Superintendent's Corner

Chuck Hughes, Superintendent

 @hartlandschools

Welcome to October. It has been a long process to get to this point in the school year. District staff have been working extremely hard since March to figure out the best way to open school safely for our children so that they can have the best opportunity to learn and get back to normal. While I feel like a broken record, I cannot tell you how important it is that our community focuses on supporting these efforts. Remembering the importance of using cloth face masks that cover the nose and mouth is an essential practice toward keeping our buildings open. Maintaining social distance standards where possible and not hosting large gatherings with friends and family goes a long way towards limiting the possible transmission of COVID.

Thank you!

I want to thank our teaching staff especially. Currently, we have 83% of our families attending school while 17% are engaged in remote learning. Our teachers are working diligently to create opportunity for student learning in both modes. This is not easy and extremely taxing. I appreciate how patient our students and parents have been with this demanding process. While every child will be presented with learning experiences based on the State of Michigan education standards, it looks very different depending on which option for learning has been chosen. I am asking our teachers to do the best that they can every day. The fact is that our Phase 4 Return to School Plan was designed around the ability to offer students an opportunity to make a choice that can be changed when needed, with little to no loss in the process of learning. This is very different than pulling teachers out of the school to teach virtual classrooms and requiring a full-year commitment by parents or resorting to an all-district virtual learning experience. It would be very difficult to support participation in athletics, band, robotics, etc. if we were all remote, considering that if we were all remote it would be based on the idea that it is unsafe to have groups of children working together.

Someday, we will all look back and remember 2020 as a year of difficulty. Thank you for sticking with us.

October 2020 Person of the Month: Dan Aldred

We have 4 children and enjoy traveling and spending time together. We were all headed to Ireland this past summer before our plans had to change. In addition to my teaching responsibilities, I also serve as the Junior Varsity boys' golf coach. I have enjoyed all 11 years as the JV golf coach and have witnessed so many of these players go on to be upstanding gentlemen. I am a lifetime member of the high school ICT team and have enjoyed working shoulder to shoulder with many of my colleagues. In addition to teaching, I enjoy hunting, fishing, and truly loving every day.

not spent much time in Hartland and did not know much about the district. I quickly realized that I had been given a great opportunity to work in this Premier School District. Eleven years later and I am still teaching in Hartland and loving it. The high school is full of great educators and I love coming to work each day to work with them. I try to be part of Hartland culture as much as I possibly can and see myself finishing my career here. My favorite piece of Hartland culture that I was able to experience was with the Spanish trip to Costa Rica in 2019. The trip was great on so many levels, but the biggest takeaway was how wonderful our kids really are. There are not many schools that could take 48 young adults on the road for 10 days and have zero issues with behavior.

My most memorable moment was co-starring with many other teachers in our rendition of "What Does the Fox Say." Principal Ben Mainka and I were the two foxes, so we were center stage. It was fun to make so many students laugh because of all my horrible dance moves. I had to step way out of my comfort zone that night, but it was well worth it. I have been told it is still on YouTube, which is a sign of the times that we teach in. If you were a part of that talent show, then you know that kids love it when we step out of the box for them.

Fellow teacher Teri Wozny and I were asked to start up a cadet teaching program here at Hartland High School. This has been very refreshing to see young adults have so much excitement towards this profession. We are in desperate need of young qualified teachers, and it's our hope that we start these young educators out on the path of becoming successful teachers. I hope people see that if we don't make this a desirable profession, then we won't be able to find highly effective teachers in the future.

I have taught social studies at Hartland High School since 2010. I earned my Bachelor of Science degree in History from Grand Valley State University and a Masters in Educational Technology from Saginaw Valley State University. I have taught global studies, government, economics, American history and contemporary affairs. I am currently teaching criminal justice and cadet teaching. My classes are career driven, so my students have an opportunity to learn about their potential future profession.

My wife Abby and I have lived on a farm in Fowlerville for the past 11 years. We are 30 years from making it a Centennial Farm.

As I was breaking into the teaching game, I always thought I would settle into teaching in Fowlerville. I had developed great relationships there, but when there was an opening in Hartland, I jumped at it. I had

Community Life Volume 86, No. 8, October 2020

A monthly publication sponsored by the Heartland Foundation in cooperation with the Hartland Board of Education and Hartland Community Education, dedicated to informing the public in matters of education, local government, community services, organizations and cultural opportunities. Founded in October 1933 by the Hartland Area Project in the interest of rural progress and prosperity.

Editor: Heather Calabrese

\$25 subscription rate per year for readers outside of Livingston County.
Reader donations appreciated.

Mission Statement: The Hartland Consolidated Schools, in cooperation with the community, will provide a positive environment for the development of productive and caring individuals of all ages. We are teaching learning for life.

District Vision Statement for Hartland Consolidated Schools: A community of learners sharing successful tomorrows.

We are looking for alumni news!

Do you know of a Hartland graduate who is doing something special or outstanding? We know there are plenty of former students doing some amazing things and we want to hear about it. We are looking to highlight a Hartland High School graduate each month that we feel the community would love to hear about. Send nominations to editor Heather Calabrese at communitylife@hartlandschools.us and we will select one person to spotlight in each issue of Community Life.

Friends of Cromaïne Library

We’re going on the seventh month of the pandemic and some folks realize that they have had special bonding time with their family, and they’ve had time to enjoy and perhaps enhance their dwelling. I do know that we’ve come to appreciate many things a bit more.

I have always been a true lover of our library—good books, CDs, DVDs and magazines are always available at my beck and call. I’ve come to realize how hard the Cromaïne staff works (and has always worked). With a smile underneath their masks, they’re spraying, wiping and handling a million requests—most of which they fill. Our new Director, Mallorie Devilbiss, has not missed a beat. I truly think in my heart of hearts, that we owe our wonderful staff a standing ovation.

Please do drop by the “Friend’s Book Nook” when you visit the library. You’ll be in for some surprises. Each month will be highlighting a different genre. Coming up:

- October, Fiction**
- November, Non-Fiction**
- December, Children’s Books**

What You Need to Know About Bus Warning Lights

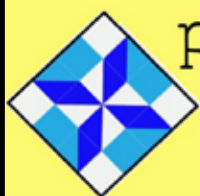

School bus safety tips for drivers:

- Prepare to stop when a slowing bus has its overhead yellow lights flashing.
- Stop at least 20 feet away for buses when red lights are flashing, unless driving in the opposite direction on a divided highway.
- Slow down in or near school and residential areas.
- Watch for children between parked cars and other objects.

School buses are like traffic signals:

- When overhead lights are flashing yellow: Prepare to stop.
- When overhead lights are flashing red: Stop.
- When hazard warning lights are flashing: Proceed with caution.

If you have questions or concerns, call Hartland Transportation at 810-626-2175.

2020 National School Bus Safety Week October 19–23, 2020

We are looking forward to another great school year, and want to thank everyone for the smooth start.

Once again, our staff will be taking the opportunity to educate and review safety procedures during National School Bus Safety Week. Drivers will pass out information to elementary students daily during this special week, and we encourage parents to ask their children what they learned each day.

This learning experience has been very successful, and parental support is greatly appreciated. If you would like more information, please contact us at 810-626-2175.

Hartland Athletics started matches in mid-September with soccer, field hockey, tennis, swimming, golf and football! The Hartland Soccer team took on Novi, as did Cross Country. Girl's field hockey warmed up for a game against Pinckney, and the football teams got back on the practice fields to get ready for their first game against Salem. Go Eagles!

Chemistry teacher Mrs. Jessica Simpson successfully ran a lab on the first day of school to show students the importance of precise measuring and reading directions. Students distanced themselves and masked up to create a rainbow of colors in paper cups with the same volume of water in them. A great way to kick off the school year!

Hartland High School teachers took in learning new information during professional development sessions run on our virtual Fridays. These sessions, run by HHS teachers, highlighted programs that will enhance the online learning that our students are engaged in including Google Classroom, Illuminate and Google Extensions.

College Action Plan: Check List

Summer/Fall

- Narrow your list of colleges to between 5-10. Plan to visit as many of the colleges you plan to apply to if you haven't already.
- Create a master list or calendar that includes: SAT/ACT Test dates/deadlines, application deadlines for schools you are planning to apply to, and required financial aid application forms and their deadlines (aid applications may be due before college applications).
- Ask your counselor for a fee waiver if you think you may qualify for financial assistance.
- Take the SAT and/or ACT another time if you would like to try to improve your scores for admissions or scholarship consideration.
- Get a head start on completing as much required information as possible and write your college application essay and have a teacher or other adult proofread it.
- Complete the Free Application for Federal Student Aid (FAFSA) at www.fafsa.ed.gov to apply for financial aid – available beginning on October 1st. You will need your most recent tax returns.
- Complete the CSS/Financial Aid PROFILE. PROFILE is an online application used by certain colleges and scholarship programs to determine eligibility for their aid dollars.
- Ask one or two teachers for recommendations if you need them (also ask your counselor if using the Common Application or if you have special circumstances). Make sure to provide an outline or resume of your academic awards/accomplishments, extracurricular activities, etc.
- Complete and submit one or more college applications by Halloween.
- Create an account on www.parchment.com and request/send transcripts.

Fall/Winter

- Keep track of the colleges you have applied to and the responses you receive.
- Send a copy of your 7th semester (1st semester of 12th grade) grades if the college is asking for it. Request to send your transcript through www.parchment.com.
- Find out each college's actual cost. Use a Net Price Calculator (such as the one available on www.bigfuture.collegeboard.org's website) to find out the potential for financial aid and the true out-of-pocket cost—or net price—for each college.
- Contact the Financial Aid Office or visit the Financial Aid Office website of the colleges in which you are applying to find out what type of aid is available and deadlines, for that particular college.
- Find and apply for scholarships. Make sure to check the HHS Scholarship Gazette that is updated monthly by the Counseling Department. Make sure to submit scholarship applications and/or essays by the deadlines.
- Find additional scholarships on scholarship websites. A suggested list is available on the HHS Counseling web page and on the Scholarship Gazette. Make sure to submit scholarship applications and/or essays by the deadlines.
- Sign up to take the AP exam if you are enrolled in an AP course. Talk with your AP teacher if you have questions regarding whether or not you should take the exam.

Winter/Spring

- If you are wait listed, contact the admissions office to let them know you are still interested and ask how you can strengthen your application.
- Continue applying for scholarships. Review financial aid award offers to figure out which package works best for you. Pay attention to deadlines.
- Make a pros/cons list of the colleges you have been accepted to in order to choose the college that is the best fit for you.
- Visit your final college before accepting, if possible. You should receive acceptance letters and financial aid offers no later than mid-late April if you submitted your applications by the recommended deadlines.
- Inform each college of your acceptance or rejection of their offer and/or financial aid by May 1st.
- Notify your counselor of your final decision and send in your deposit to the college you have decided to attend.
- Apply for housing and submit the deposit if living on campus.
- Sign up for orientation to become an official student and find out the next steps.
- Register for classes. Send a copy of your final high school transcript to your college through www.parchment.com.
- Contact the college if you have any questions!

We would like to welcome our newest staff members Anson Ratke and Bailey Towns to Hartland Middle School. Mr. Ratke is a veteran teacher of 13 years and comes to us from his prior position at Huron Valley Schools. He teaches 7th grade Social Studies as part of the 7A team. Ms. Towns, a Hope College graduate, recently completed a two year teaching assignment at an international school in Honduras and is teaching Special Education for us. We are very excited to have such capable educators join our HMS teaching staff!

Mr. French's 8th grade science students are using their powers of observation and data collection to draw some great conclusions!

Our 7th grade students welcome Chevy, our therapy dog, back for his 7th year at our school. It is a tough job but he is up to the task! Thanks to Mrs. Wallace and Animal Crackers for providing a home and grooming for him.

Mr. Guarr and the HMS band take advantage of a beautiful fall day.

Creekside Elementary has had a “different” but great start to our 2020-2021 school year. The slow start provided time for staff and students to learn new procedures and spend some time with their teachers. Everyone loves being back in school!

Thanks to our PTO for helping provide breakfast goodies to the staff and also for organizing our first virtual fundraiser, a chrysanthemum sale. The on-line sale was a huge success! We look forward to trying the fundraiser again next year.

Our music teacher, Ms. Hagar, is working her magic with the second graders.

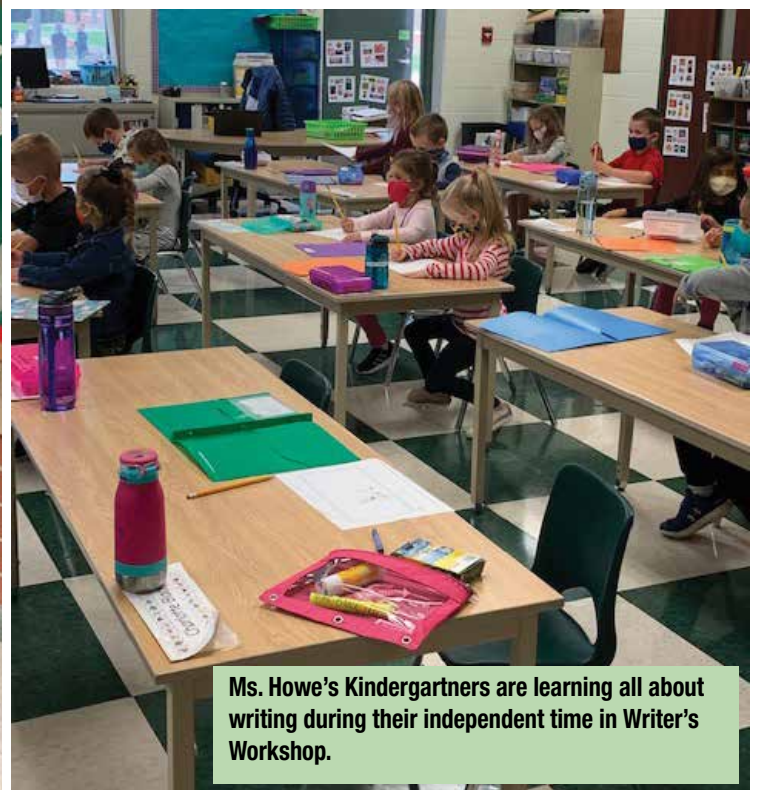

Ms. Christine Flores will be in the office as an administrative assistant and Ms. Stacy Kluck is our new lunch-room paraprofessional.

The Media Center is up and running. Students will be checking out books and using technology to advance learning.

Ms. Howe's Kindergartners are learning all about writing during their independent time in Writer's Workshop.

Ms. Bridgette Stanaway, she will be joining our ERP classroom.

Ms. Cindy Pruitt is our everyday substitute.

The Round Roundup

Round Elementary School is off to an amazing start! Our staff is made up of excellent teachers ready to work hard for our students, parents and community. We are very happy to have all of our face-to-face students here every day and we look forward to the day when our remote students can return. Round Elementary School is a special place where our commitment to excellence, relationships and making our students great people, is a priority!

We would like to welcome Ms. Samantha Troher who will be serving as our first grade media teacher and building substitute. We are very blessed to have access to Ms. Troher's support all day every day.

Mr. Michael Mortensen is teaching 4th grade. Mr. Mortensen comes to us from Pinckney Schools. He is a dedicated teacher with 15 years of teaching and coaching experience. Our new teachers are collaborative team members committed to providing a quality education for our students. We are very pleased that they will be part of our Round Elementary Family!

The Inevitable Learning Curve

In the span of a few short days, our staff and students have already learned so much. Watching our students embrace new safety procedures, seeing parents adapt to remote learning and an altered dismissal system and observing teachers as they learn new platforms and curriculum is exciting. The most important thing that I have taken away from the past few weeks has been how resilient we all are. Together, our Village is demonstrating bravery and strength in the face of adversity.

The one thing that has been a constant through our transition back to school, is change. Things are changing around us all the time both in school and in our community. We can choose to embrace these changes and make the best of them, or we can choose to dig our heels in and wish for times gone by. I can unequivocally state that our Village community is accepting this change. While I know it's not easy, it is worth it to see our kiddos filling the halls and classrooms around the building.

As students went home over the past week, we heard how "awesome" school was, or how they "can't wait to come back." Our Village community thrives on the connectedness that we feel when we are all working together, and it shows. While I cannot predict the future, I am hopeful that no matter what occurs over the course of the year our Village Elementary will fully embrace it and support one another as we always do. The pride that I feel toward our staff, students and community has no limit. Thank you for trusting us with your students daily.

Be well—

Pickup Information

Do you already have your pickup car tag? Great! Our curbside pickup is ready to roll. Place your tag in a location where our staff can see it and we will walkie into the building for your student to be delivered to you. **If your student cannot buckle up on their own, please pull around after they are in your car, and park to assist them.** Please work with your student to help them learn your tag number. This will expedite the pickup process.

Don't have a pickup car tag? Pull into a parking space and bring your ID up to the table and we will make sure we deliver your student to you.

Have a last-minute dismissal change? We cannot ensure your dismissal changes will be honored if you do not contact the school prior to 3 PM. We need to make sure that teachers have enough time to check their messages. Email your dismissal changes to kaloolahfelver@hartlandschools.us and gayleroberts@hartlandschools.us. Our school secretaries make sure that teachers have the appropriate dismissal plans.

Classroom Snapshot: Kindergarten

Our kindergarten students are off to a great start. Students are learning procedures, names, locations around the building and what it means to be a Villager. Our kindergarten students are already starting to identify feelings and write letters. It is always amazing to watch their growth throughout the year. Throughout the month of September, students will begin taking the Early Literacy Benchmark

assessment on our Chromebooks. This assessment asks students to use a mouse and indicate answers to questions that are read to them over the computer. If you could assist our kindergarten teachers over the next few weeks by helping your students work with a mouse at home that would be great. We will be working on these skills in the classrooms and in Media, but any extra practice is appreciated.

LEGACY News

Welcome to Jeff Johnson! Jeff is a Hartland High School alumni with certifications in Social Studies and English. Having studied in the University of Michigan's Flint MAC program, he brings both a passion for academics and a keen perspective to helping youth. Mr. Johnson is also a music enthusiast, teaching lessons at a local music store for years, in both piano and guitar. Jeff cares deeply about the success of his learners creatively connecting using a host of new technology and clever activities. We are excited about the relationships already established in his classroom and with his mentor group!

Over the past decade, Michigan has seen the number of virtual learners nearly triple. The current pandemic has only exacerbated those numbers. Yet while numbers of learners have steadily increased, according to annual data published by the State of Michigan the average pass rate for all online courses in Michigan has stayed around 60%.

Michigan Virtual is a beacon of success in the world of online providers, having a pass rate of 81%—nearly 25% higher than the state average. Their expertise in the world of cyber learning is paired with HVA's Hartland Promise to provide certified teacher mentors available daily in our study/computer lab—connecting with students, tutoring academics, helping with technology and providing the relationship foundation all education is built upon.

Michigan Virtual continues to challenge itself, and all of Michigan, every year noting, “clearly, the inverse relationship between the number of and the success of online learners in our state presents a problem that needs to be addressed...as compared to the pass rate for traditional classrooms, this statistic has led some to condemn virtual schooling as a failed experiment.” That just does not present the entirety of online learning accurately.

In reality, online learning is a starkly different learning environment compared to face-to-face classrooms, including new technology competencies, altered daily routines, as well as classroom norms and expectation differences that children have to adapt to before they are even able to access the curriculum.

It is critically important to recognize that while most all students have **8-12 years** of practice learning in face-to-face settings, most will spend less than **8-12 hours** in training before they are expected to succeed in the virtual classroom. It is no wonder that Michigan Virtual data suggests that “if a student is performing well in their traditional classes, they were much more likely to succeed in their online courses.”

Yet being a high achieving student does not have to be the determining factor to online success—additional support makes all the difference. HVA mentors are the instrumental support system that helps build confident online learners, and between student focus, home involvement, MIVU teacher expertise and HVA mentor magic—success is available to all those who chase it.

The resiliency of our staff and students is incredible. To the left, three senior ladies, at the welcome back outdoor breakfast, celebrate the Class of 2021 and all of HCS' ability to reconnect with learning and each other!

Our staff and students' willingness and readiness to adapt and modify to our changing world demonstrates Alternative Education's devotion to preparing students for post-secondary success. Teachers modify lessons to incorporate socially distant activities, and take advantage of favorable weather to host lessons outside whenever possible. Students not only adapt to changes in the cultural norms of school, but as a testament to student bodies of both LEGACY High School and Hartland Virtual Academy there have been no compliance issues with masks. Students, we recognize your critical role in the effort to keep the Hartland community safe and praise your collaboration with both school's efforts to keep our campuses.

The Hartland Preschool classes have officially kicked off and have had a fantastic start to the school year! Our wonderful teachers have been working hard for the return to the classroom. Even though they may look different with masks this year, the fun and excitement in each room is hard to miss. They have put so much thought and effort into making all of our little ones (and their families) feel comfortable to be back at school!

We offer a range of preschool classes and times for both 3 and 4 year olds at the Educational Support building and the childcare center downtown. Our teaching teams this school year consist of Mrs. Dawn Lubeski with Mrs. Angela

Russell at the Educational Support Building on M-59. They offer half day classes to both 3 year olds and 4 year olds! At the childcare center, we have Mrs. Michele Anderer assisted by Mrs. Rebecca Lybrink for a 4 year old extended day program. Mrs. Betty Chyo and Mrs. Tanya Carter offer half day classes for 3 and 4 year olds. Mrs. Tracie Waldron and Mrs. Fran Barr are also at the childcare center with 4 year old extended day class offerings.

We are so excited to have preschoolers back in the classroom and are looking forward to fun fall activities and lots of fun learning as we get the 2020-2021 school year rolling!

Virtual classes will have videos and activities run through Seesaw two days a week.

Updates from the Childcare Center

Happy Fall! While we are sad to see summer go, we are excited for all that Fall has to bring! The cooler weather, new exploration opportunities and Halloween! Our Busy Bee, FireFly and Critter classrooms have had fun kicking off the school year with the theme of 'All About Me' and 'Going on a

Bear Hunt!'. They spent time learning about their friends and doing show-and-tell to share some of their favorite things! Our Wiggle Worm room kicked off their school year learning all about the weather and bugs. What 2 year-old doesn't love bugs? The Darling Duckling room has been enjoying walks around the village and our new walkers are loving their time spent on the playground and in the gym!

All 5 of our Child Care classrooms are off to a great start this school year! While some rooms are full, we do have openings in our 2.5-5 year old classrooms. We would love to have you and your child join us at the Hartland Child Care Center. We are located at 10235 School Street in downtown Hartland. Give us a call at 810.626.2780. We can also be reached via email at childcarecenter@hartlandschools.us

We offer before and after care. Call to register!

We offer before and after care for children who attend the Round, Village, Creekside, Lakes Elementary and Farms Intermediate School. The children who attend the Lakes or Farms may enroll at the School Street center, or take advantage of the school-age program at the Lakes Elementary School. The School Street Center is open from 6 AM-6 PM. Lakes is open from 6:30 AM-6 PM. Both programs offer gym activities, arts and crafts and outside play. When you are signed up for the Before and After School Care, you also have the option of attending on the "No School" days or Snow days! Our center is almost always open!

Our rates:

Infants: \$50/day, \$250/week (2-day minimum). **Day Care: \$42/day, \$210/week** (2-day a week minimum). **Before and after school care is \$10 per session for full time enrollment** (5 days a week). **Part time enrollment is \$15 a session** (2-3 days a week). The minimum enrollment is 2 sessions a week for a charge of \$30 for the week. If your school aged child attends on a non-school day or a snow day, the cost is \$45 per day.

We would love to have you and your child join us at the Hartland Child Care Center. We are located at 10235 School Street in downtown Hartland, or give us a call at 810.626.2780. We can also be reached via email at childcarecenter@hartlandschools.us.

Welcome to the Senior Center!

Hi 50s and over! When allowed, get out of the house and come join the fun with your neighbors. Bring your friends or make new ones. We are not a 'typical' senior center. With over 1,400 members, there are always new classes and activities being organized. Check out a sample of our weekly activities below! We will open as soon as we are allowed.

New COVID-19 Guidelines to help protect everyone:

- If you come to the center, you must wear a mask if medically able (including during exercise classes)
- Social distancing of 6 feet must be followed while at the center
- Only 10 people max in each room and for all classes
- Wellness questions will be asked prior to your entry
- If you have a fever, cough, are feeling unwell OR if you have been exposed to someone who MAY have COVID-19, we ask that you do not visit the center and encourage you to call a doctor or the health department for possible testing.

We thank you for your patience and understanding as we continue to reopen. If you have questions or need assistance during the coming weeks, please call the office as we will have staff on site Monday-Friday from 8:30-12:30 PM.

Annual Membership Dues (Jan-Dec):
\$20 per single member, \$30 per couple
sharing a household. You don't have to
be a Hartland resident to join!

Fire Department Millage Request

When Hartland Township voters go to the polls on November 3rd, they will be asked to vote on a millage to continue funding the Fire Department. The current millage is expiring, and this will replace it. The current millage has been in place for over 10 years and, through good stewardship, has weathered the trials of two economic slow-downs and a substantial recession.

That said, our community has continued to grow. With increased numbers of emergencies and calls for service, along with increased costs due to the price of equipment and

supplies rising, a small increase of .25 (from 1.81 to 2.06) is being requested, which is an additional \$31.25 per year (\$2.60 per month) for Hartland's median home value of \$250,000 for the next 5 years, and covers funding for all of the department's operations and expenses.

We are very grateful for the community support of our fire department and look forward to continuing to provide the best level of service we can to all of our residents in their time of need. Please contact us at the station, via email, website, or Facebook for additional information and questions. Thank you!

SO HOW DOES THIS "KARATE" THING WORK? (Most parents are blown away by what we really do!)

I recently received this email question from a parent:

"My son is in third grade and struggling in school. I just cannot get him motivated. I know he can be an "A" student if he would only apply himself. Can you tell me how karate will help? I do not want him to get mean or aggressive with his little sister."

Here is my response:

"First, an easy answer to the last part of your question is that karate will not make him meaner. Quite the opposite, parents find that their child actually becomes kinder and nicer."

But now to your real question - **How does this stuff work?**

Karate has very little to do with punching and kicking. My joke with parents is "Don't tell your child but we don't really teach karate here!" Actually we do teach great martial arts, fitness and self defense but what our families really love is that we help them develop the habits, attitudes and character traits that produce highly successful children.

Okay, you are probably saying that this "sounds" good but how do you do it? Here is our "secret" (and it is really no secret at all to successful people)-**If you want to become successful all you need to do is copy what successful people do!** This one single concept has not only changed my life but the lives of hundreds of local kids. This is why straight "A" students keep getting straight "A's"! They are not any smarter or more talented, they have just developed the right "success habits."

Having worked with hundreds of local children, we know what habits and behaviors highly successful kids have. All we need to do is develop these in your son. Sounds simple but like everything else it is easier said than done. Here is the key - just telling or showing a child rarely works. Kids learn by "doing"! With karate we have the perfect vehicle to teach children important habits, attitudes and behaviors with a unique experiential teaching environment and method.

You could call it the ultimate human performance laboratory. It is a laboratory where your son can change himself, where he can re-create himself. Why is the "karate dojo" so unique?

Because karate is one of the few activities that can touch every part of who you are—physical, mental, intellectual, emotional and social. Children can only learn by "doing."

It does take a "village to raise a child". Here we team up with parents, teachers, and coaches to raise awesome kids. **"It is easier to develop awesome habits, attitudes and character traits in a child now than to try to fix them later."**

So that was my quick answer but here are the details of each of our age-specific programs:

Pre-School Program (2½ to 5 year olds): "How your child starts kindergarten and first grade will pretty much dictate how they do for the rest of their academic career and their life." Simply put, here we get them ahead of their peers.

Juniors Program (6 to 9 year olds): In this program they really take a step up. Here we nurture and develop in your child the habits, attitudes and character traits that will lead them to become happy, high achieving and successful young adults.

Teen Program (10 to 18 year olds): This can be the most challenging age. "Here leaders of character are nurtured." In this program we now push kids "over the top". Being a leader and being a "Black Belt" are one and the same. Here, "they become leaders for life."

If you think our program might help your child make sure you check out our website www.ohanakarate.com or give me a call at (517) 586-1001.

Yours for Rock Solid Kids,

Sam Larioza
