

Hartland Consolidated Schools
Building & Site Committee Meeting minutes
April 19, 2024
3:00 p.m. – Central Office Conference Room

Present: Chuck Hughes, Matt Marino, Cindy Shaw

Absent: Kristin Coleman, Glenn Gogoleski

1. Radon Update Plan

Chuck and Matt talked about the quote received from Nova Environmental for \$14,620 to test over Christmas break. If negative, we should test every 2 years. We currently do a lot of mitigation strategies. Matt said the estimate is that it will take 2-3 weeks to get the results.

2. Building Projects Update-Summer 2024/Pool

Matt reviewed the work being done over the summer: We will be replacing shingles on the roof at Creekside, Farms, and the 51 building. Redoing the HS tennis courts. Updating access control systems. Round lighting updates. The senior lot and the lot by Creekside will be repaved. Asphalt striping, sidewalk repairs, and removing dead trees.

Matt discussed the work going on right now at the pool. April 29th they will start putting water back in the pool. The plan is to open around May 4th.

3. Fiber Project

The plan is to run fiber so that anyone in Livingston County will be within 1 mile of a main fiber line. The cost to the district will be \$52, 718.48. It will also provide a backup fiber line for the district.

4. Restroom Remodel

Chuck reminded everyone that there has been conversations in previous committee meetings about converting restrooms, a couple to start. Moving forward with any ideas would require the Board to have conversation and agree to hire an engineer to determine what would be the most cost effective. After that we could start looking at design options.

The meeting adjourned at 3:42 p.m.

Respectfully submitted,
Renee Braden
