## Superintendent's Message

*Janet Sifferman, Superintendent*

Considering all of the modifications and transformations taking place concerning public education in Michigan and across the country, we had a remarkably uneventful and successful start to the 2011/2012 school year. We arrived back to new technology and many updates to our buildings and classrooms, and welcomed new students to our school family.

October is the month for MEAP (Michigan Educational Assessment Program) testing across the State of Michigan for students in grades 3-9. The testing window begins on October 11 and ends October 21. Make-up tests take place through October 28. We are required to teach the grade level content expectations the state has established based on national standards. Our curriculum is aligned with these standards. The MEAP test is designed to assess our teaching of these standards and is the benchmark with which we are judged by the state and our public. While the MEAP is by no means the only assessment tool we have, it is the most public. Therefore, it is important that our students do well.

Rest assured our educational practices are not focused solely on standardized testing. We feel it is important to educate the whole child by providing opportunities for reflection, critical thinking, speaking and listening, as well as instruction in the core content areas and the arts. However, because of the importance placed on the MEAP tests, we ask that you help us provide an optimum testing session for our students by ensuring that your child is present, well rested and fed.

## Hartland Big Boy Restaurant hosts "Celebrity Server" night October 18

Over the summer, a group of Hartland students got together and learned about Lego Robotics. Professor Keith Bozin from Lawrence Tech was the instructor. Mr. Schmidt was also kind enough to allow our group to use his High School room for the classes. The group learned about building concepts and computer programming. This course ended with a Sumo Robot competition. This group was formed through HP4K (Hartland Parents For Kids).

## Principal's Corner

**Chuck Hughes, Hartland High School Principal**

October already! I would like to share that the 2011-12 school year is off to a fantastic start. Our Counseling Staff did an outstanding job ensuring that student schedules were ready for the first day of school and that all but four students were in their first hour on the first day of school. This is an incredible feat considering we had 1,800 plus students walk through the door. I wish to publicly recognize Erica Empie, Jodi Wilson, Nicole Schingeeck, Heather Borst, Sue Stannard (Secretary), Mary Day (Support Services Coordinator) and Lindsay McClearen (intern) for the job they do in meeting the needs of our students. Thank You!

I think it is important to take a moment and share with you my thoughts on two of the most important job descriptions I have as the Principal of Hartland High School. As the "Principal" my most important role (in my opinion) is to ensure that HHS is a safe and orderly environment for our students to learn. This means that I regularly look for input into policies and procedures that will best help our students make decisions which will benefit them now or in the future. At times this means intervention is taken when poor decisions are made; however most of the time this role equates to simply being present and sharing with students expectations that we have at our school. Curriculum and instruction is an important role which requires that I regularly evaluate and monitor the implementation of Board of Education adopted curriculum. This means that each year I must review what is expected to be taught, monitor the implementation of the curriculum in the classroom, and evaluate the learning taking place. The use of internal common assessments, teacher created checkpoints, and standardized testing results helps us to determine where we are and what we need to improve on in regard to teaching and learning. While I have many other responsibilities on my job description, I truly feel that these two responsibilities are the most critical when it comes to providing our students with a premier public school education.

If at any time you have thoughts or concerns about school safety or curriculum and instruction please do not hesitate to contact me at [chuckhughes@hartlandschools.us](mailto:chuckhughes@hartlandschools.us) or at 810.626.2200.

Freshman Link group ready for the new year!

## Link Orientation

On August 30, 88 junior and senior student Link Leaders meet with the incoming freshman students to lead them through a series of activities to help them to be ready for the first day of school. The freshman participated in large and small group activities, and a school tour, designed to help them feel comfortable throughout their first year of high school. Link leaders will continue to meet with their freshman groups throughout the school year to discuss topics such as making good choices, available school resources, scheduling, social events, etc. The next Link meeting will be to talk about the homecoming activities and will include a fashion show. The next big event is Cocoa and Cram in January to help freshman prepare for final exams.

## HHS Pride

In preparation for the high school's presentation to the school board in September, Mary Day and Kate Gregory created a wonderful showcase in the lobby of the Hartland Educational Support Service Center on M-59.

## Big Red Barrel

Teens are inundated by messages everyday, some positive while others are not. Please remember that you are the most important influence on your child's life. If you have prescription medication in your house, lock them up and keep an eye on the contents. If you no longer have need for them, but don't know where to dispose of them safely, the Livingston County Community Alliance would like you to know that there are two sites where you can drop your unused prescription medication. Look for the big red barrels at the Michigan State Police Post on Old US-23 in Brighton (Monday through Friday from 8am-4pm), or the Livingston County Jail (24 hours a day, 7 days a week) on South Highlander Way in Howell. The service is free, and the medication is disposed of in a proper fashion.

## Advanced Placement Courses Are Expanding and Proving Successful

Four years ago the District Rigorous Curriculum Steering Committee made a commitment to expanding our AP course offerings as a means to encouraging more students to take challenging coursework. Below you will find two sets of data. Chart A -1 shows the growth in enrollments for our AP courses and Chart A -2 shows how well our students are doing when they take the AP end of course assessments. This year we have added AP Calculus BC and AP Spanish with AP US History expected to go on line in 2012-13.

## Welcome Back To School

We have had a very smooth opening of the 2011-2012 school year. Incoming students quickly learned their way around the building and have become very comfortable. The classes of 2016 and 2017 are off to a great start. Look for a school newsletter to be updated every two weeks with information about clubs and activities, the school calendar and lunch menu, and upcoming events. The newsletter is available on the school website ([www.hartlandschools.us](http://www.hartlandschools.us)) Hard copies are available in the front office.

### TARDY TO SCHOOL POLICY

- Please help your child do his or her best. Attendance is a crucial factor for student academic success.
- Students tardy to school (i.e. late to Homeroom) must be signed in at the front office by a parent or legal guardian in order for the tardy to be considered excused.
- Unexcused tardies to school will result in disciplinary action.
- Excessive parent excused tardies may be referred to the Livingston County Attendance Officer.

### PARENT CONNECT

Parent Connect allows parents with Internet access to monitor their children's grades. If you had a password assigned last year, it remains the same. Contact Karen Wilson at [pc@hartlandschools.us](mailto:pc@hartlandschools.us) for assistance.

### FALL PARENT-TEACHER CONFERENCES

Parent-Teacher Conferences are scheduled for November 11 and 15 as follows:

**Friday, November 11** from 7:40 to 10:30 a.m. and from 11:30 a.m. to 2:30 p.m.

**Tuesday, November 15** from 4:00 to 7:00 p.m.

Spring Conferences will be held at the end of March. Look for more details on the school website/the HMS newsletter.

### PHONE MESSAGES TO STUDENTS IN SCHOOL

It can be very disruptive to call students out of class to deliver routine messages. Please make every effort to communicate after school plans with students before they begin their school day. If there is a message that we need to pass on, we will deliver those during passing time with students called down to the office instead of interrupting class. We appreciate your help in keeping our school the best learning environment possible.

### SAFETY IN THE PARKING LOT

The morning "drop off" time before school and afternoon "pick up" time after school means that students who are being driven to and from school must negotiate a very busy parking lot. PLEASE DRIVE SLOWLY AND CAUTIOUSLY and put the safety of our students ahead of time issues.

### WELCOME TO NEW FACULTY

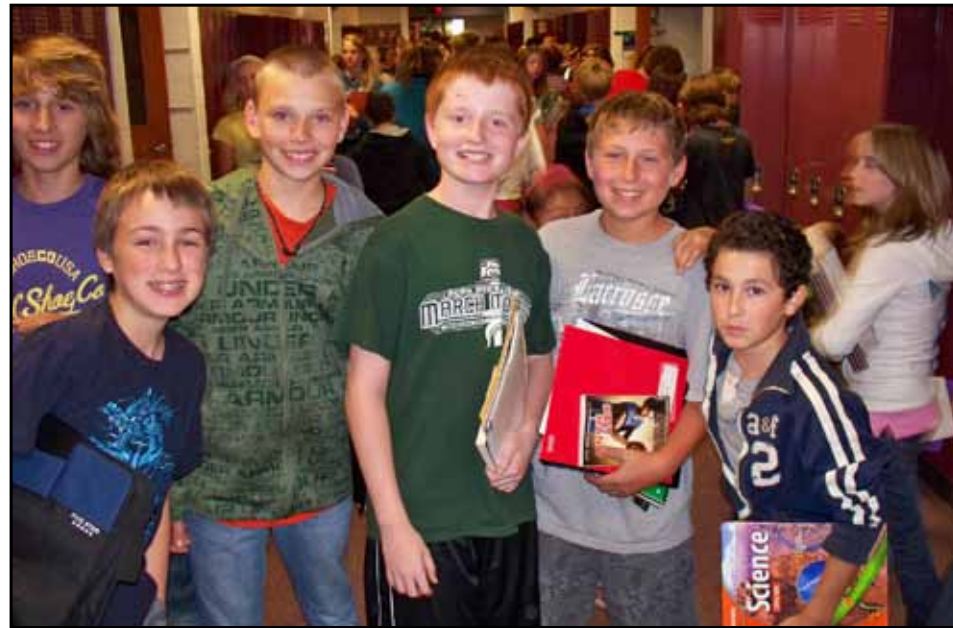

We would like to welcome several new faculty members at Hartland Middle School. Mr. Jeremy Jarvinen is now teaching at HMS as well as HHS. Mr. Jarvinen is teaching Introduction to Technology. ## MEAP

We are writing to remind everyone that MEAP testing is just around the corner, and to ask that parents take a moment to reinforce to their child, that this test is an important measure of their academic achievement. Not only do these results become a part of their permanent records, but they are also used as a tool by which we measure our schools progress toward important school improvement goals. Parents can help by assuring that their child comes to school each testing day well rested and on time, with a healthy breakfast, and with the knowledge that you want them to try their hardest. Your encouragement can have a significant effect on how carefully, and completely, students read and answer questions. It is important that each student gives his/her best effort, and we appreciate you reinforcing this with your child before each test. For your information our testing schedule is as follows:

**October 11-12** Reading  
**October 18** Math  
**October 19** Science (5th grade) and Social Studies (6th grade)  
**October 20-28** All Make-ups

## School Website

There is important information on our school website. Go to [www.hartlandschools.us](http://www.hartlandschools.us) and click on Farms. You will find valuable information such as our school newsletter, calendar, breakfast/lunch menus, and PTO information. Please know that this information is not sent home, but it is updated frequently on the website!

## Opening Day for the 2011-2012 Year at Creekside

Creekside was buzzing with excitement on the first day of school as a new class of kindergartners is welcomed, friends catch up with friends on all their summer whereabouts, who got who for their teacher, and all the oohs and aahs over the cute new outfits, cool school bags, fun vacations, and summer activities everyone has enjoyed.

And then there are the parents. We all stand around chattering with so much excitement that you would think it was OUR first day of school! Meanwhile behind the scenes the teachers and staff have been busy for weeks preparing for this big day. Rooms are decorated, curriculum ready to go, copies, cutouts, and booklets assembled. All the finishing touches to the school complete. It is as if everyone has been preparing for the stage production of a lifetime.

And kudos to everyone for a wonderful Opening Day of another great year to come! If you would like to be a part of the show, there are always starring roles, support roles, and many ways to support our 2011-2012 year at Creekside. Come and visit our PTO Bulletin Board outside the office and learn how you can be part of the Creekside Community and Team PTO!

Mr. Gutteridge, Mrs. Pearsall, Ms. Murphy and Mrs. Zalewski enjoy a first day lunch hosted by the PTO.

Mrs. Woodbury, Miss Safford and Miss Mosack take a moment to show thanks for their first day lunch hosted by the PTO.

Kindergarten teachers Mrs. Howe, Mrs. Phillips and Miss Seiter greet their new students as they arrive at school.

Kindergartners seek out Gingerbread Men around the school to help them learn their way around.

Miss Seiter helps her class in finding the Gingerbread Men around the school.

Lakes Elementary would like to welcome some wonderful additions to our staff for the 2011-2012 school year. Mrs. Debbie Lonergan is our new full time speech and language specialist, coming from Village and Round Schools, Ms. Lori Pavlack is our new split speech and language specialist coming to us from Brighton and shared with Farms Intermediate, and Ms. Andrea Boullanger joins us to teach Reading Recovery at Lakes (shared with Round School). We are so lucky to have these wonderful professionals join our Lakes Family.

Kindergarten student Maggie VanGoethem helps her teacher, Mrs. Dennis, lead the King/Queen literacy activity for the day.

Second graders and good friends Spencer Bulthuis, Nic Adkins, and Chase Pietila enjoy some social time together while they eat lunch in the cafeteria.

Ms. Alef's first grade students get right down to business with a fun handwriting activity.

Third grade students from Ms. Dodd's (Whelan's) class practice clapping out rhythms in music with Mr. Eaton.

Mrs. Juliars' fourth grade students are fully engaged in an exciting Interactive Smart Board lesson involving creating goals for Writer's Workshop.

## Family Fun Pickleball Night Ages 8 and up

### Coached by Jan Doke and friends

Come learn the game of pickleball and eat pizza together with your family. This is open to players ages 8 and up with their parents, or a set of 2-4 teenagers or all of you 20, 30 or 40 year olds are encouraged to come play with our seasoned players. We will provide pizza, water, rackets and pickleballs. We will match up one coach at each court and work with the ages of the players on the court. Pickleball is played on a badminton size court with a racket used to hit the waffle ball over a 3 foot high net. This is very similar to tennis and is a great way to maintain your skills once the outdoor tennis season has ended. Played in the Main Gym at the SSC building on M59. Register through Community Ed at 810.626.2150 or on line at [www.hartlandcommunityed.com](http://www.hartlandcommunityed.com) under Fitness/Recreation in our Course Catalog.

## Safe Town teaches valuable safety lessons

*Dawn Lubeski and Jan Doke*

This summer was another wonderful summer with 5 sessions of children learning different kinds of safety that prepared them for the start of school. The students attended class from 9am-1pm for a full week. We had great visits from our Hartland bus drivers, Patty for dog safety, Nancy our nurse, Tony from Livingston County Ambulance, DTE with Luey the Lightning Bug, Karen from Red Cross, Jack from GM, Mimi from 911 and many of our Hartland Area Firefighters. Thank you very much for taking time out of your day to come teach our students about safety. They loved it!

We have many teenage helpers that come and volunteer their time to help us and the students throughout the week. They help them with projects, riding bikes through our town, reading books to them and helping the shy ones get through the day and much more. If you would like to be a volunteer please call Hartland Community Ed. and leave your name and phone number at 810.626.2150. We are in need of some additional volunteers for next summer. We would like to thank Rocky Crotty, who is working on his Eagle Scout project, for building us the great buildings for our town. He has done many projects for us over the years and we appreciate all his hard work.

If you have a child who will be eligible for Safe Town next summer, be sure to watch for information in the Spring 2012 Community Education Enrichment brochure and in Kindergarten Round up packets in March 2012.

## Carol's Corner: *Successful/Healthy Aging*

- Coping successfully with disease.** As we age, we will all face the disease process. How we deal with it is what's most important.
- Cultivate a sense of humor!** It relieves stress and provides perspective.
- Neurologic plasticity** (in other words, stretch your brain). Seniors need to learn new skills (chess, language, writing memories, painting, instrument). Even people with cognitive impairment can express their creativity. Don't become a couch potato. Use it or lose it!
- Maintain close ties.** Loneliness and social isolation are associated with depression and health problems. Coming to the senior center and making new friends helps you cope with some of the problems that you'll have to face. Grandchildren can bring a lot of happiness in your life. The most vulnerable seniors are those that are disabled, alone, childless and cognitively impaired.
- Civic Engagement.** Did you know that volunteers are the healthiest! Volunteer at a job you would enjoy – but still allow time for yourself.
- Practice spirituality!** Evidence shows that as we age, religion becomes more important. In my experience seniors that have a strong belief seem to be more optimistic and find purpose, hope and comfort in their religion.
- Adapt to the environment.** Due to health problems, etc. we may need to leave our home and go into an assisted living facility, small apt. or even live with one of our children. People that can adapt do much better and live longer.
- Stay Active.** It's never to late to begin an exercise program. Exercise increases oxygen flow to the brain, lowers cholesterol/BP, etc. Talk to your Dr. before you begin to find out what type of exercise is best for you.
- Eat Well/Maintain a healthy weight.** Eat lots of fruits and vegetables, avoid empty calories, limit alcohol, drink plenty of water and cut down on your portion of meat.
- Take medications as directed.** People are living longer because of the medications that can prevent heart attacks and strokes. Be sure to see your doctor regularly and take the meds as prescribed.

## Choices for End-of Life Caregiving

There are many decisions to be made when imminent death is approaching for a loved one. Questions regarding what type of care, medical assistance and even physical location for their last days confront us.

If care at home has been given, should loved ones be moved to a facility or remain at home? If in a care facility should they be moved home for their last days? Will 24-hour care become necessary and more medical assistance be required?

If you are asking these questions, a Hospice service might be a good solution. Hospice can be provided to a person who has a life-limiting illness wherever that person lives. A nursing facility or long-term care facility can receive visits from hospice personnel in addition to the other care and services provided by the facility.

Hospice care is a special way of caring for a patient who is in the last stages of life. Hospice provides a team of professionals who aid the patient and family caregivers. This include nurses, social workers, physicians, clergy and aides who all work together to plan and coordinate care, 24 hours a day or as needed.

The Hospice Foundation of America outlines the following services of hospice:

- Hospice is a special concept of care designed to provide comfort and support to patients and their families when a life-limiting illness no longer responds to cure-oriented treatments.
- Hospice care neither prolongs life nor hastens death. Hospice staff and volunteers offer a specialized knowledge of medical care, including pain management.
- The goal of hospice care is to improve the quality of a patient's last days by offering comfort and dignity.
- Hospice care is provided by a team-oriented group of specially trained professionals, volunteers and family members.
- Hospice addresses all symptoms of a disease, with a special emphasis on controlling a patient's pain and discomfort.
- Hospice deals with the emotional, social and spiritual impact of the disease on the patient and the patient's family and friends.

- Hospice offers a variety of bereavement and counseling services to families before and after a patient's death.

To be eligible for hospice a physician must certify the patient to be terminally ill with a life expectancy of six months or less and treatment for a cure is no longer provided. The focus for the patient has to change to supportive care and quality of remaining life.

Hospice is paid for by private insurance, Medicare or Medicaid Hospice benefit or personal funds.

Here are the conditions that apply for Medicare hospice benefits:

- You are eligible for Medicare Part A (Hospital Insurance)
- Your doctor and the hospice medical director certify that you're terminally ill and have six (6) months or less to live if your illness runs its normal course.
- You sign a statement choosing hospice care instead of other Medicare-covered benefits to treat your terminal illness.
- You get care from a Medicare-approved hospice program

- You understand that Medicare will still pay for covered benefits for any health problems that aren't related to your terminal illness.

Special benefit periods apply to Medicare hospice care and some services do not apply. Be sure to understand the rules and requirements of Medicare payment before you commit.

Hospice is available to anyone, regardless of age or illness. If Medicare or private insurance is not available hospice services may be available for low income individuals through grants or charitable donations. Many hospices are non-profit and will provide services to anyone in need.

The days leading up to the moment of death of a loved one can be rich with meaning and expressions of love. Family and caregivers should allow others to help with the care and daily responsibilities. They need to free themselves from the details of caregiving and instead need to use hospice to all more time to reminisce, give thanks for a life shared and say goodbye.

# Recreation

## Hartland Gymnastics Academy

Are you familiar with Hartland Gymnastics Academy? We are located in the Hartland Educational Support Services Center on M-59. We offer both recreational classes and team gymnastics. HGA does many different activities throughout the year besides just gymnastics. We have our different fundraisers that we participate in (golf outing, pizza kits, car wash, Children's Miracle Network), plus we do some team building activities as well (late night party, pool party, trip to the beach).

Our competitive season starts in October and this year our gymnasts will be participating in over eight different meets, most of which are in the surrounding areas (Grand Rapids, Holland, Canton, Midland). The furthest one for us this year is in Chicago. We are looking forward to a great year and cannot wait to get out there and compete. If you have never visited Hartland Gymnastics Academy, come take a look and see what we are all about. We have a fantastic group of kids and would love for you to join us.

One of our activities this summer was hosting a fundraiser for Children's Miracle Network. Fun was had by all and everyone enjoyed open gym, face painting, snacks, and seeing some of our upper level gymnasts demonstrate what you can learn here at HGA. Together we were able to raise almost \$500.00 that day, which will go directly to help Children's Miracle Network. This day could not have been such a success without all the volunteers and everyone's generosity. We raised more money than we have been able to in the past and we hope that next years celebration is even better. Thank you to everyone who contributed to such a wonderful program. We look forward to seeing you in the gym!

### *No School Open Gymnastics*

Hartland Gymnastics Academy has open gymnastics when Hartland has a scheduled NO SCHOOL day for teacher professional development. Kids can play in the gym for an hour and a half. The bounce house, zip line, foam pit, trampolines, gymnastic equipment, and ropes will keep them entertained and burn off some energy.

We offer open gym to ages 5-18. Children under the age of 5 can be accompanied by an adult. Cost is only \$8 per child (pay at the door). No school open gym is from 1:30-3pm on the following dates: **October 7, November 1 and November 11.**

We offer regular open gym every Friday from 7:30-9 pm. Come join us! Signed waiver required to participate. Visit us on the web at [hartlandgymnastics.com](http://hartlandgymnastics.com) for more information.

## Thank you Hartland Family Dental

The Hartland High School Football Parent Club (HHSFPC) would like to thank Dr. and Mrs. Drew Smith and the staff at Hartland Family Dental for their generous sponsorship of "player only" t-shirts. They were distributed to all three of our football teams on Friday, August 19.

## Lakes Cub Scout Pack 385

Welcome back to school and fall! Pack 385 is ready once again to embark on a fulfilled 2011-2012 Scouting year. We've already done our Round-Up (where we were able to sign up a bunch of new Scouts); had an outstanding time at the Pack's first Camp Out in Kensington; and had our first Pack Meeting in late September. As you can tell, we have a very busy Pack with great camping trips, pack meetings and monthly activities. This month we will be able to hike at Camp Munhake during the Fall Color Hike, and participate in our scary, but fun Halloween Costume Party during our Pack meeting. Next month, the Scouts will create their own regattas for our Pack's Rainutter Regatta. As you can see, our Pack does a ton of really exciting activities. If you would like to join (or have your parents help out in a den), contact Cindy Andersen with any questions 810.360.0660. See you in Scouting!

## Troop 380 announces Two recent Eagle Scouts

Hartland Boy Scout Troop 380 is proud to announce its two most recent Eagle Scouts. An Eagle Scout Court of Honor was held for Richard Iseppi and Kyle Havenhill on July 31. Richard and Kyle are Troop 380's 44th and 45th Eagle Scouts respectively, and follow in the footsteps of their brothers, Eagle Scouts Ryan Iseppi and Jon Havenhill. The requirements to become an Eagle Scout are physically and mentally challenging. Fewer than five percent of the boys who enter the Scouting program earn the rank of Eagle Scout. A major requirement of earning the rank of Eagle Scout is to plan and carry out a service project that benefits their community.

items. Richard also collected \$675.00 in monetary donations.

Kyle's Eagle Scout project was to improve the aesthetics of the landscaping at the Hartland Consolidated Schools Educational Support Service Center. The landscaping of the project involved removing the overgrown plants in three flowerbeds and replacing them with better looking and more manageable plants. In addition to improving the looks of the building grounds, the project also involved creating three permanent signs that direct the visitors of the building to their desired locations. Kyle received supply donations from Bordine's, Beauchamp's and IMC Sign Products.

Friends since early childhood, Richard and Kyle are both 2011 graduates of Hartland High School, and will be attending college in the fall. Richard will be attending Grand Valley State University, while Kyle will attend the University of Michigan in Ann Arbor.

Richard conducted a supply drive to benefit the Humane Society of Livingston County for his Eagle Scout service project. He was able to collect over 600 cans of dog and cat food, 70 bags and boxes of dog and cat treats, several dog and cat toys, 73 rolls of paper towel, 25 gallons of bleach, 10 gallons of detergent and various other
