With a new year comes opportunity to reset and start again. Resilient people can put the past behind them and move forward. We can do this! We have so much to look forward to in this new year. We can continue to build positive relationships with our students and each other. We can embrace the effort to continue moving toward a more normal educational environment. We can enjoy our new facilities being created due to the 2020 Bond program. We can forgive the issues of the past and be better in the future. I look forward to sending more good news about what is happening in the district in my weekly newsletters. I look forward to happy students excited about being at school. I look forward to our staff breathing easier and not having to deal with the stressors that keep them from performing their jobs to the best of their ability. Most importantly, I look forward to completing a successful school year. Please join me in embracing this opportunity.

Board of Education Updates:

We are pleased to announce that the Michigan Department of Education has released the 2020-21 Proficiency Grades for Schools. The grades reflect student proficiency results on standardized tests for each building in the school district. We should all be proud of these results as 2020-21 was a difficult year for our students and staff who endured the challenges brought on by the COVID-19 pandemic. It was a tough year, yet we persevered. We wish to thank our students, staff and community for working together to create the best possible learning environment. We are better together than divided.

January 2022 Person of the Month: Tori Everett

I am currently a resource teacher at Village Elementary. I have a Bachelor of Science degree from Eastern Michigan University and my master's in early childhood development from Oakland University. This is my 4th year at Hartland. I previously taught for 23 years at Carman Ainsworth Schools.

I have lived in Hartland since 2003. My husband Mike and I raised our four daughters—Elizabeth, Andrea, Rachel, and

Natalie—in the Hartland Community. Through their school years, I was a parent volunteer at Village, and it is amazing that I am now part of the Village Staff. Sports are a huge part of our family life. Through community and school athletics we have built an amazing support system. There is no doubt that our community has come together to help support and care for our girls.

Since coming to Hartland, I have been a member of the District Leadership Team, served as a mentor, been involved with the Village School Improvement Plan Committee, Social Emotional Learning Committee and the Instructional Consultation Team Committee (co-chair). In my free time, I enjoy lake days, traveling, reading, watching sports and spending time with my family. My most recent celebration is having all of my girls home for the holidays.

I truly believe that I have met lifelong friends and built a sense of family here at Village. The daily support, smiles, and laughs make coming to work a daily VIP adventure.

I will finish my career in Hartland. I believe that HCS will allow me to grow as a teacher and provide me with memories to last a lifetime.

Hartland schools have allowed my girls to be successful after high school. The teachers and school staff, at all grade levels, have helped mold them into amazing young women who will continue to move mountains.

Adopt-A-Family Update

The Hartland Fire Department loads up gifts to deliver for Christmas.

The Optimist Club gives a special thank you to the businesses, teams, scouting groups, neighborhoods, and friend groups that adopted 72 families this year.

School Bus Safety: Running Late to the Bus

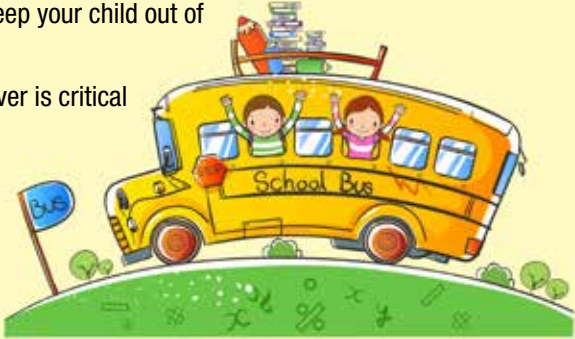

To continue to provide the safest possible transportation for your child we'd like to share the required safety protocol when running late to the bus in the morning.

It is required that you should either:

- Transport your student to school
- Call Transportation at 810-626-2175, allowing dispatch to communicate with the driver so they know where to expect your student, and get you ahead of the bus to keep your child out of the "danger zone"

Communication with the bus driver is critical in this situation.

If you would like more information, please contact Hartland Transportation at 810-626-2175.

The starting grant for the evening was \$500 thanks to the generosity of The Hartland Foundation. Splitting a matching donation of money collected at the door were the Hartland Senior Activity Center, as they look to replace a stove/oven, and the health classes at Hartland High School, as they wish to upgrade their CPR and AED simulators.

Submit a proposal before January 31st, 2022 at bit.ly/ProposalWinterfestSOUP2022. If selected, present your idea over a soup dinner, and if selected by other SOUP diners, walk away with funding. To make the feast, Legacy students worked together with their mentor and a small group. Legacy believes that mentorship is a key to the success of our student body and is a rewarding experience for all involved. Students connect with their staff member who stays with the student until graduation, and the bond the students make with each other is easily seen in one group's spontaneous break into song and dance while prepping for the meal.

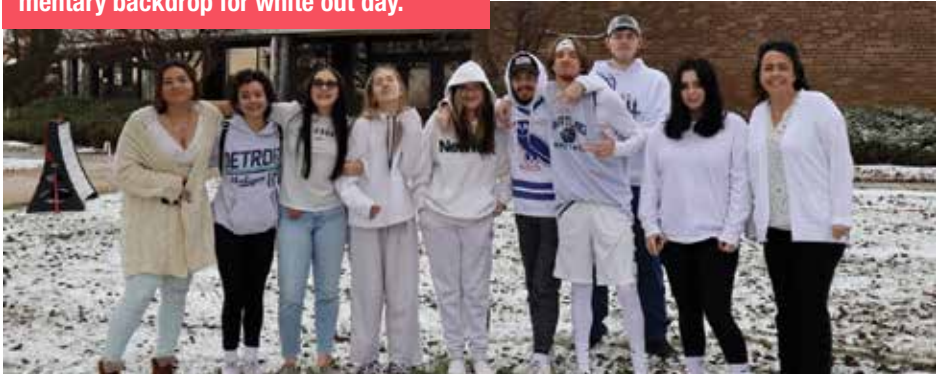

Holiday Happiness

Lots of elves helped wrap gifts for friends and family.

Holiday Spirit Week was filled with festive fun. Graduate Jordan Givens and mentor Colleen Waske pose for holiday accessory day.

The freshly fallen snow added a complimentary backdrop for white out day.

Welcome to Hartland Preschool!

During the preschool years, fine motor skills are strengthened and so important to continue to develop on a regular basis. This is why our preschoolers work on various fine motor activities every day. The Hartland Preschool teachers provide activities such as number and letter writing, cutting, gluing and so many fun crafts and activities that strengthen your little ones' muscles. Fine motor activities are perfect to work on at home as well! Parents can support this growth through things like tearing paper, gluing, beading strings, using clothespins or tongs to grab small objects and cutting paper. But one of the most popular and easiest in the classroom and at home—playdough! Our teachers work hard to provide engaging fine motor activities that will be beneficial for both growth and excitement!

Updates from the Childcare Center

Happy New Year! We hope everyone had a great Holiday break and spent time enjoying good company and relaxing at home.

November and December were busy months for us with so many fun projects, sensory activities and special things for the holidays. Some of our classes had special visitors from our 'elf on the shelf' friends! They moved throughout the classroom everyday helping us stay on the nice list!

A few of our classrooms participated in adopt a pet! They were able to pick out a stuffed animal that they wanted to adopt, give it a name, and pick out a few accessories to go with it and decorate a dog tag!

We offer before and after care.

We offer before and after care for children who attend the Round, Village, Creekside, Lakes Elementary and Farms Intermediate School. The children who attend Lakes or Farms may enroll at the School Street center or take advantage of the school age program at Lakes School. The School Street Center is open from 6 AM–6 PM. Lakes is open from 6:30 AM–6 PM. Both programs offer gym activities, arts and crafts and outside play. When you are signed up for the Before and After School Care, you also have the option of attending on the "No School" days or snow days! Our center is almost always open!

Our program is expanding, which means we are hiring! If you are interested in applying, email childcarecenter@hartlandschools.us or call 810.626.2780.

Your Hartland Estate Planning Lawyer: When Should You Make an Estate Plan?

Determining the right time to make an estate plan is a serious task. When you visit Chris at Castle Wealth group, there are some factors he will look at, such as your current family, medical, and financial situation, to see what kind of estate plan will fit you the best. Here are some of the ways these factors can impact the estate planning process:

Christopher J. Berry, Esq., CFP, CELA

1. Family Situation

Your current family situation can make a huge impact on your estate planning decisions. For example, your marital status needs to come into account when considering who you name as agents and executors on your Power of Attorney, Living Will, and Last Will and Testament. In addition, whether or not you have underage children or other relatives may affect how you plan out beneficiaries and distributions. At Castle Wealth Group, we look at your family situation and help you determine who would serve best as your agents in case of incapacitation and the most efficient way your assets can be distributed to your beneficiaries according to your wishes.

2. Medical Situation

When making your estate plan, your current medical situation must come into account. If you are facing a medical crisis at the time that will make it difficult to handle your affairs, you will want to have your documents drawn up in such a way that allows your agents to make difficult decisions as easily as possible. Make sure you discuss your medical situation with us so all of your options can be considered and the best possible decisions can be made.

3. Financial Situation

Finances always play a key role in determining how to shape your estate plan. For example, many people think estate plans are reserved only for the super rich; however, if own your own home in addition to having other financial assets, you'll want to have a responsible way to pass those things down to loved ones. You will also want to keep track of how your bank accounts are set up, especially in terms of joint ownership and beneficiary designations.

Making an estate plan is a large step for anyone, but it is important to know that you will be protected no matter what happens. If you have questions about how an estate plan will impact your current situation, please contact our office to set up a consultation with Chris today.

Join us every Wednesday at 1:00pm where we answer your questions in an informal setting.

ANXIETY

Are you starting to see signs in your child?

(This is a reprint of an article published right before Covid. I thought it might be interesting to re-read this in light of Covid and all the extra fears and anxieties we have experienced over the last two years.)

In the 15 years of running our school we are seeing more and more children with anxiety and it is heartbreaking. And I just don't mean they are a little nervous or anxious at times. No, I am talking about having such intense and constant anxiety it is debilitating. They can barely get out of the house. Many end up having to resort to medication.

While anxiety can have hereditary or medical causes I believe it is becoming more and more self-inflicted. Anxiety is characterized by a "feeling of worry or fear strong enough to interfere with one's daily activities." Anxiety is not your big fears like a fire or sharks. It is something much more sinister and destructive. It is your small fears. Most do not perceive these as fears because they are too small. I like to teach people that any time hesitate, over think something, or second guess yourself it is really a fear.

Often anxiety starts with some experience or event that scares you: like a death of a relative or pet, or maybe a fear of snakes or flying, or a car accident or illness. This causes a natural self-defense mechanism to go into effect to protect you – fear. Fear causes either the "Fight or Flight" reaction.

This reaction can be good except for one thing, our brains see all fears as the same! When you become scared by one fear you tend to become more sensitive to all your fears. Then your actions are validated by you and others. You tell yourself, "See I was right, that was scary and dangerous." You are also validated by others. For example a mother saying "Oh Billy, that was so scary, I am glad I saved you, my poor baby." Then as all your fears get bigger and your reactions stronger you spiral downward until every little thing scares or worries you.

What are the things that contribute to self-inflicted anxiety and are they worse today? I believe that are three:

1. **Pressure and expectations:** Life is tougher and harder on kids' today: school, sports, pressure from parents and from peers. Try to back off (in a balanced way). When they are young, just let them be kids for as long as you can! What ruins sports for most kids? The ride home.
2. **Overprotective parents:** All parents mean well but most do not realize protecting their kids from too much actually does the opposite. When a child always has an adult saving them from fears and protecting them they fail to develop both confidence and courage. They become fearful and weak children. You know my favorite saying, "When I back away from a fear the fear gets bigger, but when I power through a fear I get bigger!" So, never let them back away from a fear ever!
3. **A paranoid world:** One thing I often do when talking with a parent about their anxious child is ask "Does anyone else in the family struggle with anxiety?" You can probably guess the answer. It is not your fault. We are developing an overly paranoid world. Just watch the news (actually turn it off!). The world is scared of everything. We are scared of our kids being abducted. Scared of that storm of the century that happens every other week. Scared of North Korea bombing us. Scared of school shootings. Is there any wonder why we are an increasingly "scared" and paranoid society? How do you counter this? First become more aware of how scared we are and how unjustified it is. Then "de-scure" yourself first so you can de-scure your child!

Sensei**

WINTERFEST IS BACK: FEBRUARY 12, 2022

Join us from noon-dusk on February 12th for free family fun!

Ice rink? Check. Sledding Hill? Check. Concessions? Check. Fireworks? Check. A committee of volunteers has been hard at work for months planning the seventh annual FREE premier winter festival, Winterfest. This year's Winterfest will take place Saturday, Feb. 12, at and around Hartland's Heritage Park, located at 12439 Highland Road.

It's the perfect way to spend time with your family while combatting late-winter cabin fever. Any individuals, non-profit groups, or businesses interested in leading an activity, offering a performance, or sponsoring a program should contact Deputy Clerk Karen Vermillion at (810) 869-4877 or DeputyClerk@hartlandtwp.com. A big thank you to all the volunteers and generous sponsors who continue to make this family-friendly day of fun possible!

Find more details about the day on our Facebook page or at <https://www.hartlandtwp.com/community/page/winterfest-2022>
