Thank you to those of you who participated in Art to Remember!

Recess/Cold Weather Policy

As stated in the Hartland Consolidated Schools Parent – Student Handbook, page 14: Our policy is that all students will go outside for recess. It is assumed that the students who are too sick to go outside would benefit by staying home. On days when the weather is extremely cold or rainy, recess breaks are shortened or held indoors.

Please dress your child appropriately for the weather.

Girls on the Run

Village would like to offer Girls on the Run once again this spring but are in need of help. We currently have two coaches. This program is designed for girls in 3rd & 4th grade. Please contact Krista Zvoch by Jan 17th @ 810.625.4237 or zvoch4@yahoo.com if you are interested in either coaching or having your daughter participate. For more information visit their website at: <http://girlsontherunsemi.org/>.

What is Future Problem Solving Program?

Future Problem Solving Program (FPSP) is a nonprofit educational corporation administering creative problem solving activities for students grades K-12. FPSP provides opportunities to students in both content and skill areas. FPSP meets standards for curriculum and instruction, language arts, social studies, science, the arts, math, geography, civics, technology, life skills and behavioral studies. Students will develop skills through research and investigation of student selected topic areas relevant to their world. For additional questions about the program, www.michiganfps.org, or call 810-923-1484.

This program is brought to you by Michigan Association for Gifted Children (MAGC)

One size does not fit all.  Meet the needs of the gifted child.
