Recent BOE Meeting and Parent Perception Survey

I took the time to review the 2021-22 Parent Perception Survey (see link below) with the community on Monday evening. You will see that 91% of our parents assigned the district schools a grade of A or B. Thank you to all the parents who opted to provide us feedback. Each school will analyze their building data and work to address areas they feel can be strengthened. The district will work to support these efforts.

Thank you, Hartland students, parents, community members, dedicated Board of Education members and most importantly staff who work tirelessly to ensure that every child can thrive in our school district, without exception.

New Board of Education Member Selected

The Hartland Board of Education selected Mrs. Meghan Glabach as a new Board of Education member on Monday, February 14, 2022 to replace Mrs. Cyndi Kenrick who resigned after 10 years of service as a trustee and Vice President. Meghan is a parent of young students in the district and has been active as a Village Elementary PTO President, Hartland Optimist Club President, and for the past couple of years the Adopt-a-Family Program Chair where this past year the community supported 74 families and over 200 children during the holiday season. Mrs. Glabach is a registered nurse, and currently a Senior Director of Medical Specialties for the McLaren Medical Group. She will add expertise in strategic planning and execution along with program development, facility management, and organizational management to the team. Please welcome Mrs. Glabach as you see her interacting around the community.

School Forgiveness Days

The Michigan Department of Education provides up to six (6) forgiveness days due to unforeseen concerns such as poor weather, power failures, etc. If the district uses more than six days, we are required to make them up before ending the school year. In the event that we need make-up days I will communicate with you.
