Superintendent's Message

Chuck Hughes, Superintendent

Welcome to the beginning of a new year. This is an exciting time for me as I have the honor and privilege of becoming the Superintendent of Hartland Consolidated Schools. I wish to thank the Board of Education for their confidence in me and for continuing to support the hard work being done to establish the district as a "premier school of choice." It is especially important to me to share that my 17 years in Hartland would not have been successful without the mentorship of Superintendent Jan Sifferman. Jan has dedicated 41 years to Hartland Schools, 12 years as Superintendent. She has always displayed the ability to make decisions that were in the best interest of students and for the stability of the school district. While I cannot easily replace Jan, I know that I have been fortunate to watch and learn from her amazing leadership. It is my hope that I will carry on her legacy of keeping the "heart" in Hartland.

As we begin this new journey together, I will be focusing my monthly messages to you on sharing the wonderful things occurring in the district and providing information on our greatest needs. One of the first goals is to move forward with the May 2, 2017 millage proposal for a Building and Site Sinking Fund Tax Levy, which was supported by a Board of Education resolution on November 21, 2016. The sinking fund is designed to be a pay-as-you-go, interest-free tax collection to provide districts with money to repair buildings and sites, increase security, purchase technology, and purchase land for future building sites if needed. While many states provide some type of building and site fund for school districts to tap into, Michigan does not. The Board of Education has agreed to put this millage proposal before the voters with a plan to re-purpose a portion of the current debt levy so that it will not be a tax increase if passed. A "Yes" vote on May 2, 2017 will result in the decrease of our current debt retirement tax levy from 8.55 mills to 8.05 mills. The sinking fund would then collect .5 mills for the building and site fund. What this means is a zero net increase in what home owners currently pay while keeping the same overall tax levy of 8.55 mills.

Why a sinking fund? For a number of years, funding support from the state has either declined or has had only minor increases. Our primary function is to provide for instructional programs, thus our ability to deal with non-instructional issues (ex. repairs) has been limited. The district finds itself in a situation where our newest building is 13 years old and repairs are necessary on buildings throughout the district. We also have the need to continually invest in technology. One means available to supplement the general fund dollars so that we can invest in repairing roofs, driveways, doors, boilers, air conditioning units, flooring, as well as purchasing current technology, etc. is a sinking fund tax levy. Again, this will not cost our homeowners any additional dollars if passed in May.

Hartland Schools Person of the Month

Donald Gagacki

I grew up in Dearborn, Michigan, and attended the University of Michigan where I graduated in 1971 with a Bachelor's Degree in Industrial Engineering. I worked as an engineer for 27 years for a company that transported natural gas. When the company merged with another and moved to Houston, Texas, I took an early retirement package and started looking for another job. I started working for Hartland's alternative high school, Legacy (and Genesis) as a substitute teacher in 2001. The following year when a newly hired math teacher decided not to take the position the day before school started, I was hired by Steve Assenmacher to teach math as a permanent sub. I ended up teaching math for a few years before taking on my current position of Program Assistant. As a second career this has been a dream job for me for the last 15 years!

My wife Carolyn, a retired Nurse Practitioner, and I have been happily married for 41 years. We moved into the Hartland school district in 1987. We have three awesome children that all attended and graduated from Hartland Schools. We are so proud of the accomplishments they have made! Anna graduated in 1995 and went to the University of Dayton. She is currently a Reading Specialist at a middle school in Fairfax County, Virginia. She is married and has five-year-old twins. Laura graduated in 1999 and attended the University of Dayton and EMU. She is currently teaching ELL first graders in Loudon County, Virginia. Paul graduated in 2002 and attended MSU and EMU. He is the Director of Computer Security for a Real Estate Investment Trust (REIT) in Toledo, Ohio. He is married and has two children. We enjoy our trips to Virginia and Ohio to spend time with our children and grandchildren. As our children were growing up, my wife and I participated in many activities around the Hartland area including Cub Scouts, Girl Scouts, PTO, and coaching HAYAA baseball and basketball teams.

My most memorable moments have to be the graduation ceremonies at Legacy. Every year I am inspired and moved by the speakers and the graduates.

Legacy is a great place to work. I like working with at-risk students. So many of them appreciate having another opportunity to earn a diploma. The staff here is hard-working and dedicated, and the Administration and the School Board are very supportive of the work we do.

Hartland Schools has been good to me as an employee and to my children by providing them with excellent educations. I like the fact that Hartland cares enough about the students we have here at Legacy to give them a second chance at earning a diploma when other schools had all but given up on them, and many of them had given up as well.

PARENT, TEACHER, EMPLOYEE NOTIFICATION OF THE AVAILABILITY OF THE MANAGEMENT PLAN FOR ASBESTOS

According to AHERA 763.93 (g) (4) "...at least once each school year, the LEA shall notify in writing, parent, teacher, and employee organizations of the availability of the management plans and shall include in the management plan a description of the steps taken to notify such organizations, and a dated copy of the notification. In the absence of any such organization... the LEA shall give written notice..."

The procedure and plan that the LEA has adopted for the notification listed above is as follows:

- In writing, notify the presidents of each of the three above organizations of the availability of the asbestos management plan.
- In the event that there is no organization representing any of the above three groups, individual letters will be sent out, or notice will be given in a newsletter of the availability of the management plan.
- The Designated Person will be responsible to update the management plan as needed, and annually by March 30th of each school year.
- The Designated Person will be responsible to ensure that a copy of the following or similar notification will be sent to the above organizations and/or individuals by April 30th of each school year and copies of the notices are filed in the management plan.

DODGE BALL TOURNAMENT & FUNDRAISER

Approximately 15 student dodge ball teams recently competed to see which top seventh and eighth grade team would face the teachers in a staff versus student championship.

We raised approximately \$3,000 for the HMS Parent Advisory Council (PAC) to support Challenge Day, field trips, assemblies, and other special events at HMS. Thank you to HMS teachers Katie Anderson and Patti Roberts and HMS PAC members for organizing this event.

Each month, a selection committee at Hartland Middle School selects one seventh and one eighth grade student to receive recognition as “Students of the Month.”

Nominated students must meet one or more of the following criteria in order to be selected.

- The student must show continued success in all subjects
- The student must exhibit good citizenship
- The student must make a significant positive contribution to the school and others
- The student must exhibit a positive attitude toward school, self, and others

BOOK TALKS WITH CROMAINE LIBRARIAN

Hartland Middle School seventh graders enjoyed a day of “book talks” by Cromaine Library’s Teen Librarian, Carolyn McCullough.

Students learned about many “great books that have gone under the radar,” as described by Carolyn.

They learned about the trends in tween and teen literature and got an exciting glimpse into some of the newest and best teen books trending.

Students are very excited to check out some of these latest titles and also to visit the upcoming “Teen Room” at the Cromaine Library!

WORK CONTINUES...

As with every Michigan winter, there will be times the weather prohibits the next step required in construction, and, fortunately, times when the weather permits construction. As of December 14, the first floor of the addition has been enclosed and the floor has been poured. Windows have been ordered. Block will be laid for the second floor walls when weather (temperature especially) permits. The move of collections from Crossroads to the Village will begin in January as well as other "internal" preparations for the existing space to be reconfigured. Thank you for your patience!

Hartland Audubon News

*The Hartland Audubon Club will
meet on
Wednesday, January 3
at 7:15 pm.*

We meet at the Hartland Educational Support Center 9523 E. Highland Rd. We will have a short meeting to report bird sightings, and other nature happenings, followed by a stimulating presentation.

We welcome your birding observations and will make you feel welcome to our friendly group. Upcoming field trips are announced at each meeting by our enthusiastic president. Memberships are encouraged.

Tonight's program will be given by Roy Schwartz who will be presenting about "Birding in South Africa". We all know that Africa is remarkable for its animal species. Less known is that South Africa is especially rich in birds due to its many and varied habitats, boasting 842 species, with more of these native to the region than in any other country. Many birders consider travel to this country a must, so please join us on this armchair adventure.

Check out Hartland Audubon on hartlandaudubon.weebly.com. For more information contact Birder_John@hotmail.com or call 517 546-2610.

WOULD YOU SCORE 100% AS A PARENT?

Your child will change...the moment your perspective on parenting changes

We just conducted our best New Parent Orientation yet!

The purpose of this training session is not only to teach new parents how to make the most of our school but more importantly how to develop into great parents. Why? Because we know that behind every "Black Belt Child" are "Black Belt Parents"!

We can have an immediate impact on our parents because we know "*Children change the moment parents change their perspective on parenting!*"

We wanted to share some of the parent changing gems with you:

- We know the secret to developing amazing kids is by first training great parents.
- Where did you learn to parent? Unless you intentionally parent differently you will parent exactly like your parents.
- Front Load your time and energy. It is much easier to develop a great kid now rather than fix them later.
- As a parent your role must change from Caregiver to Manager to Mentor. You only do this if you learn to listen, being fully present and without judgement.
- You and your child need to learn how to be in a Peak, Positive, High Energy Emotional State to be successful. Think of it like being in the "zone".
- It is not about the karate here. It is about developing the Habits, Attitudes and Character Traits of high achieving, successful and happy people.
- Kids need to struggle more. Often our lives are too easy. Hardship and Failure are not only good but essential for developing "Grit" (Persistence and Perseverance)
- Parents CANNOT be their child's BFF. They need to be their PARENT!

- Boredom and wanting to quit things are good for kids. Creativity, coping skills and self awareness happen during "boredom", and learning to continue when you want to quit builds patience, persistence and perseverance.
- Be careful of technology - the real world cannot compete against the virtual world. Wonder why kids can't sit still and listen in school?
- How to build confidence - Make them do things they do not want to do...often.
- How to develop self-control - Make them wait for things all the time. A major factor in a child's success in life is their ability to Delay Gratification.
- How to develop a high achieving/performing child - "HIENTS" (High Internal Emotional Need to Succeed). Instill a "growth"/"always learning" mindset early while they still want to please you! Then get them really, really good at ONE thing.
- Watch their words...Never let your child ever say these words "I Can't!" and "I hate school!" Then stop complaining, criticizing and especially blaming!
- Do NOT make your child the center of your family.

So there it is. Your crash course in parenting!

I recently came across an exceptional parenting article that every parent must read written by an occupational therapist titled "***Why our children are so bored at school, cannot wait, get easily frustrated and have no real friends!***"

If you would like me to send you a copy just give me a call at (517) 586-1001 or drop me an email at ohanadojo@gmail.com

Happy parenting. Let me know how it goes!

Struggling with Reading? Tried tutoring...but poor results?

Struggling Student Now Gets A's & B's - Thanks to Vision Therapy!

"By first grade, Davis was significantly behind. He couldn't keep up or follow directions. His teacher and a special education teacher expressed significant concerns regarding his inability to recall and remember."

"I brought Davis to his pediatrician. The meeting with his doctor did not go well. I was told to lower my expectations. He would never be 'fixed'. We went to Dr. Doud's the next day and I broke down crying as I told him what his doctor had stated. I let him know - I knew my little boy was intelligent. He just couldn't get it out."

"Dr. Doud tested Davis' vision and discovered that his vision was significantly delayed in several areas. He not only gave me hope - which at that point was all I wanted, but a plan to assist Davis."

After vision therapy, "Davis improved so significantly that at the end of second grade, I was told not to let the 3rd grade teachers know anything was wrong with his ability. He had all A's and B's. He was able to keep up and follow directions. His visual memory was 14% when we started vision therapy. It is now near 90%."

"I am so pleased and cry at the thought of how far he has come. It truly is overwhelming to think of what would have happened to Davis if we would have listened to his pediatrician, lowered expectations and accepted this situation, Davis would have failed at school and in life."

We can help—call today!

Serving families in Livingston County for more than 20 years...

In addition to providing family vision care, Dr. Doud diagnoses and treats vision problems that interfere with reading and learning.

Dr. Doud has treated hundreds of children from the Hartland and surrounding communities from all over South East Michigan.

Do You Know the Top 5 Signs that a Vision is Blocking Learning?

- Skips lines and/or rereads lines
- Homework takes longer than it should
- Short attention span with reading & homework
- Poor reading comprehension
- Reverses letters like "b" and "d" when reading

Music, Pottery, and Yoga Class at HERO Teen Center

Music, pottery, and yoga instructors from the community have generously offered their time and talents to teach new skills, expose teens to creative outlets, and help them release stress in their lives.

Teens are learning to play the electric guitar, drums, and sing as a group. Tim Twiss, instructor from Milford Music, has generously given his time to teach teens how to play music on the electric guitar and drums. They are able to express themselves in a positive way through music. "It is good to have an instructor to teach music, because kids here can learn to play, it is good for them." commented Jim Beer. Jim is learning to play the drums. They are learning how to play and sing the music together as a team. The teens are able to explore their creative musical talents at the teen center.

Chelsea Ashley, yoga instructor at Divine Yoga in Fenton, has been teaching yoga at the teen center. Melody Denby commented, "I always wanted to learn yoga." The yoga class has a spiritual message too. The message is about empowerment and not to let circumstance or society define you. It is important to expose teens to new ideas and healthy living opportunities for them to try. Yoga is a great workout and excellent way to relieve stress.

The teens also got an opportunity to try pottery. Ryan Lack, taught the teens how to use a pottery wheel. Most teens don't get an opportunity to learn how to use a pottery wheel at school. Alex Watt said, "It was fun!" The goal now is for the teen center to get a pottery wheel, so we can make pottery a daily part of our program.

The Teens are also earning to cook. They were able to prepare their own Thanksgiving meal complete with turkey, dressing, green bean casserole, cheesy potatoes, and pumpkin pie. They enjoyed eating the meal too.

Hartland Community Chapel hosted an open house at HERO Center to show the many new additions at the teen center. Visitors enjoyed chili, decorated cookies, and listened to the teens perform on the new instruments. Thank you to the community of Hartland for supporting the teen center.

16U Blue Eagles Fastpitch Team does Community Service

On December 10, 2016 the 16U Blue Eagles Fastpitch Softball team volunteered at Bountiful Harvest at St. George's Church in Brighton. Bountiful Harvest's mission is to stamp out hunger in the Brighton area and Livingston County.

During this volunteer event the girls, along with their coaches spent time wrapping presents, stocking grocery shelves, bagging groceries, carrying groceries to cars, assisting families in selecting holiday gifts, or serving a hot breakfast.

The girls also provided food donations for the churches family Christmas dinner for those in need. The Eagles Fastpitch Softball Club supports our community by volunteering and giving back during the year.

Hartland Rotary News

Happy New Year! Hartland Rotary wishes you the Best in 2017.

This past November and December Hartland Rotary has been busy helping residents of our community. We bought cleaning supplies and Christmas decorations for a family who recently lost their home in a fire. Our Rotary Elves were able to buy a new Christmas tree with lights and many other decorations for their interim home. They were so excited to be able to decorate for the holidays.

The Elves also knew they wanted cleaning supplies so they purchased a new vacuum, Swiffer, detergents, pails, brooms, mops, etc. We were so happy that we could be of help during their ordeal. Hartland Rotary also helped another family in Hartland with a big Christmas wish. This single Mom had fallen on very hard times. Even though she is working over forty hours a week, her daily challenges have kept her from being able to think much about buying Christmas gifts for her several grandchildren this Christmas. Hartland Rotary Elves not only helped her with the gifts for her grandchildren, but also helped her create a Christmas dinner for them as well. We are able to help the residents of our community with your help. When you participate in our fund raisers you are helping us help others. Thank you for your support.

On December 29, 2016 Hartland Rotary had our Holiday Gathering from 5:30-7:30PM at Spicer's Orchard Winery. We toasted in the New Year with fellow Rotarians from Livingston County and guests. The room was full of fun, fellowship and networking!

You are always welcome to join us on 1st and 3rd Thursday mornings for breakfast and informative presentations at the Hartland Insurance Agency, 2532 Old US 23 at 7:15 AM. If you have a passion for community service and enjoy sharing the fellowship of those with a similar desire, please consider joining us.

Please visit www.hartlandrotary.org or our FACEBOOK, Hartland Rotary Club, for more information on our club.
