Dear Parents and Community Members:

We are pleased to present you with the 2021-2022 Annual Education Report (AER) which provides key information on the educational progress for the Hartland Consolidated School District. The AER addresses the complex reporting information required by federal and some requirements of state laws. Our staff is available to help you understand this information. Please contact Chuck Hughes at 810-626-2100 for help if you need assistance. The DISTRICT AER is available for you to review electronically by visiting the following web site: www.hartlandschools.us, or you may review a copy in the main office at your child's school. Each school will also be communicating their own AER to parents directly. These reports contain the following information:

Student Assessment Data

- Includes the following three assessments: M-STEP (Michigan Student Test of Educational Progress), MI-Access (Alternative Assessment), and College Board SAT
- Presents assessment information for English language arts and mathematics for grades 3 to 8 and 11, and MI-Access science for grades 4, 7, and 11, compared to state averages for all students and subgroups

Educator Qualification Data

- Identifies the number and percentage of inexperienced teachers, principals, and other school leaders
- Reports teachers who are teaching with emergency or provisional credentials
- Includes teachers who are not teaching in the subject or field for which they are certified

NAEP Data (National Assessment of Educational Progress)

- Provides state results of the national assessment in mathematics and reading every other year in grades 4 and 8

Civil Rights Data

- Provides information on school quality, climate, and safety

For the 2021-22 school year, schools were identified based on previous years' performance using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that has at least one underperforming student subgroup in 18-19. An Additional Targeted Support (ATS) school is one that has a student subgroup performing at the same level as the lowest 5% of all schools in the state in 17-18. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state or had a graduation rate at or below 67% in 16-17. In HCS, no schools were identified with any of these labels.

I wish to thank the district's students, parents, staff, and community for your continued support of our efforts to ensure that children graduating from the district do so with the fundamental knowledge and skills necessary for success in the post-secondary environment.
