Optimist Oratorical Winners

Hartland Optimist Club held its annual Optimist Oratorical contest on March 2nd. There were 11 students that prepared a speech based on this year's topic, as determined by Optimist International, "Staying Optimistic in Challenging Times" and presented it to 3 judges, plus an audience of their peers, teachers and families.

The winners of the Hartland Club Contest are Ore Creek students Antoni Spiewak (1st place), Ben Clay (2nd place) and Lydia LaRue (3rd place).

The contest is designed for youth to gain experience in public speaking and provide them with the opportunity to compete for a college scholarship. At the Club level, the top 3 winners receive Gold, Silver, and Bronze medallions, with first and second place advancing to the area competition held Saturday, April 23rd. The winner there will continue to the statewide competition in May and culminating in the world championship contest held in July in St. Louis, Missouri.

Superintendent's Corner

Chuck Hughes, Superintendent

@hartlandschools

Congratulations Hartland students and staff. The effort you put in daily continues to support the HCS motto of being a "Premier School of Choice" school district. I am honored to have the opportunity to lead the district under what I consider the best Board of Education in the State of Michigan. Putting children first in the decision-making process has always been fundamental to the leadership of this district. The support we can provide our students and staff is evident in the positive rankings shared below. Combine these rankings with how our parents grade our schools (shared last month) and the letter grades assigned to each school by the Michigan Department of Education (shared in January), and it is indisputable that HCS is a top school district in the state.

NICHE Best in Michigan 2022 Rankings

Each year NICHE rates school districts in Michigan. This year our Teachers, Academics and College Prep all earned an "A" grade. The Hartland School District is rated the 8th safest school district out of 578 districts in this category and our athletic program is rated 14th out of 571. Our overall ranking is 34th out of 556, placing us in the top 6% of school districts in the State of Michigan. See this website <https://www.niche.com/k12/d/hartland-consolidated-schools-mi/> for additional information.

Public School Review Rankings

In a second independent ranking system, the Hartland School District is ranked in the top 5% for our graduation rate, Top 10% for Overall Ranking, Top 5% in Math Proficiency, and Top 10% in Reading Proficiency. See this website: <https://www.publicschoolreview.com/michigan/hartland-consolidated-schools-school-district/2617910-school-district> for additional information.

School Safety:

With the support of Sheriff Mike Murphy and Undersheriff Jason Pless, our high school was provided school safety training in February.

Board of Education:

The Hartland Board of Education selected Mrs. Meghan Glabach as a new Board of Education member on Monday, February 14, 2022 to replace Mrs. Cyndi Kenrick who resigned after 10 years of service as a trustee and Vice President.

Meghan is a parent of young students in the district and has been active as a Village Elementary PTO President, Hartland Optimist Club President, and for the past couple of years the Adopt-a-Family Program Chair where this past year the community supported 74 families and over 200 children during the holiday season. Mrs. Glabach is a registered nurse, and currently a Senior Director of Medical Specialties for the McLaren Medical Group. She will add expertise in strategic planning and execution along with program development, facility management, and organizational management to the team. Please welcome Mrs. Glabach as you see her interacting around the community.

April 2022 Person of the Month: Tammy Chinn

I am a 1989 Hartland High School graduate and a 1990 graduate of Specs Howard School of Broadcast Arts. I have worked in the HCS district for 30 years—seven years with Community Education working in the daycare and latchkey program, and 23 years working in the schools. I started out at Village Elementary school as a recess para and then moved to the high school and middle school as a special education para. And finally, I found a home at Round Elementary school as an office para and now secretary.

I am married to Dan and have two stepsons, Cody and Cory. My two nephews Ryan and Weston attend Hartland Schools. My family has been in Hartland for over five generations. My great-grandfather was Donald Epley. The park in the Village of Hartland was named after him for all of his community service. I love sharing that my mother, Diana Schultz, had a few of the same teachers that I did growing up.

I have been blessed with so many amazing memories while working in Hartland. A few that stand out are volunteering at fifth grade camp with Mr. Oz, helping him teach square dancing. Watching my second generation of families come through Hartland. I am so proud of my original latchkey kids who are now raising their own families. And Mrs. Tami and I making snow day videos for our families at Round.

I love my job. I love my family of co-workers and the families at Round Elementary. I appreciate all the support from my fellow support staff members throughout the district. I have been honored to work with the most amazing teaching staff over the past 30 years in Hartland. Once a Round School family member, always a Round School family member.

Hartland Schools are a family. We might not always agree on everything, but we are always there to lend support when needed in the community. If you ever need help, there is always someone willing to go out of their way to meet your needs.

We are looking for alumni news!

Do you know of a Hartland graduate who is doing something special or outstanding? We know there are plenty of former students doing some amazing things and we want to hear about it. School Bus Safety

Running Late to the Bus

To continue to provide the safest possible transportation for your child we'd like to share the required protocol when running late to the bus in the morning.

It is required that you should either:

- Call Transportation at 810-626-2175 so they can communicate with the driver, and determine a stop location where you can meet the bus
- Transport your student to school.

Following is an excerpt from the Student/Parent Handbook, Bus Responsibilities of Parents: "To ascertain and insure that their children arrive at the bus stop 5 minutes prior to the bus arrival in the morning. Once the alternating lights are deactivated on the bus, they may not be reactivated and it is the parents' responsibility to transport their student to school, not another bus stop. Students or parents should never try to catch the bus once the lights have been cancelled."

If you would like more information, please contact Hartland Transportation at 810-626-2175.

Welcome to Hartland Preschool!

The preschoolers have so much fun celebrating Dr. Seuss and reading month in March! At this age, children are really taking off in their love for reading as they are learning the concepts of stories and how to understand stories through pictures. Throughout the school year our teachers integrate literacy activities into daily learning to build a strong foundation for later reading success.

Parents can also help build this foundation and love of reading! Try activities such as singing songs, have conversations at the grocery store about items you need, read the menu at restaurants to find different letters, find letters on billboards, and of course, reading stories together every day.

2022-23 school year!

3 Most Common Mistakes that Cost Beneficiaries Thousands of Dollars

Making plans for your death and what comes after can be very difficult for a lot of people to get their heads around. There are also far too many people who are ignoring this issue and not taking steps to help them deal with the best way preparing for your death. This means you need to take steps to prepare your will and probate in advance, and this should not be something you overlook.

Once you pass away, your will must be legitimized in a court of law, and this is a process that can take some time. But, this is not something that will affect you at the time. You need to take steps that are going to help you improve this process in advance. Here are three of the most common mistakes that people make with wills and trusts that wind up costing beneficiaries thousands.

1. Not Having a Will at All

You would actually be surprised by how common this is, and there are a lot of factors that you need to keep in mind if you are serious about achieving this. You need to make sure you have some kind of will in place before you die, and putting it off is not a good thing because you never know when you might get sick or die. 60% of American adults are believed to have no estate plan or will written out, and this can be disastrous if they wind up dying, leaving their loved ones with nothing. You also need a current will, and you have to remember that, whether you're in Michigan or California, an out-of-state will can slow the process down significantly.

2. Improper Life Insurance

Life insurance needs to be meticulously arranged, and this is something you are going to need to make the most of while you can. You have to make sure you have a beneficiary named, but it also can't hurt to have a secondary beneficiary named in case something should happen to the first person. If your beneficiary dies and there is no alternate named then your family could really wind up missing out as a result.

3. Mistakes

Mistakes are commonplace in a lot of wills and trusts, and they can cause very serious problems. There are a lot of things that might play a big part in this, and you need to think about what you can do to make the right decisions here. Crafting a will with no mistakes that is updated and relevant is so important if you want to make sure the right beneficiaries are getting what they should be.

There are so many complexities involved in this process, and you need to try to do as much as possible to get this right. There are plenty of ideas you need to keep in mind when it comes to writing up the perfect will and testament, and this is something that you need to make sure you make the most of right now. Use these mistakes as guidance for things to avoid when it comes to shaping the perfect will and trust to ensure maximum benefit for those left behind.

IS YOUR CHILD A PERFECTIONIST?

Instead...teach them how to be perfect.

“I am always PERFECT...at the END!”

You might be a little shocked by this but—Don’t turn them into perfectionists!

This is very difficult to do. It is all our fault. In today’s world we push our kids too hard too early and expect them to be perfect. We tell them we do not expect them to be perfect but yet we do not let them make mistakes or get things wrong. It may age me a little but when I was a kindergartner all I had to do was drink milk, take naps and play. Today if a kindergartner does not already know how to read, spell their name and count, they are behind. Not too long ago child development experts called the ages seven and below the “pre-academic” stage of life.

Too early in children’s lives they cease being allowed to make mistakes. When they are in school their score or grade is docked with each mistake. When they miss the ball when batting in T-ball or miss catching a ball everyone goes “oh” and “ah”, or worse yet, laughs. **Wanting to be perfect is good**, but being a perfectionist is not. This is where the roots of shyness can be found.

What are some signs that your child is developing into a perfectionist? If your child hesitates before doing most things. If they say “I can’t” even before they try. If your child wants to quit the first time something gets hard. If they do not want to turn in their homework because they are afraid it is not perfect. If they say “I am not ready yet” or “Can I watch first?” If they want to quit something

when they feel they do not get good enough fast enough. As they get older they typically suffer from high levels of anxiety and fear. The key at this stage is to reward “effort” and not “results.”

Action Tip: Again the first thing to do is just NOTICE. Just become much more aware of their behaviors that reinforce perfectionism. Then initially start by recognizing, praising and rewarding effort over results. Here is one of the most powerful concepts I have

learned about success—**“Do not expect to be perfect at the start...spend your time and energy being perfect at the END!”**

Did you know that when the Apollo spacecraft headed for the moon they were off course almost the entire time? They would have to change course and correct all along the way. But in the end they would land within a few hundred yards from the targeted landing spot! That would be like us throw a rock 50 yards and getting it in a small bucket! If NASA and the Astronauts were perfectionists they would have never left the ground. They only concentrated on being perfect at the end. Perfectionists rarely start anything and quit at the first sign of failure. So teach and reward your child for being a quick, strong starter and that the only thing that really counts is their success at the “end!” The best way is to model it for them.
