struggled just to stay in college, for them this was just fun and easy, and more importantly, the only way they knew how to live their lives!

So can work ethic be learned? **You bet!** Both strong work ethic and the opposite, laziness/sense of entitlement, are learned habits!

So how do you teach work ethic to your child? Well first the bad news – **It starts early!** It starts to form almost from birth. Now the good news – You do not have to move to a dairy farm! But, **you do have to teach this to your child because you are really the only one that can!**

Before I reveal the simple secret to developing strong work ethic, first let me tell you a question that almost all young parents ask me. This question always sends chills up my back – "Should I force my child to do something they do not want to do?" Many well intended new parents let their child learn and develop the habit of "disobedience" and "entitlement" – not listening and not wanting to do what they are told the first time, always getting what they want, not thankful for what they have, resisting everything, or always "negotiating" or asking why before they reluctantly do it.

Okay, I have forced you to wait long enough. Here is my simple secret: "At least once a day make your child do something they do not want to do!"

The solution is simple. It's simple but like everything valuable in life it is hard to apply. When was the last time your child had to do something significant that they did not want to do? Intentionally make them do it and do it often!

Next, if you really want to take your child over the top – *As early as you can make them do something that is hard, really hard.* Hardship is good. You want your child to live a good life **NOT** an easy life. So things like getting your Eagle Scout, playing football or hockey, competing in swimming, gymnastics, and ice skating or.....getting their black belt.

So I hope this helps. We help parents all the time with developing hard work and discipline in their child. If you need more help or advice please give me a call or drop me an email. You do not have to be a karate student. We help local families all the time. It is just our way of giving back to our wonderful community!

**Yours for Rock Solid Kids,
 Sensei**

LCUW's 2019 Day of Caring

Livingston County United Way rallied 1,201 volunteers for the 18th annual Day of Caring held on August 7th. Hartland homeowner Kristan, a Day of Caring recipient, says, "it was like winning the lottery!" Day of Caring is the largest one-day community service event in the entire county. In a single day, these amazing volunteers completed 105 projects, including installing new flooring, dry wall, painting, electrical work, yard clean up, deck builds, wheel chair ramps and so much more!

In past years, many of our project requests from seniors asked for assistance with yard clean up and light cleaning. But this year we had a large increase in requests from seniors who are living in very poor and sometimes dangerous conditions. Many of these projects require a lot of physical work.

We know without the generosity of the volunteers, local business involvement and sponsorships, Day of Caring would not be possible! We are so grateful and proud of our community! THANK YOU!

Learn more and stay involved at www.lcunitedway.org.

Lowry solutions worked on a day of Caring work site in Hartland. Kristan was extremely happy with the finished project. Denise Docusen with Lowry Solutions Team painted the deck, porch, completed yard work and painted and hung shutters.
