## Superintendent's Message

Chuck Hughes, Superintendent

@hartlandschools

I trust that everyone had a wonderful Spring Break and is ready to finish the school year. I am excited for our senior class with graduation day quickly approaching. It will not be long before our community celebrates this momentous occasion with them. I ask that parents take the time to talk to their students about making good decisions over the next few months with many events and celebrations on the horizon. While it may seem that you are saying the same thing over and over, I assure you that it never hurts to reinforce the importance of safety and responsibility.

As Superintendent, I have been sharing information about the upcoming Building and Site Sinking Fund proposal on the May 2, 2017 ballot. During the past three editions of Community Life I have answered the following questions:

**Q: Why is the district in need of a Building and Site Sinking Fund?**

**Q: What is a Sinking Fund?**

**Q: What can a Building and Site Sinking Fund is used for?**

**Q: How much will my taxes increase if approved by voters?**

**Q: What is the difference between a sinking fund and a bond?**

**Q: Does the district go into debt and pay interest on sinking fund dollars?**

**Q: What technology can be purchased with sinking fund dollars?**

**Q: When was the last time the district asked the community for additional building & site improvement dollars?**

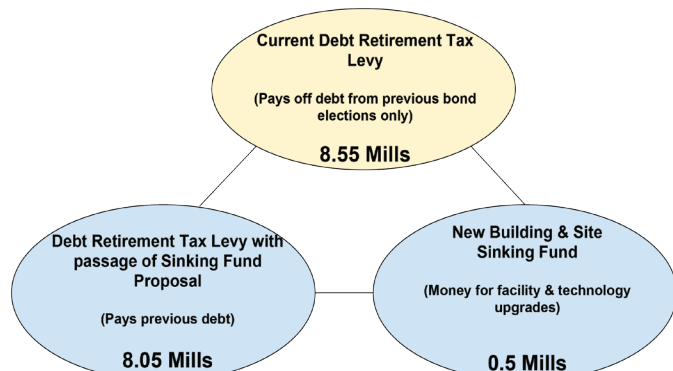

Additional questions you might have about the Building and Site Sinking Fund proposal include:

**Q: Will my tax rate increase if approved by voters?**

**A:** No! There will be no increase in the current tax rate if approved by voters. The graph below explains how the tax rate will be implemented to ensure that there is a net zero increase in the overall tax rate.

### Building & Site Sinking Fund Proposal May 2, 2017

Why is this a *net zero* tax rate increase?

If the Building & Site Sinking Fund proposal passes on May 2, 2017, in June 2017 the HCS Board of Education will lower the current Debt Retirement Tax Levy by 0.5 mills to make up the difference for the new 0.5 mills Sinking Fund.

*A net zero increase in the current tax rate for the Hartland Schools community!*

Please mark your calendar for:

**May 2, 2017 -- A Special School Election.**

*Our community's Commitment to Educational Excellence!*

**Q: How does a sinking fund preserve general fund dollars?**

**A:** The Building and Site Sinking Fund Millage will be collected and deposited into a separate account that can be used for repairs and upgrades to our facilities and technology, relieving the General Fund of the responsibility of covering these concerns. While real estate for future construction can be purchased, the district currently has vacant real estate on Clyde Road.

**Q: How will the community know if the sinking fund dollars are used for the purpose intended?**

**A:** Each year, expenditures will be audited by the State of Michigan to ensure compliance with the law governing sinking funds. The district will also post all projects completed using sinking fund dollars.

To learn more about the Building and Site Sinking Fund ballot proposal, see the centerspread (pages 12-13) in this edition of Community Life, or visit [www.hartlandschools.us](http://www.hartlandschools.us).

### **Hartland Schools** **Person of the Month** **Nannette Hurley**

Nannette Hurley is the “truck driving woman” for Hartland’s Student Nutrition Program, based out of Hartland High School. She joined Hartland Schools in 2000 as she wanted to be an active parent. She began as a substitute teacher and joined the Food Service group as the “fryer chick” in August 2000.

In her words... “Anyone who has spent time at the high school kitchen is probably aware French fries were hugely popular with our students.” She received her Bachelor of Science, Telecommunications from Ball State University and was a broadcast journalist (“aka, nosey reporter”) and licensed commercial insurance representative for Liberty Mutual before giving all that up for Hartland Food Service’s white cube-truck, transporting food throughout Hartland Schools. Take a moment to read Nannette’s “Hartland Story”.

I have been married to my wonderful husband, John, for 28 years. Our son, Matthew, is a 2016 graduate of Hartland High School. He is pursuing a degree in pre-criminal justice at Ferris State. He received an excellent education at HHS and likes to visit his mentor, Coach Capra. (“Cap” is also a family fave!)

I am a prankster! I love making my co-workers laugh. Although I shouldn’t elaborate, many of my “peeps” have nicknames: “Pooter” is our head cashier, “Midge” – our height-challenged friend, “Mama-C” is the mother of one of our counselors, and “Rita-Pita” is the wife of one of our security personnel.

I adore working for Hartland Schools! My job experience spans from reporting the news on radio and television, selling insurance to the “Big Cats”, and volunteering at every scholastic level during Matthew’s school days. I am excited, daily, to go to work and make a difference. Before driving the truck, I was a cashier on the pizza line. I was always amazed to see the smile on my students’ faces when I recognized them, calling them by name. All of our cashiers are wonderful with our students. I also enjoyed being a “Copy Mom”, assisting teachers with classroom assignments. Laura Moore is definitely one of my faves!

Hartland Schools employs innovative, “out of the box” educators. We are a family. A family I can’t imagine being without.

## What is Registered Apprenticeship?

### Introduction

The Registered Apprenticeship system has been utilized to meet the needs of America's skilled workforce for over 75 years. It is a unique, flexible training system that combines job related technical instruction with structured on-the-job learning experiences. The Registered Apprenticeship system provides the opportunity for workers seeking high-skilled, high-paying jobs and for employers seeking to build a qualified workforce. Registered Apprenticeship is highly active in traditional industries such as construction and manufacturing, but it is also instrumental in the training and development of emerging industries such as healthcare, energy, and homeland security.

### It's an Immediate Job

Apprentices start working from day one with incremental wage increases as they become more proficient on the job. Apprenticeships range from one to six years, but the majority are four years in length. In 2011, more than 130,000 individuals nationwide became apprentices.

### It's On-the-Job Learning and Education

The "Earn and Learn" training model of Registered Apprenticeship provides a unique combination of structured learning with on-the-job training from an assigned mentor. Related instruction, technical training or other certified training is provided by apprenticeship training centers, technical schools, community colleges, and/or institutions employing distance and computer-based learning approaches. The goal is to provide workers with advanced skillsets that meet the specific needs of employers.

### It's a Credential

Upon completion of a Registered Apprenticeship program, participants receive an industry issued, nationally recognized credential that certifies occupational proficiency, is portable, and can provide a pathway to the middle class. In many cases, these programs provide apprentices with the opportunity to simultaneously obtain secondary and post-secondary degrees. In 2011, over 55,000 participants nationwide graduated from a Registered Apprenticeship program.

## DETROIT INSTITUTE OF ARTS FIELD TRIP

All HMS eighth graders recently had the opportunity to visit the Detroit Institute of Arts. Eighth grade English teachers Matt Turney, Jill Bliznik, and Angela Schneider organized this for our students. The teachers visit the museum in preparation, mapping out the exhibits and organizing an art "scavenger hunt". Students tour the museum and select one piece of art to write about for class.

Museum officials consistently praise our students for their excellent behavior and teachers and parent chaperones for the outstanding organization. Museum officials recently acknowledged HMS by saying *"It is with great pleasure that I share with you what wonderful educators you have...the students were very well prepared for their museum experience...your students [were] organized and ready to enjoy their day in the museum.... You should be very proud sir, all 3 days that Hartland Middle School was here at the DIA. The students were very well behaved and exhibited appropriate museum etiquette. From the entire staff of the DIA I wanted to express to you how important that preparation is in advance of their arrival. I am confident that they enjoyed their time here; as did the DIA staff enjoy their visit. The feedback I received from the DIA staff, Gallery Attendants and DIA Security was all positive and very complimentary of your students. Please express my gratitude to your staff and to all of the students for their exemplary behavior. We look forward to welcoming your teachers and the students of Hartland Middle School back to the DIA very soon."*

## KROGER COMMUNITY REWARDS

HMS is registered with the Kroger Community Rewards program. You can register on-line at <http://www.krogercommunityrewards.com>. A percentage of your purchases linked to your Kroger Plus card will be donated to our school. Please sign up as it costs you nothing. Thank you so much to those families already participating!

## Lakes Family Fun Fest

Thanks to all of the parents and students who came out for our annual Family Fun Night on Friday, March 10.

The kids had a great time! Thanks to the Lakes PTO for putting on such a great event. Also many thanks to the parents and staff who volunteered their time and/or donated gifts and games for Fun Night.

We could NOT have this event without your support!

## Jump Rope for Heart

Lakes did it again! Our students and families raised over \$26,000, which breaks our record from last year. Thank you to everyone who helped out! We had our school wide assembly on Friday, March 17 (pictured above) to celebrate!

## March is Reading Month

Students (right and below) watch LES staff read to them at the Cromaine Crossroads Library on Thursday, March 16.

Thank you everyone who showed up for this fun event.

Make sure to keep reading!

We would like to thank our families for their continued support and celebrate our amazing PTO! Round elementary students were able to meet author Paul Orshoski and enjoy an amazing Suessabration because of you!

Our students learn about and develop as writers every day. Imagine the excitement Paul Orshoski generated when he shared his real-life experience as an author. He inspired many young writers to become published authors.

Please plan to attend the fantastic Science and Art Fair! The PTO provides a wonderful ice cream bar served by our famous Round Elementary Teachers and Staff. We hope you can join us for this fun filled evening on April 27th.

We continue to celebrate all of the wonderful learning our students have accomplished and the Round staff's passion and commitment to excellence! Thank you for your continued support. Round would not be such a wonderful place without your on-going support!

April is a busy month at Village Elementary, we will start the month off with our superintendent, Mr. Hughes coming to visit our Village parents on April 4th at 7:00 pm. All parents are invited to attend our PTO meeting on April 4th to talk with Mr. Hughes about the upcoming Sinking Fund ballot proposal on May 2nd. Please join us for an informative evening and an opportunity to personally talk with our superintendent!

The students at Village worked very hard in the month of March at honing their reading skills and doing lots of reading outside of school! We are very proud of our young readers!

You will also see that Village did a great job of raising money for the American Heart Association and collected \$13,740 (a school record) we thank our parents and families for their generosity! The students' who raised the most enjoyed challenging Mrs. Day in 'Egg Roulette' which basically means that Mrs. Day got raw eggs cracked on her head! Students also displayed their scientific thinking at our 'Annual Science Fair' and we thank our Hartland Robotics Club for joining us in this event.

This month we invite you to clean out your closets and join us in our annual 'Mom to Mom' sale at the end of April. Please follow Village Elementary on twitter for daily happenings and announcements.

**Above:** Brian Prokuda joined Mrs. Day at Village for the annual Village Science Fair. Over 40 Village students showcased their science projects, displaying their hard work and love for science.

All participants received an award and it was a great family fun evening of learning all in the name of science.

**Above:** Jump Rope for Heart took place at Village in February. Students raised money for the American Heart Association, followed by a great day of jump roping and heart healthy exercise.

The students exceeded their fundraising goals. One of the top fundraisers, Jacob Dibert, was picked to participate in an egg challenge with Mrs. Day which in the end left her with a little egg on her head. Thank you to all of our students and staff for another successful fundraiser!

Dear Parents and Students:

We are quickly approaching the end of the third quarter of our school year, but there is still plenty left to do. Below I have listed some very important information that I would like you to be aware of.

Here are some important dates for you:

- April 7** End of 3rd Marking Period
- April 14** Good Friday – No School for Students or Staff

**SPRING TESTING DATES:**

- April 11** SAT Testing for juniors and PSAT10 for sophomores
- April 12** WorkKeys Testing for juniors and PSAT9 for freshman
- April 19-20** M-Step Testing for juniors

The SAT, WorkKeys and M-Step tests are required for graduation. Please mark your calendars. More information will follow at a later date. Seniors, who may have missed the tests last year, must take the tests this year. Please note that school is in session for all students on the testing dates.

**Please note:** Attendance on test dates is very important; students must sit for the testing outlined above to graduate with a Hartland High School Diploma.

Please do not hesitate to contact me regarding any of the information posted above, or questions about the program, and certainly any questions you may have about your student's progress here at LEGACY/HVA High Schools.

# HARTLAND CONSOLIDATED SCHOOLS

## Community Newsletter

*from the Superintendent...*

**May 2, 2017 -- Special School Election**

**“Your vote counts and costs you only your time to vote”**

On Tuesday, May 2, 2017, voters in the Hartland Consolidated School District will be asked to consider a 0.5 mill Building and Site Sinking Fund Millage for a period of ten (10) years. Beginning with the 2011-2012 school year, a drastic reduction in per pupil funding from the State of Michigan has resulted in school districts having to use their fund balance (i.e. savings account) in an effort to maintain programs.

Since 2012, Hartland's expenses have been exceeding revenues, resulting in continual cost cutting measures. Making expenditures in non-instructional areas has been difficult. The passage of a sinking fund would help take care of repairs and improvements that we have been putting off in the hope per pupil funding from the State would improve. Should this proposal pass, it would result in **NO NET INCREASE TO YOUR CURRENT TAX RATE**. The district's debt fund levy is currently set at 8.55 mills.

If this proposal passes, the Board of Education will take action in June 2017 to lower the current levy to 8.05 mills creating a net change of zero mills with the 0.5 mill sinking fund.

### **What is a Sinking Fund?**

A building and site sinking fund is a savings account into which a local school district can deposit voter approved local millage revenue in order to fund projects or major repairs as they arise rather than having to borrow through short-term notes or long-term bonds.

### **What is the difference between a sinking fund and a bond?**

A sinking fund is a pay as you go collection of dollars (in our case we are asking for 0.5 mills or approximately \$600,000 a year) to address specific district repairs, construction of buildings, security issues, technology upgrades, and the purchase of real estate if needed. A bond is like a home mortgage which helps the district to do many projects at one time, or major projects such as building a building, replacing all of the buildings roofs or parking lots, etc.

## **What can you use a sinking fund for?**

Funds can be used to increase security, for repair or construction of buildings, to purchase technology, or purchase real estate for future building sites.

**If approved, the money raised through the Building and Site Sinking Fund millage will:**

- Protect the community's investment in the school district's buildings and facilities
- Help us continue to provide our students a safe, secure and healthy environment
- Reduce pressure on the general fund so more of the school district's limited educational operating funds are available to support student learning
- Maintain learning facilities that represent one part of the district's effort to keep and attract residents

## **Can sinking fund dollars be used to pay salaries and benefits?**

No! Expenses will be audited annually for compliance with Michigan Department of Treasury guidelines.

## **How does this Sinking Fund proposal compare with other Sinking Funds in Michigan?**

As of the 2015-16 school year, 173 Districts in Michigan collect millage dollars for Building and Site Sinking Funds with the average mills collected being 1.367. The 173 districts include Grand Blanc, Fenton, Lake Fenton, Linden, Bloomfield Hills, Novi, West Bloomfield, Huron Valley, Ann Arbor, Saline, and Grosse Pointe schools.

## **Where to Vote**

Residents of the Hartland Consolidated Schools district will vote in the same local township polling location for the school election as when voting in the general election.

## **Eligible Citizens May Vote Absentee**

Absentee ballot applications will be received and processed at the township or village hall in which you reside. Township and Village Hall addresses and phone numbers are listed below. Please call to request an absentee application or for further information on how to vote absentee.

If you have questions about the Building and Site Sinking Fund millage, please contact: Superintendent Chuck Hughes (<mailto:chuckhughes@hartlandschools.us>), or Assistant Superintendent, Business & Operations Scott Bacon ([scottbacon@hartlandschools.us](mailto:scottbacon@hartlandschools.us)), or call **(810) 626-2100**.

With two locations and three teaching teams, Hartland Consolidated Schools Preschool offers a variety of class options to help accommodate the needs of the Hartland Community.

**Preschool registration for the 2017 – 2018 school year is now open for Fall enrollment.**

Spots are still available in many of our classrooms taught by our three teams of Laura DeRosier/Lyn Daniels, Dawn Lubeski/Betty Chyo and Tara Yoerg/Tracie Waldron. We will be highlighting our three classrooms through the next few months in Community Life.

**This month we feature the teaching team of  
Laura DeRosier & Lyn Daniels**

*“Creating SUPER-kids one child at a time!”*

Laura DeRosier (far right) has been with the district for about 23 years and with the preschool for 18 years. She has a BS in education with a teaching certification. Her three children went through Hartland Consolidated Schools.

This is Lyn Daniels (left) second year with the Preschool. Her four children went through Hartland Preschool and are now in Hartland Consolidated Schools.

**3 Year old program:**

We work on social skills with our 3 year olds, through play. We introduce letter and number concepts through the use of games, children's literature, literacy activities, name writing activities etc. We use a variety of materials including books, art materials, toys, games, and the Smart Board.

**4 Year old program:**

We continue to work on social skills with our 4 year olds, using a program called Second Step. This program, which includes the use of puppets, song, story telling, role playing and discussion, helps children to recognize emotions in themselves and others and how to handle them.

We delve more deeply into letter ID and letter/sound skills. We use a program called Zoo Phonics which uses animals, actions and sounds to help children learn pre-reading and pre-writing skills.

Games, songs, movement activities, art exploration, science experiments and math activities are all a part of our program to help children get ready for kindergarten.

We offer care for children who attend the Round, Village and Creekside, Lakes Elementary and Farms Intermediate School. The children who attend the **Lakes or Farms** Schools may enroll at the School Street center, or take advantage of the school-age program at the Lakes Elementary School.

*Both center locations are open 6:00 a.m. to 6:00 p.m.*

Both programs offer gym activities, arts and crafts, and outside play. When you are signed up for the Before and After School Care, you also have the option of attending on the "No School" days or Snow days! Our center is almost always open!

### Before & After School Child Care Only

Full Time enrollment (5 days a week) is \$9.00 a session

Part Time enrollment (2-4 days a week) is \$11.00 a session

The minimum enrollment is 2 sessions a week for a charge of \$22 for the week. Example- A student needs to attend 5 –AM sessions and 1 –P.M. session. The charge would be \$45 for the A.M. and \$11 for the P.M. session, for a total charge for the week of \$56.

*You must notify the office if your child/children will be absent from the Before & After school program. Your regular weekly tuition will be charged unless the Center is closed. If your Before & After School child attends on a No School Day, Snow Day, etc., your tuition for the day will be \$35.*

*Please come and visit our Center to see all the activity.*

## Cromaine Library Celebrates 90 Years

Ninety years ago, on March 4, 1927, the cornerstone was laid for Hartland's Cromaine Library. A gift to the community by J. Robert Crouse and Henry Tremaine with a bequest from John B. Crouse, this year Cromaine celebrates 90 years of connecting community and culture in the Hartland area. From March through September, there is a series of events planned to help inform the community of this library's history and, also, its future.

In April, a visit to the Crouse Family Museum is scheduled--registration is required and a limited number of openings are available (April 27). April 26 at 6:30 pm Cromaine SOUP kicks off with an organizational informational meeting.

SOUP is a social entrepreneurship project, much like the Hartland Area Project created by Crouse back in the early 1930s. Other events include talks on the history of the Hartland Area Community Council (May 11), the Hartland Music Hall (including organ concert on the historic renowned organ) (June 21), a walking tour of the Village (July 11), and about the architect responsible for both the renovation of the Music Hall and the design of Cromaine Library (August 16). Plus, discover how you can contribute to the legacy of this community's library at Leave a Legacy (September 19). Friday, September 29 at 6:30 pm enjoy an evening reception with food, music, and multimedia displays as Hartland's Cromaine celebrates the 90th Anniversary "in style."

This event is followed on Saturday, September 30 from 10:00 am to 2:00 pm with a fun Family Celebration, including old-timey games, crafts, photo booth, and refreshments. Throughout the seven-month celebration, watch for displays of reading through the decades and technology through the decades--right up to the introduction of Cromaine's first 3D printer. Add to the displays and exhibits by sharing your photos of memories and experiences at Cromaine Library and on its grounds throughout April.

**All events, displays, and the forms to enter your photos for the April 1-30 Photo Contest, are available at [WWW.CROMAINE.ORG](http://WWW.CROMAINE.ORG)**

## HARTLAND DEERFIELD FIRE AUTHORITY FIRE MARSHALS OFFICE

Hartland Area Fire Dept.  
3205 Hartland Road  
Hartland, MI. 48353-1825

Voice: (810) 632-7676  
Fax: (810) 632-2176  
E-Mail: [firemarshal@hartlandareafire.com](mailto:firemarshal@hartlandareafire.com)

To celebrate the beginning of baseball season, let's see how you rank in the fire safety line up. Answer the following questions, and see if you and your family can hit a Fire Safety Home Run!

### First Base - Cooking Safety

- Yes  No Does a grown-up always stay in the kitchen when food is cooking on the stove?
- Yes  No Are stove tops and counters clean and uncluttered?
- Yes  No Are there pot holders within easy reach of the stove?
- Yes  No Are pot handles turned inward so they can't be bumped?
- Yes  No Is there a "kid-free" zone of three feet around the stove when grown-ups are cooking?

### Second Base - Heating Safety

- Yes  No Are portable space heaters always turned off when adults leave the room?
- Yes  No Does your fireplace have a sturdy screen to catch sparks?
- Yes  No Has your chimney been inspected and cleaned during the past year?
- Yes  No Has your furnace been serviced by a professional in the past year?
- Yes  No Are propane tanks and other fuels stored outside your home?

### Third Base - Electrical Safety

- Yes  No Are extension cords used safely? (Are they not under carpets or across doorways?)
- Yes  No Are electrical cords in good condition, without cracks or frayed areas?
- Yes  No Are kitchen appliances – such as the coffee-maker, toaster oven, and microwave – plugged into separate receptacle outlets?

### Home Plate - Smoke Alarms/Home Fire Escape

- Yes  No Does your home have smoke alarms on every level, including the basement, and outside each sleeping area?
- Yes  No Are the batteries working in all your smoke alarms?
- Yes  No Are all the exits in your home clear of furniture, toys, and clutter?
- Yes  No Do you have a home fire escape plan that includes two exits from each room?
- Yes  No Has your family picked a safe place to meet outside after you exit your home?
- Yes  No Have you and your family practiced a home fire drill within the last six months?
- Yes  No Do you know the fire department's emergency phone number?

### What's Your Fire Safety Batting Average?

If you answered "yes" to all of the checklist questions above, congratulations! You scored a fire safety home run! If you answered "yes" to 15 to 20 questions, you've hit a triple! Just make a few adjustments, and you'll easily hit a fire safety home run. If you answered "yes" to 10 to 14 questions, you've hit a double. You're going in the right direction, but you've got some work to do before you get to home plate. If you answered "yes" to fewer than 10 questions, you've reached first base, but you need to make many changes around your home in order to reach home plate.

If you have any questions, or you need help hitting a home run, please don't hesitate to give us a call. We will be happy to provide a free in home fire safety inspection.

*Yours in Fire Safety,  
Michael R. Bernardin  
Fire Marshal*

## Don't Let Your Child Be a Dabbler Is your child good at starting things . . .

In my last article I wrote about the first part of our dojo training theme for this month "I'm not better than anyone else . . ." This week I get to explain the even more powerful second half of this sentence ". . . but no one is better than me" so you can share this with your child – on the ride home!

There are three important aspects to ". . . but no one is better than me!"

1. This first one is pretty obvious. A key to success and a characteristic of all black belts is CONFIDENCE. Confidence in the face of self-doubt, fear, failure or hardship. We often use the saying "Fake it until you make it!" It goes without saying, to do anything worthwhile in life it will probably be hard and take a lot of time. The only way you can consistently succeed is to have the ability to sustain your drive, energy and attitude. Never stopping until you succeed. Remember "Failure is temporary but quitting is permanent!"
2. The second one is a sneaky one. Without really know it, many people are lulled to sleep in life. They go through most of their life settling for good enough, average or mediocre? It is easy to see why. Society tells us to fit in. Don't rock the boat. When an employee or student starts to work hard and excel her peers say "What are you doing?! You are going to make us look bad?!" So from a very early age we are rewarded for fitting in and staying average. Not at this dojo. Here is an important black belt attitude and habit – "If I am going to do anything worthwhile I always strive to

be the very best. Not just the best at my school or dojo or job. Not just the best in the U.S.. Not just the best in the world. I will be the best ever!!!!!!!!!!!!!!"

3. The third one is "Don't Let Your Child Dabble". We have ruined a generation by giving them some bad advice on life and success - "Don't take that first job. Wait and follow your passion!" At 25 or 30 they are following their passion right to their parent's basement! The reason why? They have it all backwards! Passion is not what comes first. First you work really hard on something. Then you get really, really good at it. Then you fall in love with it. Then finally the passion is found. The secret to success? Don't become a dabbler especially in your 20's. But it starts when you are young. It is easy to spot the dabblers. When they are young they try a lot of different sports or activities but never stick with any of them. Later in college they change majors a dozen times. They often have difficulty staying in a committed long term relationship. When they enter the working world they cannot hold a job. Help your child stick with one or two things early, work hard for a long time, and become the best . . . ever!

## Struggling with Reading? Tried tutoring...but poor results?

### Struggling Student Now Gets A's & B's - Thanks to Vision Therapy!

"By first grade, Davis was significantly behind. He couldn't keep up or follow directions. His teacher and a special education teacher expressed significant concerns regarding his inability to recall and remember."

"I brought Davis to his pediatrician. The meeting with his doctor did not go well. I was told to lower my expectations. He would never be 'fixed'. We went to Dr. Doud's the next day and I broke down crying as I told him what his doctor had stated. I let him know - I knew my little boy was intelligent. He just couldn't get it out."

"Dr. Doud tested Davis' vision and discovered that his vision was significantly delayed in several areas. He not only gave me hope - which at that point was all I wanted, but a plan to assist Davis."

After vision therapy, "Davis improved so significantly that at the end of second grade, I was told not to let the 3rd grade teachers know anything was wrong with his ability. He had all A's and B's. He was able to keep up and follow directions. His visual memory was 14% when we started vision therapy. It is now near 90%."

"I am so pleased and cry at the thought of how far he has come. It truly is overwhelming to think of what would have happened to Davis if we would have listened to his pediatrician, lowered expectations and accepted this situation, Davis would have failed at school and in life."

**We can help—call today!**

## Serving families in Livingston County for more than 20 years...

In addition to providing family vision care, Dr. Doud diagnoses and treats vision problems that interfere with reading and learning.

Dr. Doud has treated hundreds of children from the Hartland and surrounding communities from all over South East Michigan.

### Do You Know the Top 5 Signs that a Vision is Blocking Learning?

- Skips lines and/or rereads lines
- Homework takes longer than it should
- Short attention span with reading & homework
- Poor reading comprehension
- Reverses letters like "b" and "d" when reading
