Assistant Superintendent of Personnel and Student Services

I am excited to announce that Mrs. Kate Gregory has been promoted to Assistant Superintendent of Personnel and Student Services. Mrs. Gregory began her educational career teaching mathematics at Hartland High School. She had an interest in administration which led her to apply for and selected as Dean of Students at Hartland High School and was quickly promoted to Assistant Principal. She was then named High School Principal in 2017. In 2023, she was promoted to Director of Student Services and now Assistant Superintendent. Mrs. Gregory grew up in and graduated from Hartland Schools before attending Western Michigan University. We are excited to know that she is one of our own.

Creekside Elementary Principal, Mrs. Misty Gunn

I am pleased to announce Mrs. Misty Gunn as the new Principal at Creekside Elementary. She is a graduate of Schoolcraft College, Western Michigan University, the University of North Carolina at Greensboro, and Oakland University where she earned her Educational Specialist degree. Mrs. Gunn has many years of educational experience. She started her teaching career in Greensboro, North Carolina before being promoted to a Curriculum Facilitator position in High Point, NC. Eventually, she found her way back home to Michigan where she was a lead teacher in Pontiac and assistant principal in the Redford Union School District. Most recently, she was the Grades 3-5 Principal at George Long Elementary School in Grass Lake, Michigan. The hiring committee focused on Mrs. Gunn's instructional intervention background and was pleased to receive so many positive references from a board member, superintendent, and teachers that she has worked with. We are excited to have her on our team!

Applications are Live for the Leadership Livingston Relaunch - Cohort 1

Livingston County Chamber Alliance is refreshing a leadership program for business owners, local leaders, and emerging leaders in the Livingston County Region, for the first time since the COVID-19 Pandemic.

Applications are now open, and a limited number of applicants will be selected to participate in the initial leadership cohort. Applications are due by **June 30th** and are located on each Chambers Website (see below).

If accepted into the program, participants will attend sessions once a month where they will learn and develop unique leadership skills from each other, community leaders, and the program facilitator, Caryn Bedford. Feature community highlights include state capitol tours and hearing from local industries and business leaders in Greater Livingston. Sessions will cover various topics like diversity, natural resources, and education. Participants will evaluate their leadership style through assessments and other tools and concepts taught by Bedford.

The program was initially launched in 1992 by Cleary University and the Brighton and Howell Chambers of Commerce based on successful leadership development models from across the country. The Howell, Brighton, and Hartland Chambers of Commerce came together in 2021 to create the Livingston County Chamber Alliance to promote unity and collaboration by expanding outreach of the Greater Livingston Community.
