

# Building & Site Sinking Fund Proposal

## May 2, 2017

Why is this a **net zero** tax rate increase?

If the Building & Site Sinking Fund proposal passes on May 2, 2017, in June 2017 the HCS Board of Education will lower the current Debt Retirement Tax Levy by 0.5 mills to make up the difference for the new 0.5 mills Sinking Fund.

***A net zero increase in the current tax rate for the Hartland Schools community!***
