Superintendent's Corner

Chuck Hughes, Superintendent

 @hartlandschools

Between now and the end of the school year, I will be busy working with district personnel planning for the 2020-21 school year, while also meeting with as many people as possible to share information regarding the potential May 5, 2020 bond proposal. If the Board of Education passes an official resolution to move forward with the bond proposal on February 10, 2020, I will be hosting the following community information sessions: **Thursday, February 20, 2020 at 6 PM in the Board of Education Room and Wednesday, March 11, 2020 at 6 PM in the Board of Education Room.**

All community members are welcome to attend these sessions to ask questions and get a better understanding of what is included in the potential bond proposal. Please mark your calendars as I hope to see many of you at these meetings.

Did you know if the bond proposal is placed before the Hartland voters on May 5, 2020 and approved, our Robotics, Archery, and Band programs could be enhanced?

Robotics Program Enhancement: The proposal will call for renovating and building additional space at the Hartland Educational Support Service Center to house a Robotics Center. The center would include a work space, storage, restrooms and playing fields for the robotics program.

Hartland Archery Program Enhancement: The Round Elementary School would have its gym floor refinished to accommodate use for youth basketball programming so that the Hartland Archery program can move into a new home at Village Elementary. The space is big enough for maximizing shooting lanes and will allow for storage so that the program does not have to live out of a trailer, as they have been for many years.

Band Program Enhancement: The Hartland Band programs would also benefit from the passage of the bond proposal as it includes options for the purchase of new band instruments. It has been roughly twenty years (2000 Bond) since the band programs have seen an emphasis on instrument replacement.

Please contact me at 810-626-2100 or chuckhughes@hartlandschools.us if you would like more information on the potential bond proposal. If you have a group that would like to have me visit for a question and answer session regarding the bond proposal, please let me know. I would love to meet with you and/or your group.

OK2SAY Program: A great way to work together to address concerns

OK2SAY is a student safety program which allows students to confidentially report tips on potential harm or criminal activities directed at school students, school employees and schools. It uses a comprehensive communication system to facilitate tip sharing among students, parents, school personnel, community mental health service programs, the Michigan Department of Health and Human Services and law enforcement officials about harmful behaviors that threaten to disrupt the learning environment.

School violence is a major concern of parents and students around the world. If you are not familiar with the OK2SAY program, it is a simple way to report concerns that you see or hear. Together we can continue to build a safe environment for all of our children.

Stop the Silence. Help End the Violence.

February 2020 Person of the Month: Chris Foster

I've been married to Caralin for 22 years. We love to go camping in Da UP! We tent camp and try to get as far off the grid as possible! Together we have 2 sons, Tatum and Tristan. Tatum, is a sophomore at Oakland University studying electrical engineering. Tristan is an assistant manager for Domino's in Fenton. We also have a dog named Rocky and a cat named Thor. Caralin and I take Rocky and Thor for a walk almost every day.

I have a bachelor's degree from Hope College and a master's degree from Eastern Michigan University. I have worked for Hartland Schools for over 22 years. I started working with at risk fourth and fifth grade students at Lakes and doing Latchkey for Community Education. During my time at Community Education, I had the opportunity to work closely with my aunt, Kathy Lampe. I taught 2nd grade at Lakes for 11 years and I'm currently in my 11th year as a 4th grade teacher at Lakes.

I've been involved in other ways with our district. I worked for

Hartland's Camp Invention (2014-2018) at HESSC. For the past two years I've worked a variety of athletic events. Working the athletic events with JD Wheeler, Anna Devitt and the event staff has been a blast. The best part is I get an opportunity to see many former students in action on the court, rink or field.

Over the years I have had many memorable moments. On two separate Halloweens, I have had people dress up as me. One was a student and the other was Matt Conway. On both occasions they had the beard, clothes, mannerisms and speech patterns perfected. It was hysterical and flattering to see. I've also performed quite a few songs, dances and even had my hair cut during assemblies!

It seems like only yesterday I was on the bus doing the tour of Hartland with the new hires. I'm fortunate to be part of a great team with Michelle Cannart, Teresa Bowen and Rachael Krease. We believe collaboration and teamwork are keys to success in education. They challenge me to be the best educator I can be.

Hartland is a great school district with fantastic people. We have a long history of working together to create a bright future for our students.

Mission Statement:

The Hartland Consolidated Schools, in cooperation with the community, will provide a positive environment for the development of productive and caring individuals of all ages. We are teaching learning for life.

District Vision Statement for Hartland Consolidated Schools:

A community of learners sharing successful tomorrows.

We are looking for alumni news!

Do you know of a Hartland graduate who is doing something special or outstanding? We know there are plenty of former students doing some amazing things and we want to hear about it. We are looking to highlight a Hartland High School graduate each month that we feel the community would love to hear about. Send nominations to editor Heather Calabrese at communitylife@hartlandschools.us and we will select one person to spotlight in each issue of Community Life.

**Kindergarten Enrollment
2020-2021**

Kindergarten enrollment packets are now available online at hartlandschools.us.

Kindergarten Orientation

A Kindergarten Orientation will be held on Saturday, February 8, 2020, from 10 AM to 11:30 AM at the Hartland Educational Support Service Center, 9525 E. Highland Road.

The orientation will provide parents an opportunity to hear from kindergarten teachers about a “typical” school day and the kindergarten curriculum. In addition, administrators will be on hand to talk about school safety, transportation, school attendance areas, student nutrition, and answer questions. This will be a family-oriented event and you are encouraged to bring your kindergarten child(ren).

Parents may begin the pre-enrollment process online and complete the enrollment when visiting their respective elementary school or the HESSC and providing the following documents:

- Birth certificate—a copy for school records.
- Immunization records with proof of DTP, Polio, MMR, Hepatitis B, Chicken Pox vaccines (or proof of having illness), and vision screening, plus copy of same for school records.
- Proof of residency using one of the following: certificate of occupancy, purchase agreement, builder’s permit, rent receipt or agreement, mortgage statement/receipt, voter registration card, utility bill, driver’s license.

Children are eligible for enrollment in kindergarten in August 2020 if they will have their fifth (5th) birthday on or before September 1, 2020. A child who turns five after September 1st and before December 1, 2020 may enroll if parent/legal guardian signs a waiver that is supported by the school district.

A full-day Junior Kindergarten program may be offered. A minimum number of students are required for the program to be made available. Parent may need to provide transportation in order to participate. The age requirements for Junior Kindergarten are the same as for the regular Kindergarten program. You may contact Scott VanEpps at 810-626-2111 or scottvanepps@hartlandschools.us for more information.

Hartland Home and Garden Club

The February meeting of the Hartland Home and Garden Club will be Wednesday, February 12th at 7 PM at the Hartland Senior Center, 9525 Highland Rd, Hartland. The guest speaker will be Sara Thomas, naturalist, and founder and President of the Livingston Land Conservancy. Sara will share examples of the native wildflowers growing on the Conservancy’s nature preserves and how she has used native wildflowers around her home landscape as well as good sources to purchase native plants. You will learn how natives are a good choice for your yard or landscape and the value of natives over non-natives for a healthy ecosystem. The fee for non-members is \$5. Non-members send an e-mail to gardenclubmembers@yahoo.com if you will be attending.

Driving Hartland's Future

Whether you're just beginning your career, looking to supplement your income, wanting to build lasting relationships in the community, or just enjoy working with children, becoming a driver is the perfect opportunity to join the Hartland team. Here's what three of our drivers have to say:

Kris, a 16 year driver: "I enjoy working at Hartland Consolidated Schools where everyone is friendly, helpful and really cares about the well-being of our students. What I love most about driving, is bringing the kids to school every day, watching their energy and how they grow year after year. It has been fun and rewarding these last 16 years!"

Joe, a 14 year driver: "As a retiree, I drive for several reasons. First, I love being outdoors and around kids. They help me think and feel young. Second, I enjoy getting to know kids individually over the course of the school year. Sharing some of their youthful ambitions, dreams and goals is particularly enjoyable. Over the years, I will often wind-up driving several children from the same family which is very special. The work schedule of a couple of hours mornings and afternoons gives me plenty of time for leisure activities during the day, and having summers off feeds my passions for sailing, fishing and golf. If you like kids, there is simply no better part-time job on the planet."

Kalan, a 3 year driver: "As a mother of two young children, being a bus driver has given me the ability to match my children's school schedules. Having these flexible hours and summers off is huge for our family. I also have found so much joy in watching our students learn and grow every day! I feel blessed having the opportunity to become a part of Hartland's Transportation family!"

The bond between the drivers is strong because they share the same passion. Their longevity is proof Hartland is an enjoyable and rewarding place to work. Come join our team to brighten a child's day and give back to your community. Our staff is waiting to hear from you.

What Is Career Technical Education (CTE)?

Career Technical Education (CTE) provides students with the academic and technical skills, knowledge and training necessary to succeed in future careers and to become lifelong learners. In total, about 12.5 million high school and college students are enrolled in Career Tech Ed classes across the nation. Hartland High School is fortunate to participate in a county-wide consortium that allows our students to access a wide variety of CTE programs. Livingston County CTE programs expose students to the high demand careers of tomorrow and offer our students the opportunity to access both collegiate and apprenticeship programs after high school.

Program offerings include:

- Agriculture Science (Botany & Greenhouse Management/ Zoology/Vet Science)
- Automotive Technology—Maintenance & Light Repair
- Computer Aided Design
- Computer Networking Security
- Construction Trades

- Cosmetology
- Culinary Arts and Hospitality
- Early Childhood Education
- Emergency Medical Training (EMT)
- Energy Technology
- Engineering and Robotics
- Firefighter Training
- Graphic Communications
- Health Occupations
- Certified Nursing Assistant (CNA)
- Manufacturing Engineering Technology
- Private Pilot Ground School

Extensive program information can be found in the Hartland HS Curriculum Guide (<http://www.hartlandhighschool.us/Counseling/index.html>) and at the county CTE website (<http://www.livingstoncte.org/>).

The Hartland High School LINK Crew started up their "High Five Fridays" again this semester! Teams of LINK Crew members greeted students, parents and staff with a friendly greeting and a high five as they entered the building. LINK Crew is a group of ten 11th and 12th grade students who act as mentors for 9th grade students as well as ambassadors for friendship and service to the high school. LINK Crew also met with 9th grade students during Friday's seminar time to reflect on first semester as well as making a goal for second semester. LINK members highlighted the spring scheduling process for freshmen. Groups of eight to ten 9th grade students are paired with two upperclassmen at Freshmen Orientation in August, and they meet every six weeks to discuss high school life, major events at HHS and give advice as they navigate their first year of high school. LINK Crew advisors are Mrs. Amanda Lanigan, Mrs. Natalie Russell and Mrs. Amy Szabo, who run trainings for the LINK Crew before each meeting.

Honors chemistry students in Mrs. Jessica Simpson's class played friendly games of "Electron Configuration Battleship." Students are learning about electrons, their energy and their placement around atoms. To practice writing electron configurations, students set up a battleship board, which included "ships," but in order to hit a ship, students had to verbally call out the full electron configuration for the element on the periodic table. A fun way to learn chemistry!

Mrs. Teri Wozny took her sociology class to the Eagles Nest to practice a very important soft skill—eye contact. Students were placed in two concentric circles and were asked to talk for one minute to whomever ended up across from them. Mrs. Wozny asked a leading question, such as "what would you do with \$1 million?" Students were expected to have a conversation to answer the questions, while making eye contact with the person they were speaking to. After a minute, the outside circle rotated and another question was asked. If the discussion did not last one full minute, the pair was expected to make eye contact as they stood in silence!

Updates From the Hartland Area Community Council

This year's Memorial Day Parade theme celebrates the 85th year of the celebration and it is time to start planning for Livingston County's best parade! Volunteers are needed. The parade is entirely volunteer-run, with parade "marshalling" to make sure parade participants are safe, lined up in order, and timely ushered through the parade route. Helpers are always needed for the Epley Park vendor processing and set up coordination on Memorial Day. In addition, we can always use help with clean-up at Epley Park and on the parade route at the end of the parade.

If you wish to be in the Memorial Day parade, start your planning now and complete a 2020 Parade Application. Remember this year's theme, "Hartland's 85th Memorial Day Parade – A Proud Tradition," when decorating your float or designing clothes for your parade participants.

If you know of a person that has provided significant leadership and community service, consider taking the time to nominate them to be the 2020 Parade Grand Marshal. To nominate a person e-mail Cliff Schiesel at cschiesel@gmail.com no later than March 27th. You can also send your

nomination to Hartland Area Community Council, PO Box 113, Hartland, MI 48353. In addition to the person's name and contact information, share the reasons why you believe they deserve this honor. The election of the Grand Marshal from your nominations will be conducted at the April 6th meeting of the Hartland Area Community Council

To place an ad in the annual Parade Booklet, please fill out the 2020 Parade Booklet Ad Application or if interested in having a space at Epley Park to promote your business or organization, complete a 2020 Vendor Application and return them with the appropriate fee to Hartland Area Community Council, PO Box 113, Hartland, MI 48353. Rewards are great since this one event can draw 5,000 people showing honor to our military veterans.

It's time to get started! The Memorial Day Parade is Monday, May 25, 2020. Next Community Council Meeting: Monday, February 3rd at 6:30 PM at Ore Creek Middle School.

All application forms can be found at www.hartlandcommunitycouncil.org.

Mrs. Anne Hasseld and Mrs. Jen Lhota are the Hartland Women in Technology advisers who have been working with young women to re-engineer a PowerWheels Jeep into an autonomous vehicle! The women worked with the Hartland Robotics group to modify the Jeep so that the Jeep's motion would be controlled by the rear-wheels only. They also added an Arduino (computer) and programmed the Jeep to successfully complete their first of 7 challenges. The design challenge is supported by SquareOne Educational Network, which will conclude with a vehicle challenge course. Excellent work ladies, and good luck in competition!

Students of the Month!

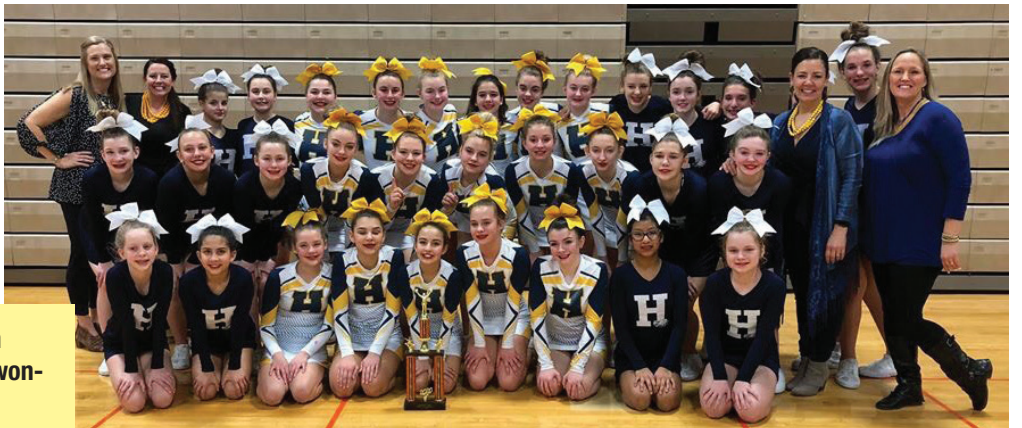

Congratulations to our Students of the Month Faith Lutomski and Caroline Gerwoll. They were selected from 7A and 8A teams for stellar academic performance and citizenship. The teachers from their teams noted their willingness to not only be their best, but to also help others do the same. We are proud of Faith and Caroline!

Congratulations to Our Students of the Month

Each month at Farms Intermediate School, we acknowledge students who have been nominated by their teachers for outstanding academic performance, as well as, for displaying exemplary Reason, Respect, and Responsibility. Students are presented with a Student of the Month certificate and their names are announced school-wide. Congratulations to our Students of the Month!

Back Row: Kaitlyn Brennan, Sehee Kim, Claire Johnson, Olivia Moulton, Carly Gentry and Eli Sturos. **Middle Row:** Finley Stanaway, Emma Applegate, McKenna Fulton, Anna Gnagey and Peyton Earl. **Front Row:** Drake Callanan, Reid Pilon, Easton Trumbull and Wyatt Pechette.

Math and Reading Stars

The Farms teachers select two students each month from their homeroom classes who have exhibited good reading or math habits. These students are the ones you see reading whenever they have a few minutes to spare, or they are putting forth exceptional effort in their math classes. Congratulations to our Star Readers and Math students!

Back Row: Mia Lawrence, Delilah Pratt, Alyssa Mainka, Ethan Ike, Sophia Blandina and Penelope McKenna. **Middle Row:** Brady Payne, Dane Dunbar, Jenna Bois, Peton Scott and Ciara Glynn. **Front Row:** Mia Pietila, Lucas Hughes, Lucille Egenolf, Kalin Howerton and Paige Russell.

Thank You Creekside Families!

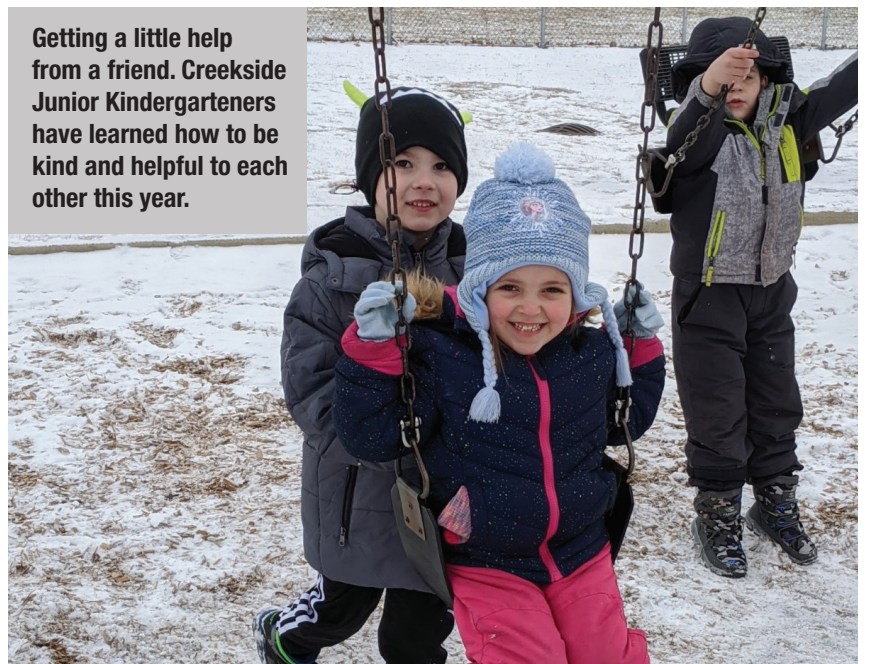

Thank you to all of the Creekside families that contribute to the success of our students. I am proud of the accomplishments our staff and students have made so far this busy school year. The staff works as a team every day to ensure the success of every child through high quality classroom instruction including small group and individual instruction. We have had an amazing first half of the year and we are looking forward to a fantastic second half of the year!

Thanks to Ms. Hagar for supporting our 3rd and 4th grade Choir performance. They dazzled us with a Christmas Concert that was loved by all.

Creekside Crusaders spent time being "detectives" and learning about Forensic Science. Thanks to Jessica Drager for making our time with you so exciting!

First graders were entertained with a one-of-a kind interactive zoo experience through an in-house visit by Supe's Exotic Jungle.

The Round Round up!

Winter brings a lot of exciting things to Round Elementary. It might be cold outside but the school is brimming with learning and excitement!

Thank you to all of the Round School family that contribute to the success of our students. I am proud of the accomplishments our staff and students have

made so far this year. The Round Elementary staff works as a team every day to ensure the success of every child through high quality classroom instruction including small group and individual instruction. We have had an amazing first half of the year and we expect a great second half as well!

Peer buddies help each other with the 3Rs.

Native American Presenter Gary Gareeb treated third graders to a visit. Mr. Gareeb provided a hands-on experience with Chippewa, Potawatomi, and Ottawa Native American Culture, resources and artifacts. Students were impressed with the resourcefulness of these Michigan tribes.

Village Recognizes the HCS Board of Education

The students at Village wanted to share their appreciation for the HCS BOE during Board Appreciation month and hosted a wonderful lunch on January 6 for members of the Board. The Village staff and community is thankful to our HCS Board members for all that they do to support our Village students.

PTO Hosts Two Terrific Events

The Village PTO sure knows how to throw an amazing event. Our Santa BOGO Book Fair and Family Fun Night was a major success. Families were able to come in and purchase a few early presents, while students did some crafts, saw Santa and decorated cookies. It was a great night for our entire community and we were able to raise enough money to provide each teacher a voucher for \$50 in books for their classroom library. We are so thankful to our PTO and our families for helping support our school.

A few days later our PTO was back at it again, organizing and helping our students shop at the Santa Shop. This in-house store allowed students to purchase gifts for their families for the holidays. Students were so excited to be able to shop on their own for their family and friends. While many of them were not the best at keeping their gifts a secret for long, it was a wonderful experience. To see the joy on their faces as they toiled over the perfect gift to get grandma was precious. These are the events that students will remember for the rest of their lives and we cannot thank the volunteers enough for all that they do.

Celebrating the Holidays at Village

Spending time in an elementary school around the holidays is a special treat. Village is definitely no exception and was alight with holiday festivities and cheer. Teachers, students, and parents were overwhelmed with the Christmas spirit and it was great to see the joy throughout the entire building. Each grade-level chose to celebrate the season in their own way. Some had pajama movie parties, others made hot chocolate while watching Polar Express, and some even competed in cookie decorating contests. No matter what the theme, every student was able to get into the holiday spirit and enjoy time with friends.

Part III: Taking a Closer Look at HVA

In 2011-2012, HCS opened its cyber high school campus (HVA). For the past eight years, Hartland Virtual Academy has provided a twenty first century option, which supports students ninth grade through graduation. Today, HVA enjoys residency at the Hartland Educational Support Services Center (HESSC) in a state of the art computer lab.

HVA capitalizes on two different online learning platforms, and students can choose from over 150 classes that range from core requirements to CTE electives to AP courses. While students are required to come once a week, they are encouraged to come as often as they want and/or need. HVA continually looks for ways to integrate learning opportunities that connect virtual learners in face-to-face settings as well as the cyber world. Finally HVA students have access to all the options of an HCS student including dual enrollment, social events like homecoming and prom and graduation commencement.

HVA prides itself on flexibility, and that versatility allows students to find success while pursuing dynamic opportunities. HVA's flexibility also supports student success if virtual learners need to focus on medical or mental health issues, anxiety challenges or a host of other concerns that require the unique scheduling we offer. Throughout the years, HVA, and by extension HCS, has encouraged and supported virtual learners in the following ways:

- Participating as a member of a federal campaign
- Training for national sports' competitions out of state
- Touring for a dance company
- Extended travel with family
- Dual enrolling in college online
- Studying unprecedented and individualized curriculum
- Acting in movie roles

To find out how to start at HVA visit our website or follow us @hartlandalted.

December Students of the Month

Myah Moore: Myah is an amazing LEGACY junior who is both dual enrolled at Washtenaw Community College and participating in the Work Study Program with the Hartland Chamber of Commerce. She is academically engaged and artistically inclined. Myah is willing to tackle any task asked of her, and "she creates such beautiful works of art they should be in a gallery or sold in stores." Myah's creativity is a hobby; however, because she plans to become a Veterinary Technion. Thankfully the LEGACY family keeps Myah for one more year before she heads to college.

Robert Kuikahi: Robby is a LEGACY senior whose perseverance has caught the attention of his educators. He has overcome several obstacles on his path to graduation and serves as a role model for the underclassmen. Furthermore, his polite and welcoming demeanor is highlighted by his teacher's compliments that "he is dependable and trustworthy" and "I know that if he gives me his word he will always follow through." Robby is currently in the Mott Community College Welding Certification program through Michigan Works. He plans to use this certification in a branch of the military when he graduates this spring.

Thank you to everyone who helped make the holiday magical at HCS Alt Ed!

Hartland Consolidated Schools Preschool

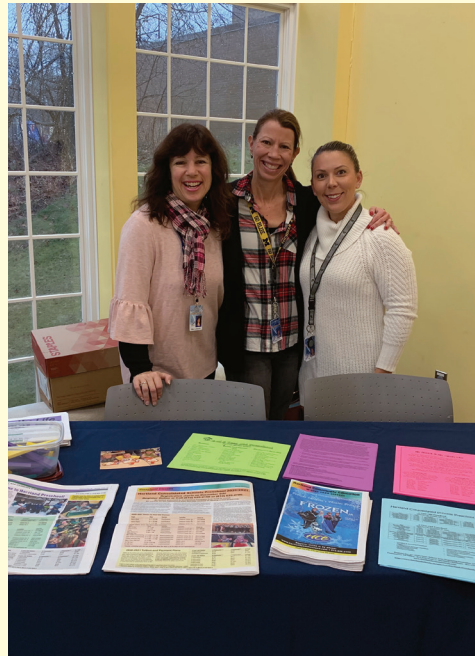

810.626.2780 or 810.626.2150

Welcome to Hartland Preschool!

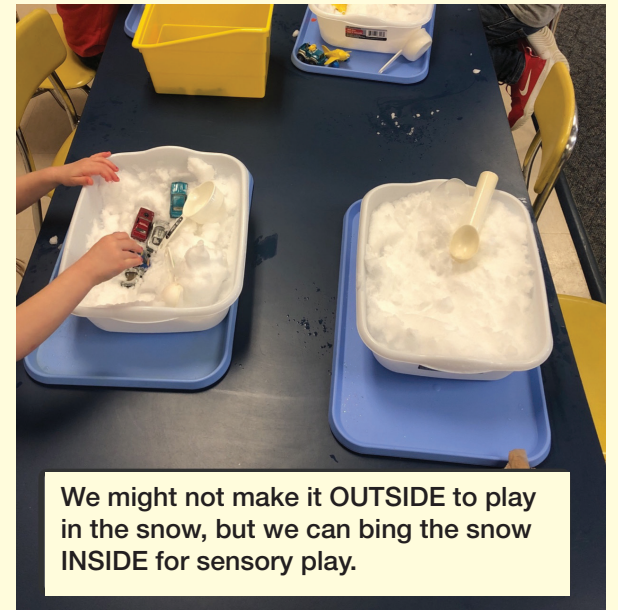

An important component of a child's learning is the act of learning how things work. Our early childhood team shares the vision of focusing on the process versus the product. This means that we believe in the value of teaching our students how to use tools and materials, rather than sending home a craft that was completed with quite a bit of adult help. Although pieces of work coming home with this vision may not seem "perfect" to everyone, the thought process that goes into these pieces of work are truly in depth and warrant praise and excitement.

Cutting off of the lines and mismatched gluing, or placing details of a picture where you wouldn't expect, are signs that your little one is problem solving. They are learning the processes of how to cut, how to glue and how to put the picture in their head onto a piece of paper. What might seem like a small detail is actually a very important piece to the development of our children. They need to be able to practice these skills on a regular basis and be encouraged to try their best so that they can continue to use these processes to develop their thinking skills.

These are activities that can be seen on a regular basis in our classrooms. We believe that our focus is to foster critical thinking and development through fine motor activities, art projects, sensory activities, gross motor development and every other aspect of our day. By allowing your children to learn and focus on these processes, you will be amazed to witness the growth they will achieve.

Limited Childcare Center spots available. Please call today!

Need awesome child care?

Our licensed Day Care has limited openings. Please stop in or call to see if we have availability for your child. We serve infant through early 5's in our daycare.

We offer care for children who attend the Round, Village and Creekside, Lakes Elementary and Farms Intermediate School. The children who attend the **Lakes or Farms** Schools may enroll at the School Street center, or take advantage of the school-age program at the Lakes Elementary School.

The School Street Center is open from 6 AM–6 PM. Lakes Elementary is open from 6:30 AM–6 PM.

Both programs offer gym activities, arts and crafts, and outside play. When you are signed up for the Before and After School Care, you also have the option of attending on the "No School" days or Snow days! Our center is almost always open!

Before & After School Child Care Only

Full time enrollment (5 days a week) is \$10 a session. Part Time enrollment (2-4 days a week) is \$15 a session. The minimum enrollment is 2 sessions a week for a charge of \$30 for the week.

Example- A student needs to attend 5 morning sessions and 1 afternoon session. The charge would be \$50 for the AM and \$10 for the PM session, for a total charge for the week of \$60.

You must notify the office if your child/children will be absent from the Before

& After school program. Your regular weekly tuition will be charged unless the Center is closed. If your Before & After School child attends on a no school day, snow day, etc., your tuition for the day will be \$42.

Come visit our center to see all the activity, located at 10235 School street in downtown Hartland. Call the office at 810.626.2780 or email childcarecenter@hartlandschools.us.

Winter fun at Hartland Childcare Center!

Friends of Cromaine Library

Wow! It's February already, and the "Friends" January Booksale/Bakesale is a very special memory. A big thank you to all the volunteers who helped with either the book or bake sale. A huge thanks goes to Hartland's Kroger's for the very generous amount of bags they donated to help with our bag sale event.

It is important for folks to realize that all profits derived from any "Friend's" money-making projects go directly to help Cromaine with their endeavors. The "Friends" have donated \$15,000 for events and activities in 2020.

The "Friends" hope that everyone will attend the "Friends" Anniversary Party on Sunday, February 16th between 2 and 4 PM. Enjoy music and treats to help us celebrate our special group. Join us and learn what the "Friends" are all about! Please call 810-229-7356 with any questions.

Your Friend,
Mary Lynn

SNOW DAY POLICY

When school is called off due to inclement weather (snow or cold) there will be no enrichment classes or other building events until at least 4 PM. By noon we will have decided if we believe the roads and our facilities (sidewalks, parking lots, driveways, etc) are ready for events to happen safely at 4 PM or after. We will post our decision at noon on the district home page, Community Education home page, our Facebook page, twitter and any other ways that we can communicate. If in doubt, please call Community Education at (810) 626-2150 to see if your class/event is on.

The Hartland Senior Center will always be closed when the district is closed due to

inclement weather. Stay home and be safe.

The Hartland Childcare Center will always try to remain open if the staff can report and our facility is deemed safe for arrival. The weather forecast is a factor as well. We will email the parents of all registered children if we are open for childcare.

The Aquatic Center will be closed until at least 4 PM. Please check the district website, the Aquatic Center's website or call to listen to the recording at 810.626.2279.

The Community Education office will be staffed whenever possible at 8 AM. Please call 810.626.2150 with any questions.

HERO Teen Center

The Hero Teen Center is flying with their new directors! Pictured here are some teens with director Danny Livingway. Danny is a Computer Science whiz and, with the help of the teens, he pieced together a new computer for the kids to play some virtual reality and other games. The teens will be serving food donations at the Hartland Family Winterfest on February 8th at Heritage Park. Come join the fun at the HERO center on school days after school until 6 PM.

MY CHILD IS NOT SHY ...

Do they ever hold back?

I cannot tell you the number of times I have heard a young mother say to me **"Sensei, Bella is not shy...once she gets to know you she is not shy at all!"**

I have to just smile and nod because this is what shyness is—that initial reaction or holding back!

We see so many shy children today. Is it more common and prevalent in today's world? I think both pushing kids too hard too young (making them perfectionists) and "over-parenting" (helicopter parents) may be contributing factors.

Working with children with shyness is near and dear to my heart—because I was shy growing up! I did not realize until just recently how much it affected my life. But I now see that it held me back and was a self-limiting factor in almost everything I did.

Were you shy as a child? Are you still a little shy now? Besides meeting people or trying new things here is what it did to me—it caused me to live in the dreaded **"grey zone"**!

The grey zone is that place in the middle. You know it—wanting to lay low, not stick out, stay safe, not take any risks. I, like many, was trapped in a box and never really realized it. Instead of excelling I had to stay average and fit in. If you want to know the truth just replace the word "mediocre" for the word average. I was set on a track to live a mediocre life. This now drives me absolutely crazy!

Here is another amazing revelation that took me 50 years to realize—like many, others saw me as a successful high achiever. I graduated from the Naval Academy, had a successful career in the Navy and corporate world, a wonderful family. Yet I know, looking back, I always stopped short of my full potential. So even if you have a

seemingly successful and high achieving child, is shyness keeping them in that safe "grey zone"? That grey zone of "this is good enough" and I do not want to extend any further so I stay safe. Just imagine if you could free them from that powerful invisible box.

I tell you my story only to make it real for you or hopefully help you see it in your child (or even yourself). Even high achievers are affected by shyness. And, definitely if you have a young child you could significantly change the course of their life now. So do you see the signs of shyness in

your child? Meeting people, separation anxiety, shying away from hard or new things, giving up or quitting too easily or quickly, inability to speak up or raise their hand? Taking the safer easier way? Living in the GREY ZONE?!

Okay so what can you do as a parent? The way to get your child out of their box is to form a simple powerful "habit". This is the habit of constantly confronting and conquering/powering through their fears because that is all shyness is - a form of fear. Here is the key to any fear—**every time you encounter a fear and power through it YOU get stronger but...every time you hesitate, hold back or step back your FEAR gets stronger!**

I love this quote from Eleanor Roosevelt—**"Do one thing every day that scares you!"**

'Til next time!

Yours for Rock Solid (and courageous, unstoppable) Kids,

Sensei Sam Larioza
