**HARTLAND CONSOLIDATED SCHOOLS - BUDGET DEVELOPMENT ASSUMPTIONS
FOR THE FISCAL YEAR ENDED JUNE 30, 2019**

Revenue Assumptions & Proposed Budgets

Property Tax Revenue

The commercial and residential real estate markets across the county are expected to improve resulting in increased tax revenues. The District’s tax base is comprised of 80% homestead and 20% non-homestead taxable value classification property. Below are the property tax revenue expectations by fund for fiscal year 2018-19:

	<u>FY 2017-18</u>	<u>FY 2018-19</u>	<u>Change</u>
General Fund	4,385,662	4,619,799	234,137
Debt Service Fund	9,720,756	10,265,578	544,822
Capital Projects - Sinking Fund	<u>603,750</u>	<u>633,282</u>	<u>29,532</u>
	14,710,168	15,518,659	808,491

Other Local Revenue

In addition to property taxes, local revenue consists of all operating revenue received from sources other than the state, federal government, or the ISD. This includes revenue from community education programs, rental of school facilities and pay to participate (General Fund), breakfast and lunch sales (Cafeteria Fund), admissions to athletic events (Athletics Fund), and interest earnings. For more specific detail, please review the individual fund budget documents.

State Revenue

The foundation allowance is currently projected to increase by \$240 per pupil; however, we are forecasting a loss of 48 students based on early projections. Adjustments have been made to certain categorical funding, including an increase in the special ed categorical, which is projected to increase by approximately \$181K, and a decrease of approximately \$55K related to the elimination of the Early Literacy grant. The remaining state categorical funding is expected to remain consistent with prior year. Cafeteria Fund state revenue represents the categorical funding allocated to districts for providing breakfast and lunch programs. Debt Service Fund state revenue represents expected reimbursement from the Small Taxpayer Exemption Loss. Revenue budget adjustments will be made after adoption reflecting final state budget figures via the amendment process. The chart below identifies in dollars, by fund, the expectations contained in this budget document:

	<u>FY 2017-18</u>	<u>FY 2018-19</u>	<u>Change</u>
General Fund	44,243,666	45,121,410	877,744
Cafeteria Fund	52,936	53,517	581
Debt Service Fund	<u>72,348</u>	<u>74,517</u>	<u>2,169</u>
	44,368,950	45,249,444	880,494

Federal Revenue

Federal revenue has been adjusted to reflect our expected grant awards in 2018/19. A majority of the decrease in General Fund federal revenues is due to a reduction in the Workforce Investment Act grant funding, as 2018/19 is the last year grant funds will be available for this initiative. Revenue budget adjustments will be made after adoption reflecting final federal budget figures via the amendment process. The chart below identifies in dollars, by fund, the expectations contained in this budget document:

	<u>FY 2017-18</u>	<u>FY 2018-19</u>	<u>Change</u>
General Fund	522,133	333,567	(188,566)
Cafeteria Fund	552,000	563,070	11,070
Debt Service Fund	<u>658,755</u>	<u>658,755</u>	<u>-</u>
	1,732,888	1,555,392	(177,496)

Other Revenue

Other revenue consists of ISD Revenue, Other Revenue, and Other Financing Sources.

ISD Revenue received from Livingston Educational Service Agency (“LESA”) includes operating support and Medicaid funding for special education programs as well as funding for vocational education programs.

Other Revenue represents transfers received from entities within the district not separately identified in the funds (i.e., the Senior Center and Trust & Activity accounts).

	<u>FY 2017-18</u>	<u>FY 2018-19</u>	<u>Change</u>
General Fund - LESA	2,585,909	2,573,409	(12,500)
General Fund - Other	<u>92,848</u>	<u>92,848</u>	<u>-</u>
	2,678,757	2,666,257	(12,500)

Other financing source revenue is presented in the following table, and represents the “non-operating” revenue of the district.

The General Fund other financing sources consist of the operating transfer received from the Cafeteria Fund to cover a portion of overhead costs, as well as proceeds from the sale of school busses and from the loan proceeds associated with the purchase of new school busses. The significant increase in the General Fund is due to the additional proceeds expected from bus loan financing and the sale of existing buses and school vehicles. The district intends to purchase a total of 7 buses in 2018/19 (which is an increase of 4 from 2017/18).

Athletics Fund other financing sources represents the operating transfer received from the General Fund. The Debt Fund other financing sources includes proceeds from the School Bond Loan/Revolving Fund to provide funding to meet the District's current debt service requirements.

	<u>FY 2017-18</u>	<u>FY 2018-19</u>	<u>Change</u>
General Fund	343,060	818,287	475,227
Athletics Fund	749,385	773,160	23,775

Expenditure Assumptions & Proposed Budgets

Salaries and Wages

Salaries and wages comprise the single largest expenditure category for the district. Salaries have been adjusted to account for anticipated step increases, lane changes, and longevity increases, as well as for the net effect of replacing retiring staff and any new contract terms that will take effect beginning in the 2018/19 school year. Salary budget adjustments will be made after adoption reflecting the final staffing roster and will be addressed through the budget amendment process.

	<u>FY 2017-18</u>	<u>FY 2018-19</u>	<u>Change</u>
General Fund	27,032,354	27,670,582	638,228
Athletics Fund	249,038	251,562	2,524
Cafeteria Fund	517,886	542,229	24,343
	<u>27,799,278</u>	<u>28,464,373</u>	<u>665,095</u>

Staffing Changes

The proposed budget contemplates 2 additional teaching positions as well as using 7 more salaried teachers instead of permanent subs. The district also intends to hire a Technology and Grants Facilitator in 2017/18.

MPSERS Retirement Costs

The district pays, with some exceptions, an estimated \$26 in base retirement costs for every \$100 of wages paid to our employees. The average retirement rate budgeted for fiscal year 2018/19 is 25.81%, which is a slight increase from the 2017/18 average rate of 25.56%. The change in the MPSERS rate has been reflected in the district's fiscal year 2018/19 operating costs.

For fiscal year 2018/19, it is anticipated that the Legislature will continue funding the section 147c MPSERS rate stabilization categorical ("UAAL"). The district receives revenue from this categorical and then immediately remits the amount to the Office of Retirement Services in a pass-through process. The revenue and expenditure budgets of the General Fund, Athletics Fund, and Cafeteria Fund are "grossed up" by this process and the costs are embedded at all functional levels. The UAAL rate has increased slightly to 12.21% in 2018/19 from 11.32% in 2017/18.

FICA Costs

The district pays \$7.65 in FICA payroll taxes (Medicaid of 1.45% plus social security of 6.2%) for every \$100 of wages paid our employees. The individual applicable salary base upon which the Social Security element of the FICA payroll tax is levied is capped at a specific IRS determined earnings level on a calendar year basis. The calendar year 2018 wage cap is \$128,400. The budgeted FICA rate remains at 7.65% for 2018/19.

Summary Employee Benefits Costs

The district incurs fringe benefits costs which include MPSERS retirement, FICA, healthcare, dental, vision, long term disability, life, unemployment and workers compensation insurances. Employees are also required to contribute towards healthcare, retirement, and FICA. Below is a summary chart depicting the district’s share of these fringe benefits costs:

	<u>FY 2017-18</u>	<u>FY 2018-19</u>	<u>Change</u>
General Fund	16,205,616	16,752,949	547,333
Athletics Fund	119,075	126,114	7,039
Cafeteria Fund	<u>253,120</u>	<u>280,978</u>	<u>27,858</u>
	16,577,811	17,160,041	582,230

Purchased Services/Supplies

The district has budgeted a small inflationary increase for its various contracted services and supplies accounts. For more specific detail, please reference the individual proposed budget documents.

Capital Outlay

The district’s budgeted capital outlay is outlined in the table below. Resources are needed within the General, Athletics and Cafeteria Funds to upgrade facilities and equipment, especially as bond dollars for this purpose are no longer available. The significant increase budgeted on the General Fund – Equipment line reflects the cost of 7 new buses (4 more than in 2017/18) as well as the estimated cost of a new security system at the middle school.

A majority of the Capital Projects Fund expenditures represent anticipated technology upgrades using the proceeds remaining from the 2010 bond issue. It is expected the bond proceeds will be fully spent at the end of 2018/19. Capital Projects Fund – Sinking Fund expenditures are for district-wide facilities upgrades made possible from the successful passing of the Sinking Fund election in May 2017.

Other Financing Uses

Other financing uses, which is outlined in the following chart, represents the “non-operating” expenditures of the district. The General Fund other financing uses represents the transfer made to the Athletics Fund to cover operations. The transfer amount is partially offset by approximately \$240K of revenue from the district’s “Pay to Play” program, which is collected by the General Fund. The Cafeteria Fund other financing uses represents the transfer made to the General Fund to cover indirect costs.

Hartland Consolidated Schools
 General Fund – Proposed Budget Explanations
 June 30, 2019

A	Local Sources	Property tax revenue was increased to account for an increase in property values. Since the state reduces the foundation allowance by the district’s estimated property tax revenue, the State Sources line item was reduced by an amount equal to the increase in property tax revenues. In addition, a slight inflationary increase on other local revenues (other than property tax revenue) was estimated.
B	State Sources	The budget currently assumes a foundation increase of \$240 per pupil as well as a loss of 48 students for 2018/19. State revenues were reduced by an estimated increase in property tax revenue, as noted in the “Local Sources” line item above. The special ed categorical funding was calculated using projected 2017/18 expenditures and increased for 2018/19 accordingly. In addition, the Early Literacy grant was eliminated. Offsetting expenditures related to the Early Literacy grant were reduced from the “Instructional Services” line item below. The remaining categorical funding is expected to remain consistent with prior year.
C	Federal Sources	The Workforce Investment Act revenue has been reduced by \$139K, since 2018/19 is the last year the district will receive funding for this grant. Expenditures have been reduced in the same amount under the “Community Services” line item. In addition, Title I and II allocations were reduced for 2018/19.
D	Incoming Transfers & Other	Amount includes an increase of approximately \$403K to account for the additional proceeds expected from bus loan financing, as well as \$72K for the proceeds from the sale of existing buses and school vehicles. The district intends to purchase a total of 7 busses in 2018/19 (which is an increase of 4 from 2017/18). Operational support was increased \$18K based on the estimated additional revenues available to distribute from LESA. CTE grant funding was reduced \$30K for the one-time equipment grant that was received in 2017/18. Expenditures related to the CTE equipment grant were also reduced.
E	Instruction; Pupil Services; Instructional Services	The net change is a culmination of several adjustments made to the various expense categories. Salaries & fringe benefits have been adjusted for expected steps, lane changes, increased fringe benefit costs, and the replacement of retiring teachers. The 2018/19 budget assumes 2 additional teaching positions as well as using 7 more salaried teachers instead of permanent subs. Contracted services was increased for the anticipated costs associated with attracting and retaining

		substitute teachers. Supplies were reduced for the elimination of the Early Literacy grant. Offsetting revenues for the Early Literacy grant were reduced under the "State Sources" line item above.
F	Instructional Services	In addition to item E above, the restoration of curriculum change dollars to normal levels was included in this line item.
G	School Administration	Salaries and fringe benefits have been adjusted for expected step increases, formula increases (where applicable), and new affiliate contract terms effective in 2018/19. Fringe benefit costs have also been increased accordingly.
H	Operations & Maintenance	Salaries and fringe benefits have been adjusted for expected step increases, formula increases (where applicable), and new maintenance union contract terms effective in 2018/19. Fringe benefit costs have also been increased accordingly. In addition, reductions made in prior year for staffing vacancies and utilities were restored to regular levels. Finally, expenditures were increased to account for anticipated costs related to contract custodial, as well as for the purchase of a large truck.
I	Transportation	A majority of the increase in expense from prior year is related to the purchase of 7 buses in 2018/19, which is 4 more than in 2017/18. In addition, more resources have been allocated for attracting and retaining bus drivers under the RTC agreement, as well as for one additional bus route that will be needed in 2018/19. Finally, reductions to salaries and fringe benefits made in 2017/18 for staffing vacancies were restored to regular levels.
J	Central Services	Resources were added to purchase a new security system at the middle school. In addition, funds were allocated to staff a new technology position that is planned in 2018/19.
K	Community Services	A majority of the decrease relates to a reduction in the Workforce Investment Act activities. Offsetting grant revenues were also reduced in the "Federal Sources" line item above. The decrease was partially offset by expected increases to healthcare and retirement costs.
L	Debt Service	Principal and interest expenditures have been added for the 2017/18 bus loans.
M	Capital Outlay	Additional resources were added due to the lack of bond dollars available to fund repairs to and replacements of the district's buildings and infrastructure.

Athletics Fund – Proposed Budget Explanations
June 30, 2019

A	Revenues	Gate revenue was increased to account for one additional home varsity football game scheduled this year. In addition, KLAA/MHSAA tournament revenue was increased since there were an unusually low number of events awarded to the district in 2017/18. The increase in KLAA/MHSAA tournament revenue has been offset by additional expenses related to these events, which are budgeted in the “Contract Services” line below.
B	Incoming Transfers	Transfer from the General Fund has been adjusted for the annual 3% base increase and the revised UAAL amount.
C	Employee Benefits	Benefits were adjusted to account for the projected increase in healthcare costs and retirement rates.
D	Contract Services	Contracted coaching expense was increased since the 3 vacant positions from prior year will be filled. In addition, as noted in item “A” above, KLAA/MHSAA tournament expenses were increased in anticipation of hosting more events this year than in 2017/18.
E	Capital Outlay	Capital outlay budget remains unchanged from prior year. Capital needs have been assessed and a replacement schedule has been prepared by the Athletic Director. Anticipated purchases in 2018/19 include a press box, bleacher resurfacing, and a sound system.

 Cafeteria Fund – Proposed Budget Explanations
 June 30, 2019

A	Local/ Federal Revenue	Local and federal revenue were increased to account for the addition of a breakfast program at two elementary buildings, which is required in the current year based on free and reduced-price meal eligibility. In addition, paid lunch and a la carte revenues were increased to account for an anticipated increase in participation due to a new pizza offering planned in 2018/19. This increase in revenue has been partially offset by increases in labor and food expense.
B	Salaries/ Fringe Benefits	Salaries and fringe benefits were adjusted to account for the new contract terms that are effective July 1, 2018. In addition, salaries and related fringe benefits were increased to staff the new breakfast program at two elementary buildings. Furthermore, healthcare expenditures were increased to account for the full-year cost of the additional staff members electing to take health insurance at the January 1, 2018 open enrollment.
C	Food	Food expenditures were increased to account for the additional cost of the new breakfast program as well as the additional cost associated with the increase in participation projected in 2018/19 as noted under “Local/ Federal Revenue” above.
D	Supplies & Other	Increase is mostly due to repairs and maintenance expenditures that were restored to 2016/17 levels to cover the cost of any potential failure of cafeteria equipment. Repairs and maintenance expenditures were reduced in 2017/18 as a result of fewer items requiring service than normal.
E	Capital Outlay	Long-term capital needs have been assessed and a replacement schedule has been prepared by the Food Service Director. The amount budgeted is based on the items scheduled for replacement in 2018/19. Items include transport carriers, carts, and steam tables.
F	Outgoing Transfers	The outgoing transfer to the General Fund is reduced by the UAAL expense budgeted in the Employee Benefits line item in any given year. Since the UAAL rate has increased, the transfer has decreased accordingly.

 Debt Service Fund – Proposed Budget Explanations
 June 30, 2019

A	Property Tax Levy	The property tax levy is calculated based on 8.05 mils and 2018 taxable value. Taxable value increased by approximately 5.4% from prior year. There is also a small increase budgeted for delinquent tax collections.
B	Other Local Revenue	Other local revenues were reduced for the elimination of the municipal derivatives settlement, which was expected to be a one-time revenue source in 2017/18. This decrease was partially offset by an increase in the expected change in market value of the QSCB investment deposit.
C	SBLF Proceeds	The 2018/19 SBLF borrowing amount was calculated based on expected debt fund cash flow, taking into account property tax collections and debt service requirements.
D	Redemption of Principal/Interest on Debt	Principal and interest expenditures have been updated for 2018/19 debt service requirements based on the long-term debt schedules.
E	Miscellaneous Expense	Miscellaneous expense includes tax chargebacks and paying agent fees expected for 2017/18. Overall expenditures decreased due to the expected market value change of the QSCB investment deposit. There was a market value loss budgeted in 2017/18; however, the district is estimating a positive change in 2018/19, which is included on the “other local revenue” line above.
F	Fund Balance	Fund balance in continues to grow as a result of the payment structure of the 2010 QSCB debt. Each year, the district is required to deposit “set-aside” funds into an investment account so that when the bonds mature, the principal is paid in one lump sum from the proceeds of the investment account. The total lump sum principal payment is \$12.1M, and is scheduled to be paid in the 2026/27 school year.
