Chronic Absenteeism

One of the key factors to student success is good attendance at school. The district is monitored for chronic absenteeism with an expectation that intervention is a focus of the school district. Thank you, parents and staff, for working with us to ensure children are in school regularly. At the semester break, we are looking good regarding this endeavor.

Hartland Music Hall Organ Fundraiser

The Hartland Consolidated Schools Foundation owns and rents the Music Hall to the Cromaie Library. This past year the HCS Foundation invested in the cleaning of the pipe organ. The Cromaie Library is holding a fundraiser on March 22, 2024, from 7:00 – 8:30 pm, a pipe organ performance by Rick Helderop. Tickets can be purchased at the Cromaie Library for this performance. This should be a spectacular performance. Please share this information with friends, neighbors, and family members.

Student Perception Survey for 6-12 Students

Between February 19 and March 8, 2024 students in grades 7-12 will be asked to complete the MI Student Voice Perception Survey. This is an anonymous survey and no student will be identified. This survey will take about 10 minutes to complete. The intent is to collect information on how students feel about their school experience which includes sections on Belonging, Student Engagement and Social Emotional Learning. This survey was presented to the Administrative Personnel Committee in the fall. The district will receive the data comparing our district to those districts in Michigan who participate in the survey, free of charge. Below you will find an Opt-Out Form if you do not wish for your child to participate. Parents who would like to review the questions on the survey may visit the school office to view this information starting on February 15, 2024. This information will be used to guide our continued effort to ensure the school environment addresses the needs of all students.

Return this form if you wish to opt-out of having your child take this survey.

Esports Workshop:

Four High School esports players spent their first day of mid-winter break mentoring several of the district's 4th-8th graders.

- Griffen Applebee (Appledunn) - 12th Grade
- Brandon Sommers (Branter) - 10th Grade
- Bronson West (DeviousGámer) - 9th Grade
- Frederick Nikitin (Fred_Like_Meme) - 9th Grade

They started the day going over what high school esports is all about, and how it differs from playing video games at home (Teamwork, Sportsmanship, etc.). They then broke into groups with the high school players teaching breakout sessions, diving deeper into the games of Rocket League and Super Smash Brothers. The students finished the day off with a Super Smash Brothers tournament where attendees had the chance to show off their skills. The event was very successful, and the students and esports players had a blast.

Respectfully,

Chuck Hughes
