Superintendent's Message

Janet Sifferman, Superintendent

Finally – signs of spring!

With it, though it is hard to believe, we are gearing up for the end of the 2014/2015 school year. Graduation is around the corner and our high school students are eagerly anticipating prom night in the coming weeks.

This is a time of high spirits, particularly for our high school students, and I would ask that you, as parents, stress the importance of responsibility and caution as our students enter prom and graduation party season. We have much to be thankful for in Hartland.

During these challenging and often difficult times, both in our own county and across the country, Hartland continues to keep its focus on what is important – *family, school, community*.

Person of the Month

Joann Franklin

I began working in Hartland on June 14, 1990 in the Community Education office under Steve Assenmacher. From there, I did a stint at the front desk of Central Office, then transferred to the main office of the high school. I have remained with the high school and LOVE IT! No day is ever the same, and there is always so much going on that things are never boring!

I have been married 37 1/2 years to a great guy, Lonnie. We have two children who graduated from Hartland schools – our daughter, Melissa (Class of 1999), and our son, Kyle (Class of 2005). Both have completed college and now have successful careers. During the school day, you can find me working in the main office with a wonderful group of colleagues, and many times after school you may see me working athletic events as security, in concessions, taking tickets, or overseeing the event staff.

A memorable “Hartland” event was being part of the committee offering input into the construction of the new high school 11 years ago. Seeing and hearing many of the ideas and thoughts for this building, then having it all come together, was exciting. Watching the students, staff, and the community tour the building, hearing their comments, and seeing their faces upon entering this facility was something I will not forget. Our community is blessed to have the buildings and staff that we have to help educate our students.

I am still here working because I truly enjoy my job and I work with great people. Helping either an administrator, teacher, parent, or student brings a smile to my face. I continue to learn something new and exciting everyday!

Watching a student enter the high school afraid and timid their freshmen year, then getting to see them in a cap and gown receiving their diploma four years later as a positive, confident young adult is something every team member should be proud of. Every Hartland Consolidated Schools’ family/team member (administrator, educator, support staff, bus driver, food service, etc.) helps shape the lives of our young students everyday. They are our future.

I am honored and thankful to be a part of this wonderful district and community.

Meet Your 2015 Memorial Day Parade Grand Marshals

Wanda and Alan Spicer, 2015
Memorial Day Grand Marshals

In 1967 young Alan Spicer left his hometown of Linden and bought a farm in Hartland. It had last been used as a dairy farm when he purchased it. He had always worked at his parent's apple orchard in Linden, so it was only logical that he began planting apple trees at his recently purchased farm. A year later he married his wife Wanda, also from Linden, and they made the old Victorian farmhouse at Hartland Road and Clyde Road their home.

Today that farm has grown to 300 acres, and includes a winery they opened in 2009. To explain what Alan and Wanda have done for Hartland and the surrounding area over the last 47 years would not be possible in just one short newspaper article. Wanda was a second grade teacher in the 1951 Building from 1968-1971. Alan served on the Zoning Board for Hartland Township. The Spicers have been very involved in the 4H Rangers, and to this day their son Mark drives the tractor in the Memorial Day Parade to pull the 4H float. This has been a Spicer's Orchard tradition for over 30 years.

Both Alan and Wanda were quite active in the Jaycees when Hartland had a local chapter. Spicer's Orchards has been a common field trip destination for many area schools through the years. Wanda says that between 10,000-15,000 students visit the working orchard each year. Because of the longevity of Spicer's Orchards, children and even grandchildren of the early field trips of decades past enjoy the same cider, donuts, and apples every year. The orchard, during the fall season, will employ over 50 people. Many area students have had their first "real job" experience at the orchard, and like the field trips, second and third generations are having the same experience.

The Spicers are constantly giving "behind the scenes" help in the Hartland Community. The Senior All Night Party, Relay for Life, Boys and Girls Scouts, sports teams at all levels, Special Olympics, and the Hartland Schools are just a few of the beneficiaries of their generosity.

Wanda and Alan have three children. Matthew works full time at the farm. Son Mark also works at the farm in addition to another job. Their daughter Shannon Rowe works as the bookkeeper, in addition to her job as a teacher at Ore Creek Middle School. Even some of the older grandchildren are employed at the orchard in some capacity.

Wanda and Alan refer to Hartland as "their town." Hartland is very appreciative that almost 50 years ago you made Hartland your town. In recognition of your involvement in the community for so long, **the Hartland Community Council names Alan and Wanda Spicer as Grand Marshals of the 2015 Memorial Day Parade.**

Above and Below: To celebrate Earth Day in April, Lakes Elementary invited Guy Louis to present his Environmental show to our students, courtesy of our wonderful PTO and a grant from the Michigan Humanities Council and Michigan Council for Arts & Cultural Affairs. As always, Guy entertained us with his amazing musical show, including songs about endangered animals and Native American stories and songs about the Earth. He also highlighted many of the activities that we have done at Lakes as an Evergreen School as he called up the Lakes Green Schools Club and the Fourth Grade Recycling Safeties to share.

Above: Comic Book Club on Fridays is a big hit with Mrs. Culbert's fourth grade students. Both boys and girls form groups to write their own graphic novel adventures and share with one another. Parker Ebright, Charlie Cattermole, Ayden Colon, and Riley Sack proudly display their exciting works-in-progress! Just one more strategy to get our students excited about writing and to hone their skills.

Principal for a Day

Above: Fourth grader, Natalie Holme had the winning raffle ticket at Lakes Fun Fest in February and was chosen as Principal for the Day for Friday, April 17 with Mrs. Smither. Miss Holme greeted all students at the buses in the morning with her walkie-talkie, read our morning Words of Wisdom over the PA, announced our Lakes Kids Care Heroes of the week, helped to supervise lunches in the cafeteria, on the playground, and in the classrooms, and made many important decisions throughout the day. Staff and students were very impressed with our young principal who did a fabulous job!! Congratulations, Principal Holme on a job well done!

Left: All Lakes second grade students create their own version of artist George Rodrigue's Blue Dog in art class. They create not only the painting but a story to go with it. This year, some of them shared their work with kindergarten students. Pictured here, artists Tyler Sheffer and Luke Goodman explain their work to Brady Hopson and Baylee Kotrba. Lakes art teacher, Mrs. Russano, often includes in her lessons the background and history of the artist, and has students try out their style and technique. She also frequently gives them the opportunity to write about their piece or create a story to go with it, which reaches across the curriculum, giving our students another opportunity to practice important skills.

Reading has been the name of the game at Round Elementary School. “March is Reading Month” was celebrated by students, staff, and parents in a month full of special reading activities.

On March 2 Round celebrated Dr. Suess with our annual “Suessabration”. There were numerous reading activities followed by a wonderful food celebration provided by the Round School families. On March 17 Round had a couple children’s authors (Laura and Rob Sams) visit with a 25 foot blow up shark! Sharks was our theme for “March is Reading Month” and they did not disappoint.

On March 16, the Round School staff entertained our students by performing skits from books for over 100 students and parents at Cromaine Library. Round has always had a great turnout for our “Reading at Cromaine” function. Helping students become knowledgeable, great readers is a main focus at Round.

March also featured our PTO Auction Fundraiser. It was a highly successful event that raised over \$12,000 for our students and classrooms at Round. We would also like to thank all staff, parents, and community members that make Round Elementary School and wonderful place to be!

As the end of another school year at **Hartland Preschool** is quickly coming to an end, our teachers are busy enjoying the last few weeks with their young students. Looking back over the past few months, the accomplishments of these young minds and the things they have learned this past year are a source of pride for not only our young students and their teachers, but their families as well.

Here are just a few highlights of some of the great things happening in our classrooms this year:

In the classroom of **Laura DeRosier and Tracie Waldron**, to help celebrate "March is Reading Month," the children tracked their reading progress with tickets hanging around their classroom. By the end of the month, the children had completed more than 3,900 minutes of reading for the month of March and were treated to a traditional Pancake Breakfast!

Above: Hartland Preschool Mon-Wed AM DeRosier/Waldron class.

Above: Hartland Preschool Mon-Wed PM DeRosier/Waldron class.

Above: Hartland Preschool Tues-Thurs PM DeRosier/Waldron class.

In total, all four classes combined read more than 11,400 minutes for the month of March! Great job to all our Hartland Consolidated Schools Preschoolers!

In **Sue Pederson and Tara Yoerg's** classroom, students are hard at work learning their letters using the popular teaching program, ***Handwriting Without Tears***.

As in all the Hartland classrooms, students are learning new letters each week through patterns, repetition and fun practice techniques!

In **Dawn Lubeski and Laura Messner's** class, students spent part of their days learning through play! With projects that included building with play-doh, creating stories using the foam picture board and science lessons involving Humpty Dumpty and eggs, Hartland preschoolers explored the world around them, expanding their world while having fun and learning!

Is It Time for Mom and Dad to Move?

As we get older our parents become more frail and aren't safe at home alone. It's a difficult time for them too. They must come to terms with the fact that they are no longer able to live independently at home and maintaining the home has become a huge undertaking.

These changes can frustrate the adult children who are worried about their parents or another elderly relative's safety and well-being. The adult children begin to provide more assistance and spend more time trying to take care of their parent's issues. These working caregivers have higher rates of unexpected absenteeism, workday interruptions, supervision cost, and unpaid leave.

According to an extensive study by Metlife, reported in 2011, the cost impact of care giving on the female caregiver in terms of lost wages and Social Security benefits equals \$324,044. Not to mention that these caregivers also report poor health. Whatever plans established for eldercare can quickly unravel with a change in health status or unexpected absence of a paid caregiver.

10 Tips for Caregivers on How to Approach this Topic with your Mom or Dad:

- 1. Assess your parents' needs.** Can they maintain their home? Are they eating regular, nutritional meals? Are they active or stay home and watch TV all day? Are they safe to drive? Do they pay their own bills?
- 2. Discuss options.** The earlier you start discussing what your parent's want the easier it is to transition them when needed. Talk about what they would like to have in their new lifestyle such as activities, restaurant-style meals, amenities, etc. Once you know what they want then when the time comes you are prepared to move them quickly and they'll be more accepting of the change.
- 3. If a crisis occurs---move quickly.** If your parent gets sick and ends up in the hospital use the situation to help them see that it is time for a change.
- 4. Don't give up.** Keep talking about the future and what they want. This will help them think about the

future and any objections they have. Most of their concerns will be about change. Change is scary. They may be afraid of losing their independence, losing their memories, or even think that their friends and family will forget about them and not visit.

5. Discuss your own feelings and concerns about their aging your limitations. Respect the fact that they have their own opinion and they are scared. Be open about what help you can provide and what help you cannot. Be understanding but firm when presenting your concerns. Talk to them as adults—they are not your children.

6. Start touring senior communities early. Tour communities at the level your parents are at. Reduce the search to two that you thin fit their personalities and then take your parents on tour. They will be less resistant if they see what's out there. Take them to lunch at the senior community and maybe participate in some of their activities.

7. Have them try a respite stay. A respite stay is a short-term stay to see if they'd like the community. Some communities have a minimum

of one week stay and others have a three month minimum. "Try it to see if you like it" and typically the unknown becomes familiar and they are more apt to move.

8. Moving is easy when you have help. Let them know you can help with the move. Moving is overwhelming and if there isn't anyone to help the move won't happen. Senior move managers can help with the transition from start to finish.

9. Free referral services help seniors, their family and professionals find senior housing, care and support services. Senior Care consultants work closely with the family to determine the best senior housing options based on the person(s) being helped. This saves hundreds of hours and a lot of stress.

10. No one likes being told what to do. Even if your parent has cognitive disabilities they should be part of the process.

Club & Organization NEWS

The Hartland Audubon Club will meet on **Tuesday, May 5 at 7:15.** After a short meeting we will have an interesting and informative presentation by Hartland Audubon's own Carol and Carlton Davis sharing their trip to Australia and New Zealand.

Carol and Carlton Davis will give us an overview of their fascinating trip "down under." While in Australia they stayed in Melbourne for 10 days and went to a nature preserve where they took photos of Koalas and Kangaroos.

New Zealand consists of two islands, North Island and South Island. Carol and Carlton took a 14-day trip around the perimeter of the islands and stopped in 7 different areas and cities. They found that New Zealand is a land of many birds, yet no wild mammals! They were struck by the beauty of the stunning cliffs and waterfalls which plunged into the sea.

Bring news of any recent bird sightings or other nature happenings to share. We encourage new members in our active, friendly group. We have a fantastically devoted President, and have wonderful field trips that are announced at each meeting.

Check out Hartland Audubon on hartlandaudubon.weebly.com. For more information contact Birder_John@hotmail.com or call 517 546-2610.

Ever wonder what to do with your old glasses? Take them to any of the Local Eye Doctors and drop them in the box and the **Hartland Lions Club** will pick them up! We then send them to be recycled or used overseas by people that need them.

The **Hartland Lions Club** is a club that works on providing glasses and hearing aids to the Hartland community and surrounding areas. The group meets on the third Thursday of every month at **Biggy Coffee** at 6:30 pm in the Community Room. Feel free to stop by to see us and we can explain more about what the Lions Club is all about.

We would welcome new members at anytime! Any questions call Kurt Stromlund 810.923.4252. Also feel free to check out the club's website: www.Hartlandlionsclub.org

**Serving the Hartland Community
for 20 years...**

In addition to providing family vision care, Dr. Doud has been diagnosing and treating vision problems that interfere with reading and learning for more than 11 years. Dr. Doud has treated hundreds of patients from the Hartland and surrounding communities from all over South East Michigan.

"It is very rewarding to see children excel who previously struggled because of underlying vision problems," shares Dr. Doud. Most people don't realize that seeing 20/20 is just one of 17 visual skills required for academic success. All 20/20 means is that you can see the size of letter you are supposed to see from 20 feet. If your child continues to struggle with reading despite all best attempts to help, a vision problem could be at the root of his or her difficulties.

Homework Battles and Reading Difficulties Resolved— Thanks to Vision Therapy!

"Ever since Vittoria started kindergarten I noticed that she seemed to be struggling with things that my other 5 children had been able to master easily. School seemed to be a challenge for her. She was wonderful at math and oral memorization, but her reading comprehension levels were a huge struggle and her ability to retain her phonetic knowledge was nonexistent. I thought that it might be vision related, as in she needed glasses. After a visit to the U of M Pediatric Ophthalmology department, all the results came back negative.

At a complete loss, I turned to some of my close friends through a post on Facebook. One of them recommended that I contact Dr. Doud at Hartland Eye Care.

Vittoria was diagnosed with Convergence Insufficiency. We started Vittoria in vision therapy. In school, I saw her begin to advance and succeed. She is less "flighty" and more focused when she has conversations with others and is able, now, to maintain eye contact with the person with whom she is speaking. Vittoria loves arts-and-crafts of all sorts; and now her creations are displayed with pride. Best of all, Vittoria is well aware of the difference that Vision Therapy has made in her life. Vittoria reads for pleasure now. She is more confident, more determined to succeed in things that she does, and actually has an even happier and glowing outlook at life.

Looking back, I find it difficult to believe that the same little girl that looks at me with such pride in her eyes after she reads an entire page without any help is the same child that struggled to finish a single sentence. I am incredibly happy with how far she has advanced; I know that it would have continued to be a struggle for the both of us if we hadn't stumbled upon the Hartland Eye Care and Visual Learning Center."
