## ***Hartland Consolidated Schools***

### ***Reason, Respect, Responsibility***

**Hartland Consolidated Schools believes in...**

**Reason:** ... the power of our mind to seek to understand and think logically. By developing reasoning skills, our students and staff are better able to think critically in both the academic and social environments in which they find themselves. We support a well-rounded educational experience.

**Respect:** ...respecting the abilities, qualities, achievements, differences and similarities of all, including ourselves. HCS provides the best possible educational experience for students by eliminating barriers in our policies, practices and procedures that may limit the opportunity for full participation in all that we offer. Hartland Schools strives to be a safe and welcoming place for all students. We will not accept discrimination or harassment in any form. We will not direct or compel students to personally confirm that any person or group is superior or inferior based on sex (including sexual orientation or transgender identity), disability, age, height, weight, English speaking status, race, class, ethnicity, religion, color, national origin or ancestry. We are **ALL** Hartland Eagles!

**Responsibility:** ... students, staff and parents taking responsibility for their own actions and behaviors. We expect that everyone extends that responsibility to working with individuals, groups, community members and others. This collective responsibility supports Hartland Schools' effort toward cultivating a positive culture where we learn and grow together. Engaging in rational discussions that promote community is important to the development of each person. Being responsible means demonstrating accountability for our own actions and representing our school district in a positive manner, without exception.

The school  
clearly  
teaches
