Bond Package 6

Chuck reviewed the upcoming projects. He talked about some issues we have had with TMP, which have slowed down progress. We will continue to work with Barton Malow to correct these issues.

The Childcare centers have been receiving money from grants. Each of the Childcare centers qualifies to receive separate funding under these grants. The 51 building would like to add a baby playground as they currently only have a playground for the older kids.

We are looking at a second elevator at the High school because the only elevator is in the academic wing.

We are still looking to replace the pool slide stairs. They are degrading. We've only had one bidder. We may have to do this work in an unconventional way. More information to come.

This round of projects will go to the Board for consideration in November. The Board may see another bond package in December.

The meeting adjourned at 8:33 a.m.

Respectfully submitted,
Renee Braden
