US 23 Construction Slowing Down Busing

The district has been in contact with the Road Commission regarding the work being done on Old 23, since the delays are causing our pick-up and drop-off times to be inaccurate. We were told that they are hoping to wrap up top coating next week. Please be patient with us as we seek to get things straightened out.

I want to remind everyone that transportation concerns are taking longer to evaluate since all of our dispatchers and the Transportation Supervisor are driving buses in the morning and afternoon. Unfortunately, there is only so much time in the day. Please understand that evaluating a concern does not necessarily mean that we can accommodate changes. I ask that you plan on utilizing the pick-up and drop-off locations as assigned.

RAPTOR Check-in System

This is a reminder that when visiting our buildings, you must present a State of Michigan issued ID or drivers license. The system checks the United States sex offender registry. Thank you for working with us to keep our students safe.
