Superintendent's Message

Janet Sifferman, Superintendent

On March 2, 2015, Howell Public Schools' superintendent, Dr. Jeremy Hughes, sent a letter to the editor of the Livingston Daily Press & Argus explaining how Governor Snyder's education budget would affect Howell Public Schools. The residents of Hartland Consolidated Schools need to understand that the governor's proposed budget would mean a loss to our operating budget heading into the 2015/2016 school year.

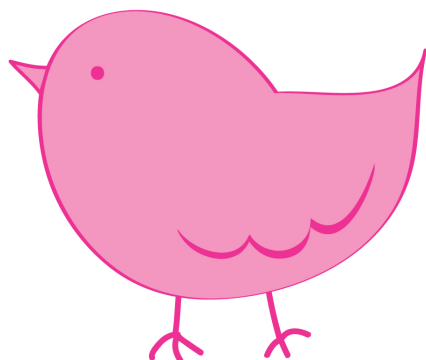

As Dr. Hughes explained, the governor's budget proposes a \$75 per pupil increase in revenue from the state. However, due to other line items in the proposal, Hartland Consolidated Schools will not receive the \$75 increase but will actually LOSE \$25 from this year's funding level. This difference equates to a loss of \$138,572 with the \$25 reduction, versus additional revenue of \$415,718 with a \$75 increase; a negative impact equating to \$554,290 between what the governor's proposal states and what it would actually provide. This follows a per-pupil funding reduction of \$470 in 2010/11 that was only restored in 2014/15 to the level of funding allocated prior to 2010.

The budget eliminates funding for "performance", for which we currently receive \$70 per pupil. With this elimination, Hartland Schools' proposed per-pupil funding falls from \$75 to \$5. The governor's proposal also reduces "Best Practices" funding from \$50 per pupil to \$20. For 2014/15, Hartland received the full \$50 per pupil. For 2015/16, with this additional \$30 reduction per pupil, Hartland's proposed funding from the state falls from a \$75 increase to a \$25 DECREASE per pupil (\$75 - \$70 - \$30).

The governor's budget proposal will go to the legislature for the House and Senate to review. They, in turn, will move their versions of the proposal through the legislative process.

At this time, we do not know what the final education budget will look like for 2015/2016, but I feel it is important for our community to be aware of the actual details of the proposal and how it could ultimately affect Hartland Schools. Please contact me if you have any questions or comments.

Person of the Month

Nathan Oake

Nathan Oake has taught Marketing at Hartland High School since 2004. He earned his Bachelor of Science degree in Business at Ferris State University and his Marketing Education Certificate and M.B.A. at Eastern Michigan University. He also holds a Vocational Marketing and Business Certification and is a PGA professional.

Nathan and his wife, Chasta, have lived in the Hartland community for 11 years and have two sons, Aidan (5) and Colton (2). Aidan is in Mrs. Conway's kindergarten class at Village Elementary and Colton will begin preschool this fall. In addition to Nathan's teaching responsibilities, he also serves as the DECA advisor and Varsity boys' golf coach. He notes that he truly enjoys these activities and the "opportunity to help cultivate well-rounded, quality young adults."

Most memorable moment:

"My first year coaching the boys' golf team in Hartland, I decided to take the team to see a movie one day when our practice got rained out. It was really pouring, and the theater was empty in the afternoon, so I decided to park my vehicle near the door while I ran in to buy the tickets for everyone. When I came out, the guys decided it would be funny to move my SUV and park it in an area of the lot that I couldn't see. I remember standing at the front of the theater thinking, 'is this how this is all going to end for me?' I'm sure they could see me scanning the lot in a panic and got a big kick out of that. I got an equally big kick out of watching them sprint through the rain to the front of the theater when they finally realized I was not going to come looking..."

Why I'm still here:

When I first interviewed with Mr. Hughes at HHS, he asked me why I wanted to work in Hartland. I was quick to point out that in the two areas I am focused, golf and DECA, Hartland High School was like the New York Yankees. The District is full of history and tradition, and these programs have realized great success under past leadership. I am a big believer in competition and the many lessons it can teach to help prepare us for an increasingly competitive 'real world'. My goal is to contribute my best to each of these areas, and to set the achievement bar high for each student who participates in these programs.

The students, parents, and support system in this school community are second to none, and all help make this mission very feasible and rewarding. I cannot think of a better place to live, work, and raise a family, and I am very excited to watch as both of my own children continue to be involved in all that Hartland Consolidated Schools has to offer. I also cannot tell you how proud I am when our students realize success. Watching the culture of excellence in the classroom and on the athletic fields continue to flourish is wonderful. We have a lot to be proud of in Hartland.

Principal's Corner

Ben Mainka, Hartland High School Principal

Thank you parents for your ongoing support of the high school even through the busy month of March and ACT testing. The month of May will bring with it Prom, honors nights, many recognition ceremonies, and the last day for Seniors. In April, it is the "calm before the storm" as May is one of the busiest months of the year. This month we will test all 11th grade students in the four core subjects (math, English, science, social studies) for the state of Michigan's new M-STEP testing process. The students at HHS are very well prepared for these assessments, but we need your support as parents to help them stay focused during this busy time.

Here are a couple important dates for April:

- April 3-10** – Spring Break for Hartland Schools
- April 16** - 10th Grade College Planning Night
- April 17** - Battle of the Bands
- April 24-26** - Spring Musical "Anything Goes"

Pictured above: Mrs. Russano reads to the audience, while Mrs. Egeland, Mrs. Barb, Mr. Conway, Mr. Howerton, Mrs. Jagusch, Mrs. Furr, and Mrs. Atreo wait in the wings for their turn to read.

Also, to celebrate March is Reading Month, local author, Denise Brennan-Nelson visited Lakes to share many of her wonderful books and talk about her craft with our students. **Pictured above:** Mrs. Brennan-Nelson with two students assistants, Ellie Behrmann and Jonah Fertuni.

Another "Thank You" to all the folks who made our "Winter Book/Bake Sale" one of the best ever!!!! Special recognition should be given to Lisa Moses, Carolyn Hettenhouse, and Sandy Schemeke who worked tirelessly to make this event a success. Also a big, big "Thank You" to Hartland's Krogers for supplying us with Brown Bags for our special Bag Sale.

The "Volunteer Workers" agreed that many of them developed new friendships, and had some good conversations. We all had a wonderful laugh when 6'7" worker, Chuck Hirschert donned a "Friends" apron, and proceeded to help patrons select books.

We love volunteers, so if you could help us at our May "Book Sale", please call Mary Lynn Thomson @ 810-229-7356 or e-mail- thomson268@comcast.net. Unfortunately, we have run out of space to store our many donations. Even though we do store books at "Best Storage", we are forced to use the basements and garages of many members.

Cromaine needs more space!!!! Please take the time vote on the May 5 Ballot Proposal. Every vote counts.

The "Friends" look forward to their Tuesday, April 21 Meeting. It will be held at 7:30 pm, at Cromaine in the Village. We welcome everyone who is interested in our Community and enjoys good snacks.

The Hartland Audubon Club will meet on **Tuesday April 7**. After a short meeting we will have an interesting and informative presentation by Gary Siegrist who will present "Delaware Bay: Red Knots & Horseshoe Crabs."

Gary Siegrist is Stewardship Coordinator, Naturalist and Ecology Farm Coordinator at the Dahlem Conservancy in Jackson Michigan. Dahlem is known as a natural history center for children, as well as for having one of the largest bluebird trails in the country.

Gary's presentation will focus on the Red Knot, a robin-sized shorebird that migrates 20,000 miles annually, from the tip of South America to the Arctic and back, with a stop of 2 weeks at Delaware Bay where it feasts on the eggs of the Horseshoe crab. For a fascinating pre-presentation account of this remarkable bird and its dependence on the eggs of the crab, for the strength to continue its journey, see the beautiful book available from Barnes & Noble, also on the Nook, called Red Knot: A Shorebird's Incredible Journey. See also web sites devoted to the Red Knot and also Dahlem Nature Center.

Details of a get-together on the following Saturday, focusing on luminescent mushrooms, will be announced at the meeting.

Bring news of any recent bird sightings or other nature happenings to share. We encourage new members in our active, friendly group. We have a fantastically devoted President, and have wonderful field trips that are announced at each meeting. Check out Hartland Audubon on hartlandaudubon.weebly.com. For more information contact Birder_John@hotmail.com or call 517 546-2610.

CROMAINE DISTRICT LIBRARY FINANCING— WHAT'S THE STORY HERE?

Cromaine District Library returns the ballot proposal of November 4, 2014 to the voters on the May 5, 2015 ballot.

Some residents have asked why. Many residents continue to believe that Cromaine is part of and funded by Hartland Consolidated Schools, Hartland Township, or the other five townships (Brighton, Deerfield, Genoa, Oceola, and Tyrone) within Cromaine's district. Some believe, as happens in some other states, that Cromaine is funded by the county or the state.

Not in Michigan. Not Cromaine. Cromaine District Library is an independent taxing authority and property taxes are the principal means of support. The Library is no longer part of the Hartland Consolidated Schools—that ended in 1995. The Library is not funded by any of the six townships whose residents are served by Cromaine.

And, no, the performers are not free for Cromaine. Nor are the staff working for no more than love and something to do with their time.

So, just how is Cromaine funded? And why does Cromaine need to have another vote May 5 in order to get the repairs, replacements, and updating of the Village Library completed? Why is more space being asked for and why does the whole project cost \$12 million (about \$6 per month per household)?

Come to the Village Library's Community Room (third floor) on Tuesday, April 21 at 1 pm or Thursday, April 30 at 7 pm to get those answers and answers to even more questions you probably have about your public library.

HARTLAND ARCHERS DOMINATE STATE TOURNAMENT

HARTLAND ARCHERY WINS 19th STATE CHAMPIONSHIP IN 8 YEARS!

The Hartland Archery Teams competed in the 2015 National Archery in the Schools Program State Tournament on March 13-15. Nearly 30 schools and 600 archers from all around the state met up at Central Michigan University for this event. Once there all of these archers competed for 30 individual medals, three team State Championships, and two Overall Champions (Female and Male).

Hartland archers took home 25 of the 30 individual medals, and they won all three Team State Championships. Nicole Tschirret (pictured right) and Chris Bee took home the Overall State Champion Awards for Hartland!

The Middle School Team won their 8th consecutive State Championship and this brings the total State Championship count won by Hartland Archery to 19 in the past 8 years! The post season will now begin and the coaches will now assemble the best team possible for the elementary school, middle school, and high school divisions and move on to the National Tournament.

This event will be held in Louisville, KY on Mother's Day weekend in May. There will be 72 archers and their families heading down for this event to represent both Michigan and the Hartland School District. Good luck archers!

You have been appointed as a Patient Advocate--- now, what do you do?

Points to remember:

- Don't assume that others will know your authority. You have to introduce yourself and make sure they know you are the decision maker.
- Doctors don't want a conversation. They want you to accept their wisdom. If you want the same, stop and let it happen.
- Doctors are trained to present a highly optimistic image. Don't be blindsided when all of a sudden things change and they say, "It's time to make a difficult decision."
- Delaying a decision is

often impossible. Neither insurance nor anybody else will pay to wait around and see what will happen.

- You can't charge for providing for this service.
- Discuss the desires of person appointing you to be sure you are comfortable with them.
- If you sign an acceptance now—that does not mean that you cannot decline later if you want or need to decline.
- Being a patient advocate can be a difficult job. Consider carefully when deciding

whether to accept the position.

- You have no power to make health care decisions for the individual until you sign an acceptance and two physicians determine the individual is unable to participate in medical treatment decisions.
- As a Patient Advocate you have a responsibility to take reasonable steps to follow the previously expressed oral or written wishes of the individual.
- You, and not the physician, have the power to consent to or refuse types of health care treatment.

- You may only withhold or withdraw life-sustaining treatment if the individual has given you that power in a document nominating you as Patient Advocate.
- The individual always has the right to revoke the document appointing you as a Patient Advocate, at which point you no longer have authority to make health care decisions.

Safety Tips from Hartland Fire Marshal

To celebrate the beginning of baseball season, let's see how you rank in the fire safety line up. Answer the following questions, and see if you and your family can hit a Fire Safety Home Run!

First Base - Cooking Safety

- Yes No Does a grown-up always stay in the kitchen when food is cooking on the stove?
- Yes No Are stove tops and counters clean and uncluttered?
- Yes No Are there pot holders within easy reach of the stove?
- Yes No Are pot handles turned inward so they can't be bumped?
- Yes No Is there a "kid-free" zone of three feet around the stove when grown-ups are cooking?

Second Base - Heating Safety

- Yes No Are portable space heaters always turned off when adults leave the room?
- Yes No Does your fireplace have a sturdy screen to catch sparks?
- Yes No Has your chimney been inspected and cleaned during the past year?
- Yes No Has your furnace been serviced by a professional in the past year?
- Yes No Are propane tanks and other fuels stored outside your home?

Third Base - Electrical Safety

- Yes No Are extension cords used safely?(Are they not under carpets or across doorways?)
- Yes No Are electrical cords in good condition, without cracks or frayed areas?
- Yes No Are kitchen appliances – such as the coffee-maker, toaster oven, and microwave – plugged into separate receptacle outlets?

Home Plate - Smoke Alarms/Home Fire Escape

- Yes No Does your home have smoke alarms on every level, including the basement, and outside each sleeping area?
- Yes No Are the batteries working in all your smoke alarms?
- Yes No Are all the exits in your home clear of furniture, toys, and clutter?
- Yes No Do you have a home fire escape plan that includes two exits from each room?
- Yes No Has your family picked a safe place to meet outside after you exit your home?
- Yes No Have you and your family practiced a home fire drill within the last six months?
- Yes No Do you know the fire department's emergency phone number?

What's Your Fire Safety Batting Average? If you answered "yes" to all of the checklist questions above, congratulations! You scored a fire safety home run! If you answered "yes" to 15 to 20 questions, you've hit a triple! Just make a few adjustments, and you'll easily hit a fire safety home run.

If you answered "yes" to 10 to 14 questions, you've hit a double. You're going in the right direction, but you've got some work to do before you get to home plate. If you answered "yes" to fewer than 10 questions, you've reached first base, but you need to make many changes around your home in order to reach home plate.

If you have any questions, or you need help hitting a home run, please don't hesitate to give us a call. We will be happy to provide a free in home fire safety inspection.

*Yours in Fire Safety,
Michael R. Bernardin
Fire Marshal*

**Serving the Hartland Community
for 20 years...**

In addition to providing family vision care, Dr. Doud has been diagnosing and treating vision problems that interfere with reading and learning for more than 11 years. Dr. Doud has treated hundreds of patients from the Hartland and surrounding communities from all over South East Michigan.

"It is very rewarding to see children excel who previously struggled because of underlying vision problems," shares Dr. Doud. Most people don't realize that seeing 20/20 is just one of 17 visual skills required for academic success. All 20/20 means is that you can see the size of letter you are supposed to see from 20 feet. If your child continues to struggle with reading despite all best attempts to help, a vision problem could be at the root of his or her difficulties.

Homework Battles and Reading Difficulties Resolved— Thanks to Vision Therapy!

"Ever since Vittoria started kindergarten I noticed that she seemed to be struggling with things that my other 5 children had been able to master easily. School seemed to be a challenge for her. She was wonderful at math and oral memorization, but her reading comprehension levels were a huge struggle and her ability to retain her phonetic knowledge was nonexistent. I thought that it might be vision related, as in she needed glasses. After a visit to the U of M Pediatric Ophthalmology department, all the results came back negative.

At a complete loss, I turned to some of my close friends through a post on Facebook. One of them recommended that I contact Dr. Doud at Hartland Eye Care.

Vittoria was diagnosed with Convergence Insufficiency. We started Vittoria in vision therapy. In school, I saw her begin to advance and succeed. She is less "flighty" and more focused when she has conversations with others and is able, now, to maintain eye contact with the person with whom she is speaking. Vittoria loves arts-and-crafts of all sorts; and now her creations are displayed with pride. Best of all, Vittoria is well aware of the difference that Vision Therapy has made in her life. Vittoria reads for pleasure now. She is more confident, more determined to succeed in things that she does, and actually has an even happier and glowing outlook at life.

Looking back, I find it difficult to believe that the same little girl that looks at me with such pride in her eyes after she reads an entire page without any help is the same child that struggled to finish a single sentence. I am incredibly happy with how far she has advanced; I know that it would have continued to be a struggle for the both of us if we hadn't stumbled upon the Hartland Eye Care and Visual Learning Center."
