**Chuck Hughes, Superintendent**

 @hartlandschools

School is back in session and off to a wonderful start. Currently, the district has 57 more students enrolled than in the Spring of 2022 which is a healthy sign. Over the summer we hired 24 new teachers and many support staff. We are still in need of bus drivers and other staff. If you, or someone you know are interested in working within the school district,

please check out our employment website at: <https://www.hartlandschools.us/Departments/Human-Resources/Job-Openings/index.html>.

We are excited to announce that our Robotics Center is finished and ready for students and coaches to begin building their robots and learning many valuable technology and collaboration skills. The Auxiliary Field is hosting events and will be a wonderful long-term athletic and community recreation facility for the community. If you park at the middle school, you can walk the path from there all the way to Settlers Park on Clark Road. Through a partnership with Hartland Township, you will notice the new sidewalk installed in front of the high school. This was the key component to connecting these two facilities.

Another partnership that has developed between the Livingston County Sheriff Office, Hartland Township, Hartland Schools and Charyl Stockwell Academy is the presence of law enforcement in the township. This partnership makes it feasible for all parties to provide year-round daily patrols in Hartland Township. This is greatly appreciated by the school district. Law enforcement presence and quick response time are essential.

I am proud of this community's support of the school district and the educational opportunities that are provided to students. Caring for each student and thriving to build positive relationships is vital to our success and that of the community. Thank you for this support and your trust in the work we are doing.

## September 2022 Person of the Month: Mary Rechul

I am a proud graduate of St. Clair County Community College with an Account Clerk-Typist associate degree. As computers advanced, I worked on cutting edge graphics technology being a beta tester for Apple Computers. I have training and was certified in all Microsoft products.

I have been working for Hartland Schools for 16 years. I started at Village as a lunch/recess para when my youngest daughter was old enough to go to school and I could go back to work. From there I was able to move to the middle school as a secretary. When the position of accounts payable coordinator became available, I took the opportunity to move to Central office where I am currently.

As a known Spartan fan, I secretly bleed Hartland blue and gold. I moved to Hartland from Waterford in 2000 so our children could grow up in a rural district. Since then we have participated in everything the district has to offer. All our children were involved in 4H. Anthony played hockey for Hartland Prep; Teresa played tennis, lacrosse, competed in cheerleading and DECA; and Gina was in pom and president of Hartland Women in Technology. Besides my children's involvement, I have been the sports coordinator for the past two years.

My most memorable HCS moment was when I was named Hartland Support Person of the Year in 2014 and was in the Memorial Day parade. Waving in my best Queen Elizabeth wave and saying hello to all my friends in the crowd was so much fun.

I am here because of the challenges I get to take on. The longer I am here, the more I am able to take on. From being a lunch and recess para, to now running all of Hartland sporting events and paying the bills of the district, I have been able to take all the experiences I have accrued to help the district.

Hartland is all that I had hoped it would be when we moved here 22 years ago. When we moved to Hartland, we wanted a place where we would know people when we went to the store, or when we went to hockey games. We also wanted to go to a school district where our children would get the foundations to become successful independent people. Hartland has been the foundation that has launched Anthony to be a national sales director in Sarasota, our daughter Teresa to be a manager for Gucci in New Zealand and our daughter Gina to graduate with a BFA in commercial dance and live in Los Angeles. And, as I had wanted, I can hardly go to the store or go out to dinner without bumping into someone I knew when they were at the middle school.

## Hartland Consolidated Schools believes in...

**Reason:** ... the power of our mind to seek to understand and think logically. By developing reasoning skills, our students and staff are better able to think critically in both the academic and social environments in which they find themselves. We support a well-rounded educational experience.

**Respect:** ... respecting the abilities, qualities, achievements, differences and similarities of all, including ourselves. HCS provides the best possible educational experience for students by eliminating barriers in our policies, practices and procedures that may limit the opportunity for full participation in all that we offer. Hartland Schools strives to be a safe and welcoming place for all students. We will not accept discrimination or harassment in any form. We will not direct or compel students to personally confirm that any person or group is superior or inferior based on sex (including sexual orientation or transgender identity), disability, age, height, weight, English speaking status, race, class, ethnicity, religion, color, national origin or ancestry. We are ALL Hartland Eagles!

**Responsibility:** ... students, staff and parents taking responsibility for their own actions and behaviors. We expect that everyone extends that responsibility to working with individuals, groups, community members and others. This collective responsibility supports Hartland Schools' effort toward cultivating a positive culture where we learn and grow together. Engaging in rational discussions that promote community is important to the development of each person. Being responsible means demonstrating accountability for our own actions and representing our school district in a positive manner, without exception.

## Welcome Back from Hartland Transportation!

The 2022/2023 school year is quickly approaching, and we are looking forward to another great year! As always, we strive to make your child's bus ride a positive part of their educational experience. Here are a few important informational points for review:

- Your student must be waiting at the bus stop 5 minutes prior to the scheduled arrival of the bus. Once the alternating lights of the bus are deactivated, the bus driver cannot legally reactivate them and it is then the parent's responsibility to transport their student to school.
- Students and Parents should never try to catch the bus once the lights have been canceled. Please do not go to another bus stop without contacting the Transportation Office; the bus driver must be notified.
- If possible, your house number should be visible from the traveled roadway; mailbox numbers are acceptable but should be large enough and clearly visible on both sides.
- The expected behavior of the student rider is found in the Parent-Student Handbook. We encourage parents to review these responsibilities with their children to ensure their privilege of riding is not lost. The handbook can be found by going to the district website at [www.hartlandschools.us](http://www.hartlandschools.us), then clicking on Parents & Students, and then Handbooks.
- Your student's bus may be delayed when dropping students off the first week of school. Please be patient while the students are learning to find their assigned bus and the drivers are teaching the bus expectations.
- Postcards were mailed home a week before school starts with your student's bus information. The computerized postcard will only list one stop address but your student should **wait on the same side of the road they reside on until the bus is in place** with red lights activated and the bus driver crosses them.
- **Students should never cross the road prior to the arrival of the bus.**

If you have any questions or concerns we would be happy to talk with you.

Welcome new staff! We are fortunate to have some outstanding new faces around the building. Luke Moore (School Counselor), Lisa Bergkoetter (Social Worker) Natalie Herman (English/Language Arts teacher), Reyna Luplow (English/Language Arts teacher) and Tammie Whitmore (security).

Members of Hartland High School's National Honor Society participated in the United Way's Day of Caring. The students weeded and harvested vegetables from the Jim Sparks Community Garden in Fenton. All produce goes to the Hartland Senior Center.

All high school classrooms have new interactive flat board technology! Teachers attended training before the school year began to begin learning about these new interactive boards and how to use them to enhance instruction.

Freshman orientation was held on August 8th. Our incoming Freshmen enjoyed meeting classmates, principals, class sponsors and many more. They also enjoyed some fun activities, toured the building and took their school pictures. The high school staff is looking forward to working with the freshman class and their families this year.

The Marching Eagles held their annual band camp just north of Oscoda, at YMCA Camp Nissokone, along the shores of Lake Huron, the first week of August. Roughly 200 band members and color guard attended the week where the group focused on student leadership, student ownership and working together towards a common goal. Under the guidance of Brad Laibly, Joe Guarr, Allison Laibly and Laura Moore, the band was also fortunate to work with specialists for the week that worked with each section on their

music and marching. In addition to working on their first show of the season, the band members participated in fun activities.

Upon returning, the Marching Eagles treated us to a "sneak peek" of an upcoming football game halftime show. They showcased work from summer rehearsals and camp. Be sure to get out to a game this fall to check out this awesome group of performers!

# Estate Planning Lessons from Disney's Encanto

In the early part of 2022, many young families spent a lot of time watching Disney's award-winning animated film Encanto. Repeatedly. While the movie is obviously a great source of entertainment for kids, estate planning attorneys have also noticed that it contains a lot of valuable lessons that can help people prepare for their family's future.

Christopher J. Berry, Esq., CFP, CELA

## **Treat Each Beneficiary as a Unique Individual:**

One of the incredible phenomena to emerge from the release of Encanto was the fact that "We Don't Talk about Bruno," a song from its soundtrack, made it to number one on the Billboard Hot 200 chart. In the film, Bruno is the "black sheep" of the Madrigal family. Abuela, the family's matriarch, is reluctant to include Bruno or Mirabel in the family's activities because they behaved in a way that she did not approve of.

Like the Madrigal family, your family may also have its own quirky characters. Tailor your estate plan to fit the unique needs of each of your beneficiaries, rather than requiring everybody to achieve the same things in order to qualify for their inheritance. Trusting individuals to carve out their own paths is often far more fulfilling than attempting to get them to fit your own expectations.

## **Think in Multigenerational Terms:**

Abuela shows as much care and concern for her grandchildren as for her own children when it comes to obtaining and fostering the gifts that they can claim. You may also want to think about options that benefit your grandkids too. This can include: Family trusts; Family "banks" and 529 college savings plans

## **Be Careful about Putting Too Much Pressure on One Person:**

Luisa is the sibling with the most physical strength. Metaphorically, she represents the "strong" child in the family who habitually takes on the greatest proportion of family responsibility. Yet, with that responsibility often comes a lot of stress.

It might seem like a no-brainer to name them as the trustee, agent under a power of attorney, or even the executor of your will. However, try to be conscious of the possibility that doing this might put on enough pressure that your strong family member will, as Luisa sings, "tip, tip, tip till you just go pop." Instead of overburdening one individual, consider distributing responsibilities among multiple willing parties.

**Speak with Christopher Berry at Castle Wealth Group today:** You may come away from watching Encanto feeling both entertained and inspired about the legacy you want to leave for your children and grandchildren. If so, contact us at Castle Wealth Group, estate planning attorneys who can help make you aware of the various options for making your plan as sound as possible. To get started with the process, contact our office at 844-885-4200 to schedule a consultation.

## Meet the HERO staff!

**Judge Blackwood** has been with the teen center for over a year. He enjoys working with the teens and his easy-going personality makes him easy to talk to. His many years of experience, being one of the oldest in a large extended family, have helped him to shine in this environment. Much like the rest of the staff, Judge prefers to work with teens so that he can make a difference. When asked to consider his diverse job experiences, working at the center remained his favorite job.

**Dalia Martinez** has been with the teen center for five years. As a parent of teens who formerly attended the teen center, she is a natural fit and has much to offer. Each year she looks forward to meeting the new teens. She loves to cook and care for them as if they were her own. Her motherly instinct and charm give a welcoming glow to the program. Dalia has experience working in a daycare setting. She is also a highly skilled beautician, and holds certification in cosmetology.

**Danny Livingway** has been with the teen center since 2018. He has an eclectic understanding of Dungeons and Dragons and Magic the Gathering. These games have a way of including even the most introverted student. Over the years he has built a bond with them, much like an older brother. They love to challenge him at games, even though they rarely win. Danny is technologically savvy and has been able to teach the rest of the staff, and the teens, how to make the most of the technology available at the center. Danny has also been working for "Reaching Higher" and is working on a Bachelor's degree in Political Science.
